6. The Registrar laid before the Syndicate the opinions of the Presidents of the Boards of Studies in Sanskrit and Sanskrit Languages and Mental and Moral Science respectively, on the Thesis on the Philosophy of the Vedanta submitted by Babu Priyanath Sen, M.A., Premchand Roychand Student for 1899.

"I am of opinion that in his Thesis on the Philosophy of the Vedanta, Babu Priyanath Sen, M. A., Premchand Roychand Student in 1899, has satisfied the requirements laid down in para. 3 of the Rules for the Premchand Roychand Studentships passed by the Senate.

(Sd.) MAHESACHANDRA NYAYRATNA.

President of the Board of Studies in Sanskrit and Sanskrit Languages."

"I have gone over Babu Priyanath Sen's Thesis on the 'Philosophy of the Vedanta.' It bears ample evidence of such 'special investigation' as is required for the extension of a studentship. It is, in particular, a thoughtful contribution to Vedantic Apologetics.

(Sd.) K. C. BANURJI,

President of the Board of Studies in Mental and Moral Science."

ORDERED—

That Babu Priyanath Sen's Studentship be extended for a further period of three years.

6. Babu Surendranath Ray, M.A., B.L.	Ditto.
7. Babu Ramchandra Majumdar, M.A., B.L.	Ditto.

ORDERED—

That the applications, together with the Synopses and the Introductory Lectures tendered by the applicants, be laid before the Faculty of Law.

8. Read a letter from Babu Hirendranath Datta M.A., B.L., Attorney-at-Law, stating in reply to this office letter No. 1349, dated the 17th April, 1903, that his clients are glad that a Committee has been appointed to draw up a new scheme for the Sreegopal Basu Mallik Fellowship, but that pending the adoption of a new scheme they do not see their way to consent to a Fellow being appointed for one year under the old scheme.

ORDERED—

To be recorded.

9. Read a letter from the Director of Public Instruction, Bengal, forwarding copy of a report from the Inspector of Schools, Rajshahi Division, on the subject of the recognition of the Edward Seminary at Boalia, from which it appears that the School, in its present condition is quite unworthy of recognition; also stating that if a personal visit by the Director of Public Instruction is desired, he will take the earliest opportunity of visiting the school on his return to India from leave, or a request to visit the school may be made to Mr. Slater after he assumes charge of his duties as acting Director of Public Instruction.

ORDERED—

That the subject stand over until Mr. Pedler returns to India.

10. Read a letter from the Inspector of Schools, Burdwan Division, forwarding with his recommendation an application for the recognition of the Belilios Institution, Bantra, in the District of Howrah.

ORDERED—

That the Belilios Institution, Bantra, in the District of Howrah, be recognised as a High School.

12. Read a letter from the Inspector of Schools, Dacca Division, forwarding with his recommendation an

application for the recognition of the Solaghar H. E. School in the District of Dacca.

ORDERED—

That the applicant's attention be drawn to the fact that the application is defective in as much as it does not contain the scale of fees to be charged.

13. Read an endorsement from the Inspector of Schools, Dacca Division, forwarding a copy of a report from the Asst. Inspector of Schools, regarding the proposed recognition of a High School at Brahmangao and recommending that the Institution may be recognised as a High School.

ORDERED—

That the Brahmangao H. E. School in the District of Dacca be recognised as a High School.

14. Read a letter from Rev. A. Neville taking exception to the recognition of the Edward Institution at Mymensing and requesting that, under the circumstances set forth in his letter and enclosures, the Syndicate will be pleased to reconsider the question of the recognition of the School.

ORDERED—

That a copy of Mr. Neville's letter^{ses and} be sent to the Inspector of Schools, Dacca Division.

15. Read a letter from the Director of Public Instruction, Assam, recommending that Assamese and Khasi be included in the list of second languages prescribed for the Entrance Examination.

ORDERED—

That the Director of Public Instruction, Assam, be informed that Assamese and Khasi have already been included in the list of second languages prescribed for the Entrance Examination.

16. Read an endorsement from the Principal, City College, Calcutta, forwarding an application from Jiwanlal Jhawerchand Modi, praying that he may be permitted to take up Gujrathi as his second language at the Entrance Examination of 1904.

ORDERED—

That the application be granted.

ORDERED FURTHER—

That Gujrathi be added to the list of languages in one of which, besides English, (Calendar for 1903, pp. 26-27), every candidate at the Entrance Examination is required to be examined.

17. Read a letter from W. Tate, ESQ., F.C.S., A.R.C.S., forwarding an answer paper in Chemistry submitted by an F. A. candidate, named Debendranath Chaudhuri (Cal. 1102), containing abusive remarks against the Head Examiner.

ORDERED—

That the candidate be debarred from the F. A. Examination in 1904, and that his case be notified to all the Colleges.

ORDERED ALSO—

That a circular be issued to the Heads of Colleges, calling attention to the practice and inviting their co-operation in suppressing it.

18. Read an application from Dinabandhu Bhattacharyya, an unsuccessful candidate at the B.A. Examination in 1902, who has been serving as acting Head Pandit of a M. E. School at Dacca, praying that he may be permitted to appear at the next B. A. Examination as a teacher.

ORDERED—

That the applicant be asked to state the subject or subjects he teaches.

16. Read a letter from S. Vijayaraghavachari, B.A., (Madras) stating with reference to this office letter No. 1325, dated the 15th April last, that he has passed the B. A. degree Examination of the Madras University in all the subjects prescribed for the Examination and requesting that his prayer for admission to the M. A. Examination of this University may be granted.

ORDERED—

That the applicant be permitted to appear at the M.A. Examination of this University.

ORDERED—

That the application be refused.

ORDERED FURTHER—

That the applicant be informed that he may be permitted to appear at the Honours-in-Law Examination of this University.

21. Read a letter from the Principal, Calcutta Madrasa, recommending that the statement of age entered in the application of Ahmad, for admission to the recent Entrance Examination, may be changed from 16 years and 6 months to 14 years and 9 months and enclosing an affidavit made before a Magistrate by the uncle and guardian of the candidate in support of his recommendation.

ORDERED—

That the Principal, Calcutta Madrasa, be informed that his recommendation cannot be accepted.

22. Read an application from Asutosh Ghosh, praying that the mistake made by him in stating his age in the application for admission to the recent Entrance Examination may be corrected in the records of the University.

ORDERED—

That the application be refused.

23. Read a letter from the Assistant Secretary to the Government of India in the Home Department, requesting that the Librarian to the Imperial Library may be supplied with all future issues of the Tagore Law Lectures and the Calcutta University Minutes.

ORDERED—

That the Librarian to the Imperial Library be supplied with all future issues of the Tagore Law Lectures, but not with the Calcutta University Minutes.

24. Read the following letter from the Under-Secretary to the Government of Bengal requesting that necessary steps may be taken by the Senate for recommending a person for nomination by His Honour the Lieutenant-Governor of Bengal to his Council in the place of the Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E whose term of office expires on the 5th August,

1903 :—

No. 528.

APPOINTMENT DEPARTMENT.

FROM

A. P. MUDDIMAN, Esq.,

Offg. Under-Secretary to the Government of Bengal,

TO

THE REGISTRAR OF THE CALCUTTA UNIVERSITY.

Dated Darjeeling, the 6th May, 1903.

SIR,

By Rule II (F) of the Regulations which have been framed by the Governor-General in Council, with the sanction of the Secretary of State, under section I (4) of the Indian Councils Act, 1892, for Bengal, it is laid down that a nomination to one seat on the Bengal Council shall be made by the Lieutenant-Governor on the recommendation of the Senate of the University of Calcutta; and in accordance with the provisions of Rule IV of the same Regulations, I am now directed to request that, with the permission of the Hon'ble the Vice-Chancellor and the Syndicate, the necessary steps may be taken by the Senate of the University for recommending a person for nomination by the Lieutenant-Governor to his Council in the place of the Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F. R. A. S., F. R. S. E., whose term of office expires on the 5th August, 1903.

2. Rule V of the Regulations provides that, in the case of the Senate of the University, the recommendation shall be made by a majority of the votes of the Senate, and I am to suggest that it would probably be the most convenient course to adopt a procedure for taking the votes of the members of the Senate similar to that which has been followed by the University for taking the votes of Masters of Arts and other graduates for nomination of Fellows.

3. The date fixed for taking the votes should, with reference to Rule VII of the Regulations, be fixed so as to admit of the recommendation of the Senate being transmitted to the Lieutenant-Governor within a period of three months from the date of receipt of this letter.

4. The Lieutenant-Governor considers that every candidate for Council should be nominated by a member of the Senate, and that no member should be allowed to nominate more than one candidate; also that an early date should be fixed, after which no nomination will be received. It will be observed that no restrictions are laid down in the Regulations regarding the qualifications of a candidate, and that it is left entirely open to the Senate to recommend whom they choose. I am to suggest that it would be desirable to prescribe that voting papers containing the names of all the candidates nominated should be circulated to all the members of the Senate resident in India, and that these papers should either be filled up in the presence of the Registrar at the Senate House at certain prescribed hours, or be filled up in the presence of a Magistrate, by whom the voting paper would be countersigned as a guarantee of the identity of the voters; and that all voting papers, after they have been filled up, should be lodged with the Registrar on or before a prescribed hour and date, after which none should be received.

5. It should be the duty of the Registrar, after taking the poll of the votes, to submit the result of the poll without delay to the Chief-Secretary to Government, for the information of the Lieutenant-Governor.

I have the honour to be,

SIR,

Your most obedient servant,

(Sd.) H. L. STEPHENSON,

Offg. Under-Secretary to the Government of Bengal.

ORDERED—

(1) That the Registrar be requested to follow the procedure adopted by the Syndicate on previous elections (vide Minutes 1901-1902, pp. 48-51).

(2) That Rules 15 and 17 of the Rules of Practice be modified as follows :—

"15. In case of loss, by any member, of the voting paper received by him from the Registrar, the Registrar shall have power to supply him with a fresh voting paper, which must bear the same serial number, as that previously supplied to such member, and must be marked 'Duplicate.'"

"17. The Registrar shall then take the poll of the votes from the book wherein the same shall have been recorded, and shall draw up a report, stating the result of the election, which report shall, after the same shall have been countersigned by the Hon'ble the Vice-Chancellor, be forwarded by the Registrar to the Chief-Secretary to the Government of Bengal. A copy of the Report shall, at the same time, be sent to each member of the Senate."

(3) That the following Rule be added to Rules of Practice :—

"18. If more than two candidates are nominated, and upon the poll of the votes being taken, it shall appear that no one has obtained a majority of the votes of the Senate, the name of the candidate obtaining the lowest number of votes shall be eliminated, and the names of the remaining candidates only shall be re-submitted to the voters, with an intimation of the votes obtained by them respectively, for the voters to record their votes afresh, and this process shall be repeated until a candidate obtains a majority of the votes of the Senate, the method adopted for ascertaining these subsequent votes being the same as the original voting."

25. Read an application from Jogesnath Sen, a candidate at the recent B. Sc. Examination, praying that, under the circumstances stated therein, he may be declared to have obtained 2nd class Honours in Physiology.

Read also a letter from the Examiner in Physiology with reference to the application.

ORDERED—

That the application be refused.

26. Read an application from Sureshchandra Sen, praying that, under the circumstances stated therein, he may be permitted to appear at the next B. Sc. Examination from the Medical College.

ORDERED—

That the application be refused.

27. Read an application from Jagannath Prasad, an unsuccessful candidate at the Panjab Intermediate Examination, praying that he may be permitted to appear at the F. A. Examination of this University in 1904, under conditions applicable to unsuccessful candidates for the F. A. Examination of this University.

Read a similar application from Pandit Haraprasad Dhur praying for the same concession in favour of one of his relatives.

ORDERED—

That the applications be refused.

28. Read an application from Praphullachandra Chakrabarti who has passed the B. A. Examination of the Allahabad University, praying that he may be permitted to appear at the M. A. Examination of this University.

ORDERED—

That the application be granted.

29. Read the Proceedings of the Board of Studies in Sanskrit and Sanskrit Languages, dated the 25th April, 1903.

ORDERED—

To be recorded.

RESOLVED—

(1). That in the M.A. Examination in Sanskrit, group D, for 1903 and 1904, questions on Comparative Grammar be included in the Essay Paper.

(2) That in the list of text-books for the M. A., Examination in Sanskrit, group D, for 1903 and 1904, the words "4th Brahman" in clause V, be declared to relate to Chapter I of the Vrihadaranyaka Upanishads.

30. Read a letter from A. Thomson, Esq., M.A., Professor of Mathematics, Duff College, with reference to the subject of Astronomy as included in the 1st Pass Paper in Mathematics at the B. A. Examination.

ORDERED—

That the letter be referred to the Board of Studies in Mathematics.

31. Read certain representations with reference to the L. M. S. Examinations, recently held, in Materia Medica and Hygiene.

ORDERED—

(1) That a fresh Oral and Practical Examination be held in Materia Medica, and that the answer-books in the written Examination be submitted to the President of the Faculty, and be re-examined if, in his opinion, such re-examination was necessary.

(2) That Dr. Hem Chandra Sen, M. D., be appointed to conduct the Examination.

(3) That a fresh Oral Examination be held in Hygiene by the Examiner who conducted the original Examination.

32. Read letters from the Hon. Secretaries, Bar Library and Attorneys' Association, requesting that copies of the Calendar and Minutes of the University be supplied to the Library and Association respectively.

ORDERED—

That the Syndicate regret that they cannot comply with the request.

33. The Registrar stated that he felt that he should now vacate his seat on the Syndicate, and accordingly tendered his resignation.

ORDERED—

That steps be taken to elect a Representative of the Faculty of Arts with a view to fill up the vacancy.

34. The next meeting of the Syndicate was appointed to be held on Saturday, the 4th of July next.

40. In the absence of the President, the Hon'ble Mr. Justice Saradacharan Mitra, M.A., B.L., was unanimously voted to the chair.

41. Read a letter from Babu Golapchandra Sarkar, M.A., B.L., declining to act as a member of the Committee appointed by the Faculty to consider and report on the Synopses and Introductory Lectures submitted by candidates for the Tagore Law Professorship for 1903—1904.
RESOLVED—

That Babu Krishnakamal Bhattacharyya, B.L., be appointed a member of the Committee, in the place of Babu Golapchandra Sarkar, M.A., B.L., resigned.

42. The Faculty then proceeded to consider a letter from Maulavi Muhammad Yusoo, Khan Bahadur, B.L., having reference to the appointment of A.F.M. Abdur Rahman, Esq., Khan Bahadur, as a member of the Tagore Committee above referred to.

The letter having been read at the meeting, a discussion ensued in which most of the members present took part.

The Chairman then moved—

“That the Faculty are of opinion that no action need be taken in matter.”

The Hon'ble Dr. Asutosh Mukhopadhyay, Saraswati seconded the motion.

Babu Mahendranath Ray, M.A., B.L., moved as an amendment that the following be added to the Chairman's motion :—

“That the Faculty also express their disapproval of the action taken by Maulavi Muhammad Yusoof, Khan Bahadur, B.L, in making a representation containing serious allegations against one of the members of the Committee appointed by them.”

The amendment, not being seconded, fell through.

The original motion was then carried.

64. The Registrar laid before the Syndicate the Reports from the President of the Board of Studies in Mathematics and from Dr. C. E. Cullis, respectively, on the thesis entitled "Reciprocal Polars of Conic Sections" submitted by Babu Krishnaprasad De, M.A., in connection with the Premchand Roychand Studentship awarded to him in 1900.

"I have the honour to report that I have carefully examined the thesis on Reciprocal Polars submitted by Babu Krishnaprasad De, M. A., and that in my opinion it furnishes ample evidence of research which may be accepted as a fulfilment of the conditions laid down in para 3 of the Regulations for the Premchand Roychand Studentship.

(Sd.) ASUTOSH MUKHOPADHYAY,

President of the Board of Studies in Mathematics.

"I have read the thesis on "Reciprocal Polars of Conic Sections" submitted by Babu Krishnaprasad De, M. A., in connection with the Premchand Roychand Studentship awarded to him in 1900, and herewith send a report on the same for submission to the Syndicate of the University.

1. The thesis is well designed and has produced in me a very favourable impression. It possesses much greater logical coherence and definiteness than previous essays which I have examined.

2. In it the methods of reciprocation are carried out in detail in direction which are only hinted at in the ordinary text-books.

3. The Student has omitted to state what writings have been of assistance to him and what portions of his work he claims to be original.

He would have found greater scope for originality in the newer branches of Mathematics where workers have not been so numerous.

4. The thesis appears to afford evidence that the writer has successfully and creditably followed up a definite line of research and has fulfilled the conditions laid down for continuance of the Scholarship.

(Sd.) G. E. CULLIS."

ORDERED—

That the studentship be extended for a further period of three years, on the understanding that the special investigation undertaken is continued.

That the book be referred to the Board of Studies in Mental and Moral Science.

126. The Registrar laid before the Syndicate an answer-book in Sanitary Science, given in at the Bankipur centre, which had page after page filled with obscene language of the grossest description.

The Moderators in Arts, to whom the Answer-Book had been referred under a suspicion that, though bearing a different name on the cover, it had really been written by Manindralal Banerjee of the Bhumi-har Brahman College, reported that they had investigated the matter and were satisfied that it was the production of Manindralal Banerjee.

RESOLVED—

That Manindralal Banerjee be debarred from all future Examinations of this University; that his Entrance certificate be recalled and cancelled; and that his name be removed from the records of the University.

ORDERED—

That the Resolution be published in the *Gazette*, circulated to all affiliated Colleges of this University, and transmitted to the other Universities.

127. Read a letter from Babu Lalitkumar Bose on the subject of transfer certificates from the Rajchandra College, Barisal.

ORDERED—

That the Syndicate decline to recognise Babu Lalitkumar Bose in connection with any applications made with reference to the Rajchandra College, Barisal.

128. Read an application from Satishchandra Sen, II, a candidate at the recent B. Sc. Examination, claiming that upon a proper adjustment of marks for the

Practical Examination, he should be declared to have obtained Honours in Physiology.

Read a letter from the Examiner in Physiology pointing out that even under the adjustment of marks suggested by the applicant, he would not be entitled to Honours.

ORDERED—

That the application be refused.

129. The Registrar reported that the papers set by Mr. Homersham Cox for the M. A. Examination in Mathematics, having arrived in an exposed condition, due to their not having been properly packed, he had asked Mr. Cox to set fresh papers, but Mr. Cox had replied that he was away from his station and was not in a position to set fresh papers.

ORDERED—

That as Mr. Cox must have by this time returned to his station, he be requested again to set fresh papers, on the understanding that he would be entitled only to a single remuneration.

130. Read a letter from the Principal, Jaffna College, requesting that in the event of the disaffiliation of the Ceylon Colleges, the privileges of affiliation be extended to the Jaffna College for three years.

ORDERED—

That the Principal, Jaffna College, be informed that his request is premature.

131. The Registrar asked for orders respecting answer-papers.

ORDERED—

That the Answer-Papers be disposed of, as in previous years.

132. Read an application from certain unsuccessful candidates at the recent B. A. Examination, praying that they may be permitted to take up the First Book of Sisupalabadham at the B. A. Examination in 1904, instead of Ratnavali which has replaced it.

ORDERED—

That the application be refused.

133. Read a letter from Messrs. S. K. Lahiri & Co.,

forwarding a copy of "Ancient and Modern India" by R. C. Dutt, and requesting its adoption as a text-book.

ORDERED—

That the book be referred to the Board of Studies in History.

134. Read a letter from Babu Kedarnath Bose, forwarding a copy of History of India by C. R. Wilson, and requesting its adoption as a text-book.

ORDERED—

That the book be referred to the Board of Studies in History.

135. On a reference from the Registrar the following bonuses were granted to the Assistant Registrar and the other assistants in the office, permanent and temporary, for extra work done in connection with the Annual Examinations :—

141. Read the following report of the Committee appointed to consider and report on the Synopses and Introductory Lectures submitted by the candidates for the Tagore Law Professorship for 1903—1904 :—

REPORT.

We, the members of a Committee appointed by the Faculty of Law at their meeting held on the 16th May, 1903, to consider and report on the Synopses and Introductory Lectures submitted by the candidates for the Tagore Law Professorship for 1903—1904, have the honour to submit the following report :—

We have considered the Synopses and Introductory Lectures of the different candidates and are of opinion that those of Babu Jogendra-chandra Ghose are the best.

(Sd.) R. MITTRA.

„ S. G. SALE.

„ A. F. M. ABDUR RAHMAN.

„ KRISHNAKAMAL BHATTACHARYA.

„ RAM CHARAN MITRA.

The 6th July, 1903.

The report was unanimously adopted.

RESOLVED—

That the faculty recommend to the Senate that Babu Jogindrachandra Ghose, M. A., B. L., be appointed Tagore Law Professor for the year 1903–1904, and that the subject of his Lectures be “The Hindu Law of Impartible property, including the Law of Endowments.”

142. The following three subjects were named by the Faculty, upon one of which the Tagore Law Professor for 1904–1905 will be required to deliver a course of at least twelve lectures :—

1. The Rules of Interpretation in Hindu Law with special reference to the Mimansa aphorisms as applied to Hindu Law.

2. The Mahomedan Law of Inheritance according to the several Schools with a history of its origin, growth and development.

3. The Law of Specific Relief in British India.

143. The Registrar laid before the Faculty the report of five of the members of the Committee appointed to recommend the courses of study and Text-books for the B. L. Examination in 1906 and the Honours-in-Law Examination in 1905, together with a note by the sixth member.

RESOLVED—

(1) That the report be adopted as regards the Honours-in-Law Examination in 1905, and that the course of study and text-books for the Honours-in-Law Examination in 1905 be the same as in 1904.

(2) That the report as regards the course of study and text-books for the B. L. Examination in 1906 be referred back to the Committee for further consideration ; that the name of Babu Srischandra Chaudhuri, M.A., B.L., be added to the Committee ; and that the Committee be instructed to submit a fresh Report in December next.

144. The Registrar laid before the Faculty the Report of the committee appointed to devise a Scheme to ensure the punctual publication of the Tagore Law Lectures in future.

RESOLVED—

That the consideration of the Report be deferred to a meeting of the Faculty to be called for Thursday, the 13th instant, at 4-45 P. M.

145. The Registrar reported that he had written, as directed to the Tagore Law Professors, the publication of whose lectures was overdue; that he had heard, in reply, from John. G. Woodroffe, Esq., K. S. Bonnerjee, Esq., and Babu Jageschandra Ray; that Messrs Woodroffe and Bonnerjee expected, respectively, to complete the publication of, and to publish, their lectures within the time allowed by the faculty, but that Babu Jageschandra Ray asked for an extension to the end of July, 1904.

The Faculty instructed the Registrar to inform Babu Jageschandra Ray that the Faculty would expect him positively to publish his lectures by the end of July, 1904.

K. C. BANURJI,

Registrar.

RESOLVED—

That the syllabus in Practical Histology prescribed for the B. Sc. Examination, Pass and Honours, in 1906, be prescribed also for the Examination in 1905, in super-session of the syllabus announced in pages 211-212 of the Calendar for 1903.

RESOLVED.—

That the following syllabus in Physiology for the F. A. Examination be laid before the Faculty of Arts :—

1. A general view of—
 - A. The Anatomy of the animal body as explained by diagrams, including—
 - (a) The relations of the organs of the animal body and
 - (b) The histology of the elementary tissues.
 - B. The application of mechanical principles in locomotion.
2. The chemical constitution of the body.
3. The chemical composition of food.
4. The maintenance of tissue equilibrium in the animal body.
5. The processes of digestion.

Ditto	absorption.
Ditto	elimination.
Ditto	secretion.
Ditto	excretion.
Ditto	thermotaxis.
Ditto	respiration—(internal and external).
6. The phenomena and physics of the circulation of the blood.
7. The general Chemistry of the blood.
8. A general knowledge of the anatomy, and physiology of the brain and spinal cord.

9. The physiology of the organs of special sense
Skin, tongue, nose, ear, eye—physically considered.

10. The production of speech.

RESOLVED.—

That the following recommendation of the Board be laid before the Faculty of Arts :—

That in order to pass the M. A. Examination in Botany, or in Physiology and Zoology, or in Geology and Mineralogy, a candidate must obtain 25 per cent. in the aggregate of the marks assigned to the Practical Examination.

RESOLVED.—

That the limits of subjects (7) Botany, (8) Physiology and Zoology, and (9) Geology and Mineralogy, be left undefined for the Premchand Roychand student-ship Examination in 1904.

RESOLVED.—

That the Syndicate are not prepared to adopt Major Bedford's "Elementary Hygiene for Indian students" as a text-book in Sanitary Science for the F. A. Examination.

160. Read a letter from the Deputy Secretary to the Government of India, in the Home Department, stating in reply to this Office letter No 1390, dated the 1st May, 1903, that the Governor-General-in-Council approves the changes in the Regulations of this University which were adopted by the Senate at their meeting held on the 23rd August, 1902.

ORDERED.—

To be recorded.

RESOLVED.—

That the changes be embodied in the Regulations and duly notified.

RESOLVED.—

That the changes in the Regulations for the Examinations in Engineering take effect at the Examinations to be held in 1906.

161. Read a letter from the Registrar, Madras University, enclosing, with reference to this Office letter No. 1582, dated the 20th ultimo, a copy of a letter from Mr. S. Rangaiya Chetti, B. A., containing suggestions regarding the text-book in Telugu Poetry to be prescribed for the Entrance Examination of this University in place of the one at present in use, which is out of print, and recommending that either of Mr. Rangaiya Chetti's suggestions (1) and (2) may be adopted. Also forwarding a copy of each of the books referred to by Mr. Rangaiya Chetti and stating that the Syndicate of this University can easily get the selected portions printed and published in the shape of a text-book by any firm in Madras with the help of Mr. Rangaiya Chetti who should be remunerated for his trouble.

RESOLVED.—

That the text-book in Telugu Poetry for the Entrance Examination be—

Bhaskarasatakamu ... The whole.

162. Read a letter from the Registrar, Bombay University, forwarding, with reference to this Office letter No. 1584, dated the 20th ultimo, a letter from Mr. G. M. Tripathi, B. A., LL. B. recommending the following text-books in Gujrathi for the Entrance Examination of this University :—Prose. Navalarám's Navala Granthávali, Vol. I, pages 1-220. Poetry.—Nalákhyán by Kavi Premánanda.

RESOLVED—

That the text-books recommended, be prescribed for the Entrance Examination in 1904 and subsequent years.

163. On a reconsideration of the award of the Eshan Scholarship made at the last meeting of the Syndicate, it was resolved :—

That in supersession of the award made at the last meeting, the Eshan Scholarship be awarded to Rampada Majumdar of the Presidency College.

164. On a reconsideration of the award of the Duff Scholarship intended for the best Christian Student of the year, made at the last meeting of the Syndicate, it was resolved—

That the award be kept in abeyance, and that the Syndicate recommend to the Senate that the words “and having been educated for at least one year in any of the affiliated institutions for the education of Europeans and Eurasians” be omitted from clause IV of the conditions for Duff Scholarships, (page, 247, Calendar for 1903), on the ground that there are no such institutions at present.

165. On the results of the last Entrance Examination the Jatindrachandra Medal was awarded to Jatindranath Laha of the Hindu School.

166. On the materials before them, the Syndicate did not see their way to award the Kisorimohan-Harakinkari Scholarships this year.

167. Read the Report of the President of the Faculty of Medicine, on the thesis submitted by a candidate for the Coates Memorial Prize for 1902.

ORDERED—

That the Report be accepted, and the Prize be not awarded.

ORDERED ALSO—

That it be notified that the Coats Memorial Prize is not intended for a thesis already published, but for a thesis specially prepared in view of the Prize.

168. The Registrar laid before the Syndicate for reconsideration a letter from the Secretary, Institution of Civil Engineers, London, intimating that the Council of the Institution have resolved to discontinue the practice of granting exemption from their Examinations to students who have passed the Entrance Examination of this University, and a letter from Mr. B. Heaton on the subject.

RESOLVED—

That the Secretary, Institution of Civil Engineers, London, be informed that only those who have passed the F. A. Examination are admitted to the C. E. College, Shibpur, and that a copy of the F. A. syllabus be sent to him.

169. Read a letter from Mr. Homersham-Cox, declining to set two fresh papers in Mathematics for the ensuing M. A. Examination, without remuneration, to replace the ones already sent by him by post, which reached the University Office in an exposed condition owing to their not having been properly packed.

The Registrar reported that he had written to Mr. Cox explaining the request made to him to set fresh papers without additional remuneration, and that he had, under the circumstances, asked the Hon'ble Dr. Asutosh Mookerjee to set the papers.

RESOLVED—

That the action of the Registrar be approved.

170. Read a letter from Major C. H. Bedford, M.D., D. Sc., I.M.S., having reference to the fresh Oral and Practical Examinations in Materia Medica at the recent First L. M. S. Examination.

ORDERED—

To be recorded.

171. Read an application from Babu Sureschandra Ghatak, M. A., requesting permission to appear at the ensuing Premchand Roychand Studentship Examination, and praying that the delay in submitting his application may, under the circumstances therein mentioned, be excused.

The subjects in which he desires to be examined are as follows :—

- (i) English Literature.
- (ii) History, Political Economy, and Political Philosophy.

Special subject—The Ethnographic enquiry into the Castes and Superstitions of Bengal.

ORDERED—

That the application be accepted and the applicant admitted to the Examination.

172. Read a letter from the Principal, L.M.S. College, Bhowanipur, enquiring whether, for the convenience of students of the Indian Universities, who in a few cases, may become external students of the University of London, in order to take up its B. D. Course, the University of Calcutta will provide for this Examination at the Senate House, when requested by the London University.

RESOLVED—

That, in as much this University does not provide for the B. D. Examination, the Syndicate are willing, if so requested by the London University, to superintend Examination, at the Senate House, of a candidate for the London B. D. Degree.

173. Read a letter from the Inspector of Schools, Dacca Division, having reference to the protest entered against the recognition of the Edward Institution at Mymensingh by Rev. A. Neville.

ORDERED—

178. Read an endorsement from the Officiating Principal, Presidency College, forwarding an application from certain students in the Geology Class of his College, praying that Oldham's "Geology of India" may either be removed from the course prescribed for the next B. A. Examination or that Chapters 1-6 and 18 of the Book may be omitted.

ORDERED—

That the Principal, Presidency College, be informed that it is too late to accept either of the suggestions with reference to the ensuing B. A. Examination, but that the omissions suggested have been made in appointing the Book for the B. A., and B. Sc. Examinations in 1906.

179. The Registrar enquired whether alternative papers in Sanskrit, Persian and History will be set at the ensuing Entrance Examination for the benefit of the unsuccessful candidates at the last Examination and students similarly circumstanced.

ORDERED—

That alternative papers are not to be set in Sanskrit, Persian and History at the ensuing Entrance Examination.

180. Read a letter from the Principal, Ravenshaw College, Katak, enquiring whether lectures delivered on the same subject by the same Professor for two or more consecutive hours should be counted as separate lectures or as one lecture only.

RESOLVED—

That, with a view to simplify the question, the Syndicate declare that the teaching of a subject for one hour will count as one lecture, and for two hours, as two lectures, each hour of teaching counting as one lecture.

BABU KALICHHARAN BANURJI, M.A., B. L.	BABU UPENDRACHANDRA MITRA, M.A., B. L.
THE HON'BLE MR. JUSTICE SARADACHARAN MITRA, M.A., B.L.	BABU RAMCHARAN MITRA, M.A., B. L.
THE HON'BLE DR. ASUTOSH MUKHOPADHYAY, SARASWATI, M.A., D.L., F.R.A.S., F.R.S.E.	BABU BHUPENDRANATH BASU, M.A., B.L.
BABU JOGENDRACHANDRA GHOSE, M.A., B.L.	BABU SALIGRAM SINGH, B.L. BABU JOGENCHUNDER DUTT, M.A., B.L.

240. The President reported that Mr. Peacock had taken steps for the publication, by December next, of the Tagore Law Lectures delivered by him.

241. Read a letter from Mr. Huda asking that the time for the publication of the Tagore Law Lectures delivered by him may be extended to November, 1904.

ORDERED—

That the extension be allowed.

242. The Faculty resumed consideration of the following Report of the Committee appointed to devise a scheme to ensure the punctual publication of the Tagore Law Lectures in future :—

“ We, the members of the Committee appointed by the Faculty of Law to devise a scheme to ensure the punctual publication of the Tagore Law Lectures in future, have the honour to make the following recommendations :—

1. That in paragraph 6 of the present scheme (p. 250, Calendar for 1903), “August,” be substituted for “November,” so that the paragraph will read, “The Professor shall commence to deliver his lectures in the month of August next following his election,” &c.

2. That paragraph 7 be altered as follows :—

“The Professor shall send to the Registrar a complete manuscript copy of his Lectures before (the present scheme has “within five months from”) the commencement of the delivery thereof, (the rest is added) failing which his appointment shall be liable to be cancelled by the Senate on the recommendation of the Faculty of Law. In the event of his appointment being cancelled, the Senate shall take steps for the appointment of a lecturer in his place.”

(SD.) R. MITTRA.

„ ASUTOSH MUKHOPADHYAY.

„ RAMCHARAN MITRA.

3rd August, 1903.

RESOLVED—

That the Report be adopted, and that the Registrar be instructed to take steps for laying the recommendations before the Senate at the meeting called for the 22nd instant.

244. On the motion of the Hon'ble Dr. Asutosh Mukhopadhyay, Mr. A. C. Edwards, M.A., was voted to the Chair.

245. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

That Babu Jogendrachandra Ghose, M.A., B.L., be appointed Tagore Professor of Law for 1903—1904, and that the subject of his lectures be the "Hindu Law of Impartible Property, including the Law of Endowments."

Mr. H. M. Rustomjee seconded the motion, which was carried.

246. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

That in the Regulations for the B. A. Examination, under the head of "Mathematics" (page 35, Calendar for 1903) for "Descriptive Astronomy" be substituted "Elementary Astronomy."

He pointed out that the word "Descriptive" was misleading, inasmuch as Astronomy was prescribed as part of Mathematics, and the text-book treated the subject mathematically.

Babu Gaurisankar De seconded the motion which was carried.

(1) Whether the system of allowing marks adopted in papers 3 and 4 in Mathematics, B. Group, in the late M. A. Examination,† is in accordance with the rules laid down for the guidance of Examiners.

†PP. ccxlii—ccxlvii, Calendar for 1903.

(2) Whether the exceptional difficulty of the questions set in papers 3 and 4 did not constitute a sudden and arbitrary departure from the standard of past years.

1903 :—

247. The Registrar laid before the Senate the following Resolutions of the Board of Studies in Mathematics on the two points noted in the margin* raised by C. Little, Esq., M.A., with reference to the M.A. Examination of 1902 in Mathematics, Group B, referred to the Board for consideration and report by a Resolution of the Senate, dated the 25th April,

*Resolutions of the Board of Studies in Mathematics,
dated the 16th May, 1903.*

RESOLVED—

(1) That, in the opinion of the Board, the direction given by the Examiner ("candidates must not attempt more than nine questions") in papers 3 and 4 in Mathematics, group B, is misleading.

(2) That, in future, it be a direction to Examiners that when a choice of questions is given, every possible set of questions that might be chosen, should carry 100 marks required by Rule 2 of the Rules for Examinations, page 160 of the Calendar for 1903.

(3) That in the opinion of the Board, the questions in papers 3 and 4 in Mathematics, Group B, were exceptionally difficult and did constitute a departure from the standard of past years.

(4) That a recurrence of such departure be prevented by a strict enforcement of Rule 9 of the Rules for Examinations, page 150, Calendar, 1903.

Mr. C. Little moved that the Resolutions be incorporated in the Minutes of the Senate and that a copy be sent to the candidates.

Babu Gaurisankar De seconded the motion.

The Hon'ble Dr. Asutosh Mukhopadhyay moved as an amendment, that the Senate approve of the Resolutions and order them to be incorporated in the Minutes.

Mr. Hayell seconded the amendment, which was carried.

The original motion thus fell through.

248. Rai Suryyakumar Sarbadhikari, Bahadur, moved—

That such of the unsuccessful candidates at the recent First L. M. S. Examination as are not permitted by the authorities of the Medical College to attend lectures in the subject or subjects in which they failed, be admitted to one or more subsequent Examinations without the certificate required under paragraph 10 of the Regulations for the First Licentiate Medical Examination (page, 64, Calendar for 1903).

He urged that the candidates were helpless, inasmuch as they were not permitted to attend lectures.

Babu Jogendrachandra Ghose seconded the motion.

Rai Chunilal Basu, Bahadur opposed the motion. He contended that the recommendation of the Syndicate was bad in principle, and inoperative in practice. By dispensing with further attendance at lectures, the Syndicate would lower the standard and go against the authority of the Principal, as exercised under the rule laid down in paragraph 11, page 364, Calendar for 1903, which had the sanction of Government. The Principal had used the discretion, vested in him most liberally, and only very bad cases had been rejected. The candidates would not be ultimately benefited as they would not be in a position to appear at the Examination unless sent up from the Medical College, of which they were no longer students, and even if they were allowed to appear and did pass, they would not be re-admitted to the Medical College.

Babu Debendranath Ray also opposed the motion. He pointed out that the Rule under which the Principal acted, had been passed in the interests of Medical education. The class-rooms had been over-crowded by the accumulated failed students of years, and it was only proper that the Principal should have the discretion to dismiss students who had shown no signs of aptitude for medical study. At any rate, the Senate should not come to a decision before a reference to the Principal for information and report.

Dr. Nilratan Sarkar pointed out that the Rule relied on by the opposition, was not in existence before 1893. It was passed when the Medical College ceased to be under the control of the Director of Public Instruction and fell under the management of the Inspector-General of Civil Hospitals. The University was not consulted in the matter, although the Rule clashed with one of its Regulations and rendered the Regulation nugatory. So long as the Rule remained a dead letter, no action was necessary. But the time had come for an effectual protest. The records of the University showed that candidates had passed even at the sixth chance, and the rule would limit their chances to two. The question of accommodation could hardly arise, when the number of passed F. A's who joined the Medical College, was comparatively small. Even if it did arise, it could be met by transferring the military class students to the

General Hospital. The Civil Engineering College imposed no such restrictions on a candidate's chances of passing. The candidates were not guilty of any misconduct. Finding they could not obtain the prescribed certificate, they applied to the University for redress. There is no reason why this course should be visited with severity. If not permitted to come up to the Examinations, the candidates would only go to swell the ranks of quacks.

Mr. A. M. Bose urged that the opposition had missed the real point in the controversy. The University had laid down a condition which the Rule made it impossible for candidates to satisfy. Was the University helpless? Were the medical students to be under a ban, when students in other Departments could come up to the Examination as often as they wished? Was it not an act of cruelty to dismiss students from Medical Study, after they had spent five years in the pursuit of it? It was a reflection on the Medical College authorities to apprehend the difficulties suggested by the opposition

The Hon'ble Dr. Asutosh Mukhopadhyay, remarked that the Syndicate was unanimous in making the recommendation. The Senate had to look at the question from the University point of view, and not from the Medical College point of view. Was it fair to lay down conditions which could not be satisfied? It was proposed to make a concession only in favour of those who found it impossible, for no fault of their own, to satisfy the requirements of the University. Even the Universities Commission would not limit a candidate's chances, except as regards the Matriculation Examination. The argument of the opposition involved an assumption of hostility towards the University on the part of the Medical College authorities, which he for one, would not readily impute to them. If the authorities committed themselves to the unwise course shadowed forth by the opposition, there was higher authority to appeal to. In the last resort, there were the sister Universities to fall back upon.

Dr. Suresprasad Sarbadhikari observed that while he subscribed to all that had been urged in support of the recommendation, he believed it would be more tactful to refer the application to the Principal of the Medical College with an expression of the view, the Senate were

disposed to take of the matter. The Rule had the sanction of Government, and Government was not likely to rescind it. The sister Universities could not be expected to help in the interests of failed students.

Babu Debaprasad Sarbadhikari did not see the wisdom of making a reference to the Principal of the Medical College. If the apprehensions of the opposition were, after all, realised, there should be a demand for another Medical College, and he for one, would pledge himself that the demand would be met.

The Rev. A. P. Begg suggested a reference to the Faculty of Medicine.

Babu Jogenchunder Dutt did not see there was any necessity for a reference to the Medical Faculty. The Faculty were fully represented at the meeting.

Babu Jogendranath Sen remarked that the recommendation, if accepted, would prejudice no party.

Mr. C. Little moved, as an amendment, that the matter be referred back to the Syndicate, with the request that the opinion of the Principal of the Medical College be obtained on the question, intimating to him that the Senate is inclined to regard the application favourably and asking him to reconsider his decision.

Shamsul-ulama Ataur Rahman seconded the amendment.

Dr. Suresprasad Sarbadhikari held that the permission proposed to be granted, would be inoperative, as the candidates had already been dismissed from the Medical College.

The Hon'ble Dr. Asutosh Mukhopadhyay observed that if the Senate were extremely anxious to bring on a conflict, they could do no better than court the opinion of the Principal of the Medical College. Was his opinion to be final? A copy of the resolution of the Senate might be sent to the Principal.

Babu Debendranath Ray urged that the Medical College was one of the Colleges of the University, and the Rule had been laid down by the Director of Medical Education in Bengal. It would be both decorous and for the benefit of the candidates, to adopt the course proposed in the amendment.

The amendment, on being put to the vote, was lost.

The original motion was carried.

249. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

That the words, "and having been educated for at least one year in any of the affiliated institutions for the education of Europeans and Eurasians," be omitted from Clause IV of the conditions for Duff Scholarships (page, 247, Calendar for 1903) on the ground that there are no such institutions at present.

Babu Jogendrachandra Ghose seconded the motion which was carried.

250. Dr. Nilratan Sarkar moved—

That Binaylal Majumdar, who passed the 1st M. B. Examination in 1902 and the 2nd L. M. S. Examination in April last, be permitted to appear at the next 2nd M. B. Examination without further attendance at lectures, as he has already attended lectures for full two years in the Senior Course of the Calcutta Medical College and has attended the Hospital for three years.

Babu Dinabandhu Datta seconded the motion which was carried.

251. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

(1) That Mr. J. W. Buultjens, who has passed the Senior Local Examination of the Cambridge University and holds a Government Teachership certificate be permitted to appear at the F. A. Examination of this University without being required to pass its Entrance Examination.

(2) That Lyden D'Zilva, who passed the Cambridge Senior Local Examination with Honours in the First Class in December, 1900, and who will complete two years' service as a teacher in the City College, Colombo, in March next, be admitted to the F. A. Examination of this University in 1904 without being required to pass its Entrance Examination.

(3) That J. P. Joseph, who has passed the School Higher Examination of the University of the Cape of Good Hope be admitted to the F. A. Examination of this

University without being required to pass its Entrance Examination.

The Hon'ble Maulavi Serajul Islam, Khan Bahadur, seconded the motion which was carried.

252. Babu Jogendrachandra Ghose moved—

(1) That in Clause 6 of the scheme for lectures in connection with the Tagore Law Professorship (page 250, Calendar for 1903), "August" be substituted for "November."

(2) That Clause 7 be altered as follows :—"The Professor shall send to the Registrar a complete manuscript copy of his Lectures before the commencement of the delivery thereof, failing which his appointment shall be liable to be cancelled by the Senate on the recommendation of the Faculty of Law. In the event of his appointment being cancelled, the Senate shall take steps for the appointment of a lecturer in his place."

He pointed out that the Faculty of Law had made the recommendations in view of the great delay there had been in the publication of the Tagore Law Lectures, several of which were over due.

The Hon'ble Mr. Justice Saradacharan Mitra seconded the motion, which was carried.

MINUTES OF THE SYNDICATE.

FOR THE YEAR 1903—1904.

No. 5.

THE 29TH AUGUST, 1903.

Present:

A. C. EDWARDS, Esq., M.A.; *Senior Member, in the Chair.*

THE HON'BLE DR. ASUTOSH MUKHO-	DR. NILRATAN SARKAR, M.A.,
PADHYAY, SARASWATI, M.A.,	M.D.
D.L., F.R.A.S., F.R.S.E.	RAJNARAIN MITTRA, Esq., LL.B.
BARU JOGENDRACHANDRA GHOSE,	RAI CHUNDERNARAIN SINGH, BAH-
M.A., B.L.	DUR, M.A.

253. Read a letter from B. Heaton, Esq., nominating, with the approval of the President of the Faculty of Engineering, C. Little, Esq., M.A., to act for him as the Representative of the Faculty of Engineering on the Syndicate, during his absence from Calcutta.

ORDERED—

To be recorded.

254. The Minutes of the Syndicate, dated the 8th and 14th August, 1903, respectively, were read and confirmed.

255. Read Minutes of the Faculty of Law, dated the 13th August, 1903.

ORDERED—

• To be recorded.

256. Read the Proceedings of the Board of Studies in Mathematics, dated the 8th August, 1903.

ORDERED—

RESOLVED—

(1) That that following text-books be prescribed for the F.A., B.A., and B.Sc. Examinations in 1906, and the M.A. Examination in 1905 :—

F. A. EXAMINATION, 1906.

MATHEMATICS.

Asutosh Mukhopadhyay	...	Geometry of Conics, omitting— Chapter I.—Propositions III, VII, IX, XIII, XV-XXIII, XXV. Chapter II.—Propositions VI, VII, XI-XIII, XVI, XVIII-XXXV. Chapter III.—Propositions V, VI, IX-XXVI, XXVIII-XXXVII, and the section on the Equila- teral Hyperbola.
----------------------	-----	--

B. A. EXAMINATION, 1906.

MATHEMATICS.

PASS COURSE.

Loney	Elements of Statics and Dynamics.
Loney	Elements of Hydrostatics (omitting Articles 76, 86 87, 102, 134-136, 140, 142 145, 164-167, 176-181).

(Or the corresponding portions of S. B. Mukerjee's Elementary Hydrostatics).

Parker	...	Elements of Astronomy (omitting Chapter XIV).
--------	-----	--

HONOUR COURSE.

Loney		Elements of Statics and Dynamics.
Maxwell	.	Matter and Motion, Chapter III, and
	.	Articles 96 and 97 only.
Loney	...	Elements of Hydrostatics (omitting
		Articles 76, 86 87, 102, 134-136, 140,
		142-145, 164-167, 176-181).

(Or the corresponding portions of S. B. Mukerjee's Elementary Hydrostatics).

Parker	...	Elements of Astronomy, omitting Chapter XIV.
Salmon	...	Conic Sections (6th edition), Chapters I-III, V-VIII, to the end of Article 116, and Chapters X-XIII.

(Or any other book covering the same ground).

Williamson	...	Differential Calculus (9th edition), Chapters I-V, IX, XI-XXIII.
Edwards	...	Integral Calculus for Beginners, Chapters I-X.

B. Sc. EXAMINATION, 1906.

MATHEMATICS.

PASS COURSE.

Subject II—Statics and Dynamics—

Loney ... Elements of Statics and Dynamics.

Subject X—Hydrostatics and Astronomy—

Loney ... Elements of Hydrostatics, omitting Articles 76, 86-87, 102, 134-136, 140, 142-145, 164-167, 176-181.

(Or the corresponding portions of S. B. Mukerjee's Elementary Hydrostatics).

Parker ... Elements of Astronomy (omitting Chapter XIV).

HONOUR COURSE.

Subjects II and X—

Loney ... Elements of Statics and Dynamics.

Maxwell ... Matter and Motion, Chapter III, and Articles 96 and 97 only.

Loney ... Elements of Hydrostatics, omitting Articles 76, 86-87, 102, 134-136, 140, 142-145, 164-167, 176-181.

(or the corresponding portions of S. B. Mukerjee's Elementary Hydrostatics).

Parker ... Elements of Astronomy, omitting Chapter XIV.

Salmon ... Conic Sections (6th edition), Chapters I-III, V-VIII, to the end of Article 116, and Chapters X-XIII.

(Or any other book covering the same ground).

Williamson ... Differential Calculus (9th edition), Chapters I-V, IX, XI-XVIII.

Edwards ... Integral Calculus for Beginners, Chapters I-X.

M. A. EXAMINATION, 1905.

MATHEMATICS.

GROUP A.

Hall and Knight ... Higher Algebra, Chapters XIX—XXXIV.

Todhunter ... Trigonometry, edited by Hogg.

Todhunter ... Spherical Trigonometry (as revised by J. G. Leathem, M.A., D.Sc.).

Burnside and Panton ... Theory of Equations (4th edition,) omitting Chapter XX.

Salmon	Conic Sections.
Salmon	Geometry of three Dimensions—the Course selected by Dr. Salmon for Junior Readers.
Williamson	Differential Calculus (9th edition).
Williamson	Integral Calculus (7th edition).
Murray	Introductory Course in Differential Equations.
Todhunter	Analytical Statics, Ed. Everett.
Williamson and Tarleton	Dynamics (2nd edition), Chapters I—VIII.
Minchin	Hydrostatics and Elementary Hydrokinetics, omitting Chapter VIII.
Godfray	Astronomy.
Newton	Principia, Sections I, II, III.

GROUP B.

Salmon or Smith	Conic Sections, Chapters I—XIII.
Smith	Solid Geometry, omitting Chapters VII and IX.
Williamson	Differential Calculus (9th edition).
Williamson	Integral Calculus (7th edition), omitting Chapter XII.
Minchin	Statics (Vols. I and II), omitting Chapters XIV, XVI.
Routh	Dynamics of a Particle, Chapters I, II, III, IV; Chapter V, Articles 221-275, 285-286; Chapter VI, Articles 306-337, 387-404, 419, 427; Chapter VII, Articles 490-510, 526, 527, 535-561.
Routh	Elementary Rigid Dynamics, Chapters I—V.
Besant	Hydro-Mechanics, Part I (Hydrostatics).
Bassett	Elementary Treatise on Hydro-Dynamics and Sound, omitting Chapters VII—VIII.
Godfray	Astronomy.
Newton	Principia, Sections I, II, III, IX, XI.

NOTE.—Candidates are recommended to read Murray's Differential Equations* (short course).

(2) That the limits of scientific subjects (1) Pure Mathematics and (2) Mixed Mathematics for the Premchand Roychand Studentship Examination in 1904 be the same as in 1902.

PREMCHAND ROYCHAND STUDENTSHIP EXAMINATION, 1904.

MATHEMATICS.

Candidates for the Premchand Roychand Studentship Examination in 1904, who take up Pure Mathematics, will be examined in the following subjects :—

- (a) Algebra.
- (b) Trigonometry, Plane and Spherical.
- (c) Theory of Equations.
- (d) Analytical Plane Geometry, including the Higher Plane Curves.
- (e) Analytical Solid Geometry.
- (f) Differential Calculus.
- (g) Integral Calculus, including the elements of the Calculus of Variations.
- (h) Differential Equations.

The following books are recommended :—

Chrystal	...	Algebra, Part II, Chapters XXIII—XXVIII, XXXII, XXXV.
Hobson	...	Plane Trigonometry.
Casey	...	Spherical Trigonometry.
Burnside and Panton	...	Theory of Equations (4th Edition).
Salmon	...	Conic Sections.
Salmon	..	Higher Plane Curves, Chapters I—V, omitting Section V.
Salmon	...	Geometry of three Dimensions (omitting the last three Chapters).
Scott	...	Modern Analytical Geometry.
Williamson	..	Differential Calculus (9th Edition).
Williamson	..	Integral Calculus (7th Edition).
Forsyth	...	Differential Equations.

Candidates for the Premchand Roychand Studentship Examination in 1904, who take up Mixed Mathematics, will be examined in the following subjects :—

- (a) Analytical Statics.
- (b) Dynamics of a Particle.
- (c) Rigid Dynamics.
- (d) Hydro-mechanics, including the elements of the Theory of Sound.
- (e) Astronomy.
- (f) Newton's Principia, Sections I, II, III, IX, XI.

The following books are recommended :—

Minchin	..	Statics (4th Edition), omitting Chapter XIV.
Routh	...	Analytical Statics, Volumes I—II.
Routh	..	Dynamics of a Particle.
Routh	...	Rigid Dynamics, Part I.
Besant	...	Hydro-mechanics, Part I (Hydrostatics).
Greenhill	...	Hydrostatics.
Bassett	...	Elementary Treatise on Hydrodynamics and Sound.
Godfray	...	Astronomy.
Newton	...	Principia, Sections I, II, III, IX, XI.

(3) That the Resolution of the Board on the proposal to extend the conditions of passing in M. A. Literary subjects to M. A. Mathematics, be laid before the Faculty of Arts.

(4) That the Resolution of the Board on the question whether surds are included in the Entrance Mathematics syllabus, be adopted and circulated to the Heads of recognised Institutions.

257. Read the Proceedings of the Board of Studies in Mathematical and Experimental Physics, dated the 8th August, 1903.

ORDERED—

To be recorded.

RESOLVED—

(1) That the following text-books be prescribed for for the F. A., B. A., and B. Sc. Examinations in 1906, and the M. A. Examination in 1905—

F. A. EXAMINATION, 1906.

ELEMENTARY PHYSICS

Ganot

Popular Natural Philosophy, 9th edition; 1900, Book I, omitting Articles 14, 15, 34 37, 51 54, 58, 59, 65 67, 72 78, 79 82, Book II, omitting Articles 114 117, Book III, omitting Articles 131 139, 145 148, 153, 164, Book IV to be omitted altogether; Book V, omitting Articles 221, 222, 233, 234, 247, 252 254, 264, 272 274, 281 290, 291 311, 315 319, Book VI, omitting Articles 370, 380 384, 385 387, 388, 389, 391, 392, 393, 396, 397 409, Book VII, omitting Articles 420, 422, 423, 424, 425 428, Book VIII, omitting Articles 449, 450, 476, 477 487, 500, 503 506, 516, 522 527, 540 547, 550 555, 558, 559, 561, 565, 566.

B. A. EXAMINATION, 1906.

MATHEMATICAL AND EXPERIMENTAL PHYSICS.

PASS COURSE.

Ganot

.. Physics (16th edition, 1902).

General properties of Matter.—Omitting Books I, II, III, IV, with the exception of Articles 85, 86, 87, 88, 89, 96, 181, 182

Sound.—The whole book is to be read.

Heat.—Omitting Articles 363, 394, 395, 408, 447, 480, 481, 482, 483, 491, 492, 493, 494, 507, 508, 509.

SHIP EXAMINATION, 1904.**

PHYSICS

The following books are recommended for candidates who take up Electricity, Magnetism and Sound at the the Premchand Roychand Studentship Examination in 1904 —

Maxwell	Electricity and Magnetism
Maxwell	Scientific Papers, Volume I (Papers Nos 8 and 23)
Mascart and Joubert	Electricity and Magnetism.
Hertz	Electric Waves
Faraday	Experimental Researches in Electricity
Gordon	Electricity and Magnetism.
Tyndall	Researches on Diamagnetism
Rayleigh	Theory of Sound

* The questions on J. J. Thomson's work shall not be so difficult as those in Group B

Donkin	...	Acoustics.
Helmholtz	...	Sensations of Tone.
Stewart and Gee	...	Practical Physics.
Glazebrook and Shaw	...	Practical Physics.
Poynting and Thompson	...	A Text-book of Physics—Sound.
Thompson	...	Discharge of Electricity through Gases.

The following books are recommended for candidates who take up Heat, Molecular Physics and Physical Optics at the Premchand Roychand Studentship Examination in 1904 :—

Fourier	Analytical Theory of Heat.
Preston	Theory of Heat.
Maxwell	Theory of Heat.
Maxwell	Scientific Papers, Volume II (Papers Nos. 62, 73, 83).
Watson	Kinetic Theory of Gases.
Tyndall	Contributions to Molecular Physics.
Airy	Undulatory Theory of Optics.
Preston	Theory of Light.
Bassett	Physical Optics.
Roscoe	Spectrum Analysis.
Glazebrook and Shaw	Practical Physics.

(3) That the Resolution of the Board on the Syllabus in Practical Physics for the B. Sc. Examination, referred to them for reconsideration, be adopted and that the Practical Examination in Physics for the B. Sc. Examination in 1906 be conducted on the same lines as in 1904 (Calendar, 1903, p. 205) except that, in the Pass Course, the following sections of the book prescribed be added, namely, III, X-XI, XII (omitting corrections, XXI, XXXII-XXXIII, XLII, and except that in the Honour Course, the following sections of the book prescribed, be added namely XVIII, XX, Exercise I; XXV, Exercises, I, II, IV, XXXVI, XXXIX.

(4) That the limits of the Practical Examination in Physics for the B. Sc. Examination in 1906 be prescribed also for 1905, in supersession of the syllabus announced on pages 210-211 of the Calendar for 1903.

(5) That the Resolution of the Board on the proposal to extend the conditions of passing in M. A. Literary subjects to M. A. Mathematical and Experimental Physics, be laid before the Faculty of Arts.

297. Read an application from Surendrakrishna Banerji, an unsuccessful candidate at the recent combined Preliminary Scientific and First L. M. S. Examination whose name has been removed from the Rolls of the Medical College, praying that he may be allowed to appear at the next or any subsequent Combined Examination without further attendance at lectures.

RESOLVED—

That the Syndicate recommend to the Senate that the applicant be permitted, under the circumstances, to appear at the next or any subsequent Combined Preliminary Scientific and First L. M. S. Examination without further attendance at lectures.

298. The Registrar reported that it was necessary to appoint gentlemen to set and examine papers in Geology at the ensuing M. A. Examination.

ORDERED—

That Mr. T. H. Holland and Mr. P. N. Bose be appointed to set and examine papers in Geology at the ensuing M. A. Examination.

299. Read the following report of the Committee appointed to frame a scheme with regard to the Sreegopal Basumallik Fellowship :—

“We, the members of a Committee appointed by the Syndicate to frame a Scheme with regard to Sree Gopal Basu Mullick Fellowship, which will be consistent with the object and intention of the settler as indicated in the deed of settlement, have the honour to submit our report.

In our opinion, the object of the endowment is “the encouragement and production of Sanskrit learning and Vedantic Studies,” by “the foundation or endowment of a Fellowship” in the University. We consider that this object may very well be obtained by establishing a Fellowship, tenable in the first instance, for three years, by a duly qualified gentleman, whose duty it shall be to deliver lectures and to give tutorial Assistance to students of Sanskrit generally, and to students of Vedanta Philosophy in particular. Should the scheme aforesaid be approved of by the Trustees of the settler, then the details necessary therefore may be settled without much difficulty.

SD. ASUTOSH MUKHOPADHYAY.

„ JOGENDRACHANDRA GHOSE.

„ R. MITTRA.”

6th August, 1903.

RESOLVED—

That the Report be adopted, and that a copy of the Report be sent to the trustees, through their solicitor, for approval.

300. Read a letter from R. Mittra, Esq., LL. B., Member of the Senate, offering to make over to the University Government Securities for Rs. 3,000 for the purpose of creating an endowment for the annual award of a gold medal under the following conditions:—

(i) That a Gold Medal be annually awarded to the author of the best essay on some subject relating to *Indian Economics*, such subject to be specified and announced by the Syndicate at least one year before the award of the medal.

(ii) That the competition for the medal be limited to candidates who have, at any time, been admitted to a degree in this University.

(iii) That the medal be not awarded to the author of any essay unless such essay furnishes evidence of research or special investigation or embodies useful suggestions relating to the subject. The successful candidate must publish his essay.

(iv) That the names of the medallists be published in the Gazette as also in the University Calendar.

(v) That the medal be called the “Beereshur Mittra medal” in memory of his father.

(vi) That the Syndicate will be at liberty to frame rules with a view to give effect to the object of this Endowment.

ORDERED—

That the offer be thankfully accepted, and that the Registrar be requested to frame rules for giving effect to the endowment, and submit them at the next meeting.

301. Read a letter from the Principal, Metropolitan Institution, forwarding applications from Krishna Kisor Kumar, Bhabendra Kumar Bandyopadhyay and Atul Chandra Chandra, praying that under circumstances mentioned therein, they may be allowed to join the first year F. A. class of the above named Institution after the 31st July, with a view to enable them to count the present session.

ORDERED—

That the applications be granted.

302. The Registrar reported that it was necessary to appoint Examiners in Sanskrit, Group B, at the ensuing M. A. Examination.

RESOLVED—

That the following gentlemen be appointed to set and examine papers in Sanskrit, Group B, at the ensuing M.A. Examination :—

Mahamahopadhyay Chandrakanta Tarkalankar.

Mahamahopadhyay Nilmani Mukerjee.

Pandit Pramathanath Tarkabhusan.

Mahamahopadhyay Haraprasad Sastri (Indian Epigraphy and Paleography).

303 The Registrar laid before the Syndicate, the following Resolution of the Senate, dated the 22nd August, 1903 :—

“That the words, “and having been educated for at least one year in any of the affiliated institutions for the education of Europeans and Eurasians,” be omitted from Clause IV of the conditions for Duff Scholarships (page 247, Calendar for 1903) on the ground that there are no such institutions at present.”

RESOLVED—

That the Duff Scholarship for the best Christian student at the F. A. Examination, be awarded to Miss Surabala Mukerjee of the Bethune College.

304. Read an endorsement from the Principal. T. N. Jubilee College, Bhagalpur, forwarding an application from M. D. Ismail, an unsuccessful candidate at the recent F. A. Examination, praying that he may be allowed to take up Sanitary Science at the ensuing Examination instead of Logic which he took up at the previous Examination.

ORDERED—

That the application be granted, provided the applicant attends lectures in Sanitary Science.

305. Read an endorsement from the Principal. T. N. Jubilee College, Bhagalpur, forwarding an application from Chandrasekhar Sinha, praying that under the cir-

cumstances therein set forth, his admission into the 1st year class of the above named College on the 3rd August may be sanctioned.

ORDERED—

That the application be granted.

306. Read an endorsement from the Principal, T. N. Jubilee College Bhagalpur, forwarding an application from Suryyanarayan Verma, praying that under the circumstances therein set forth his admission into the First year class of the above-named College on the 4th August may be sanctioned.

ORDERED—

That the application be granted.

307. Read a letter from the Head Master, Hare School, stating the circumstances under which the mistake originated in the statement of age in the certificate appended to the Entrance application of Sayaram Sadhkhan and requesting that the mistake may now be rectified in the candidate's Entrance certificate and in the records of the University.

ORDERED—

That the mistake be rectified.

308. Read a letter from Maulavi Syed Shamsul Huda, M.A., B.L., Member of the Senate, pointing out that the dates fixed for holding the ensuing F.A., and B.A., Examinations in 1904 will fall within the Mahomedan festival of Mohurram and requesting that they may be held on some other dates.

ORDERED—

• • That the 28th of March, 1904, being a Mohurram holiday, the B. A. Examination be not proceeded with on that date.

309. Read an endorsement from the Principal, M. C. College, Sylhet, forwarding an application from Mahendra Kumar Chaudhuri, who has passed the Entrance Examination of the Allahabad University, and has joined the M. C. College, Sylhet provisionally, praying that he may be permitted to appear in due course, at the F. A. Examination of this University.

ORDERED—

That the application be granted.

310. Read an endorsement from the Principal, M. C. College, Sylhet, forwarding an application from Satischandra Chaudhuri, praying that his admission into that College, after the 31st July, may be sanctioned.

ORDERED—

That the application be granted. .

311. Read the proceedings of the Library Committee dated the 29th August, 1903.

ORDERED—

To be recorded.

RESOLVED—

That Babu Narayanchandra Saha, Vakil, High Court, be permitted to consult the Library books, but not to remove any of the books from the premises.

RESOLVED—

That the action of the Registrar be approved.

323. The Registrar laid before the Syndicate the results of the Tagore Law Examination for 1902-1903, and reported that he had, in anticipation of the orders of the Syndicate, published them in the Gazette

RESOLVED—

That the action of the Registrar be approved.

ORDERED—

That the Tagore gold and silver Medals be awarded to G. Sircar and Bishnupada Ray, respectively.

324. The undermentioned gentlemen were appointed a Board of Moderators in Arts for 1904 :—

Rev. Father E. Lafont, S.J., C.I.E., M.I.E.E.

Alex. Pedler, Esq., C.I.E., F.R.S.

A. C. Edwards, Esq., M.A.

The Hon'ble Dr. Asutosh Mukhopadhyay, Saraswati, M.A.,
D.L., F.R.A.S., F.R.S.E.

325. Read a letter from the Under-Secretary to the Government of India, in the Home Department, forwarding a copy of a memorial from Major C. H. Bedford, M.D., I.M.S., in which he protests against the action of the Syndicate in withholding the fees due to him for conducting the Oral and Practical Examination in Materia Medica at the last L.M.S. Examination.

RESOLVED—

That the following statement be submitted to the Government of India :—

Major Bedford was appointed Examiner in Materia Medica for the first L. M. S. Examination this year. The written portion of the Examination at which 144 candidates presented themselves, was held on the 24th March, and the Practical and Oral portions, at which 139 candidates presented themselves, were held on the 25th and the 27th. Major Bedford sent in the results of all these portions of the Examination on the 27th, and proceeded to England on the 28th. A representation from certain candidates, praying for a fresh Examination, was forwarded by Lt.-Col. Bomford, Principal, Medical College. The Syndicate considered the representation, and ordered the Practical and Oral Examination held by Major Bedford to be quashed. The ground of the decision was the obvious impossibility of conducting a proper Practical and Oral Examination of 139 candidates within the time that Major Bedford could possibly have devoted to it. The decision was unanimous, and both the representatives of the Medical Faculty on the Syndicate, namely, Lt.-Col. Bomford, President of the Medical Faculty, and Dr. Nilratan Sarkar, were parties to it. Major Bedford had already left India, and no reference to him was possible before arriving at a decision, which had to be come to at once. At Lt.-Col. Bomford's suggestion, in which Dr. Sarkar concurred, Dr. Hem Chandra Sen, M. D., was, in Major Bedford's absence, appointed to conduct a fresh Practical and Oral Examination, which took him eight days of four hours each. Later on, the Syndicate decided—and this decision was also unanimous—that no remuneration should be allowed to Major Bedford for the Practical and Oral Examination held by him, as it had to be quashed.

326. Read an endorsement from the Under-Secretary to the Government of India, in the Home Department, transferring for disposal, a petition from Satyendranath Ghosh, an unsuccessful candidate at the last B. A. Examination.

ORDERED—

That the petition be rejected.

327. Read an endorsement from the Under-Secretary to the Government of India, in the Home Department, transferring for disposal, a representation made by Alfred Lamb for a re-examination of the answer papers of Cal. 529.

ORDERED—

That no action be taken on the representation.

328. Read a letter from Rai Jagannath Barua, Bahadur, B.A., recommending pieces for the Selections in Assamese for the Entrance Examination in 1905.

RESOLVED—

That the pieces recommended be adopted.

329. The Registrar laid before the Syndicate representations from several Mahomedan Associations, requesting that the dates fixed for the ensuing F. A. and B. A. Examinations may be altered so as not to fall within the first ten days of Mohurram.

ORDERED—

That no examination be proceeded with on the 8th, 9th, and 10th days of the Mohurram, the exact dates to be ascertained from the Bengal Secretariat.

320. Read a letter from Messrs. Sanderson & Co., Solicitors, forwarding a copy of their Counsel's Notes on the Judgment delivered on the suit of Sreemuty Manorama Dassee vs. the Executors to the Estate of the late Babu Guruprasanna Ghose and stating that the University may now refer to the Executors direct for information as to the position of the estate and as to what is likely to come to the University.

RESOLVED—

That a reference be made to the Executors, for information as to the position of the estate, and as to what is likely to come to the University.

331. Read a letter from Babu Hirendranath Datta, M. A., B. L., Solicitor, stating that the scheme suggested by the Committee of the Syndicate for the Sreegopal Basu Mallik Fellowship in their Report, a copy of which has been forwarded to him with this Office letter No. 1951, dated the 3rd September last, being wanting in details as to the qualifications of the Fellow, the mode of his appointment, &c., it is not possible for his clients either to approve or to reject it and requesting that they may be favoured on an early date with a detailed scheme giving full particulars on all essential points.

ORDERED—

That the Committee be requested to furnish the details asked for.

ORDERED ALSO—

That Babu Hirendranath Dutta be informed accordingly.

332. Read a letter from E. B. Havell, Esq., A. R. C. A., having reference to a text-book on Model Drawing by E. C. Dozey.

ORDERED—

That the letter be laid before the Faculty of Arts.

333. Read a letter from the Director and Honorary Secretary, Royal Historical Society, London, informing that the Council of the above Society have lately passed a Resolution discontinuing the further issue of the *Transactions and Publications* (Camden Series) of the Society to any but Fellows and Libraries duly enrolled as Subscribing Libraries, and that such Libraries will have an opportunity of obtaining the Vols. issued during the term of their subscription of £1 per annum.

ORDERED—

To be recorded.

334. Read a letter from the Principal, Wesleyan College, Bankura, requesting that in view of the fact that the Government of India have deferred consideration of the application for the affiliation of the above Institution up to the F. A. standard, the Syndicate may be pleased to pass such orders as may enable the eligible students in

the 2nd Year Class of the College to appear at the ensuing F. A. Examination.

ORDERED—

That eligible students in the 2nd year class of the Wesleyan College, Bankura, be permitted to appear at the ensuing F. A. Examination, subject to the sanction of the Senate in the case of those who succeed in passing the Examination, and that the Syndicate recommend such sanction.

335. Read a letter from the Rector, Agartala College, requesting that, as sanction to the affiliation of the above-named Institution up to the F. A. standard has not yet been obtained from the Government of India, the Syndicate may be pleased to permit the eligible students in the 2nd Year Class of the College to appear at the ensuing F. A. Examination.

ORDERED—

That eligible students in the 2nd year class of the Agartala College be permitted to appear at the ensuing F. A. Examination, subject to the sanction of the Senate in the case of those who succeed in passing the Examination, and that the syndicate recommend such sanction.

336. Read a letter from the Director of Public Instruction, Bengal, having reference to the proposed recognition of the Aryan Anglo-Sanskrit School at Dinapur and stating that the Institution is not worthy of recognition by the University.

Read also an endorsement from the Inspector of Schools, Patna Division, forwarding with reference to this Office No. 1697, dated the 1st August last, a copy of his report to the Director of Public Instruction, Bengal, on the inspection of the Aryan Anglo-Sanskrit School at Dinapur.

ORDERED—

That the Aryan Anglo-Sanskrit School at Dinapur be not recognised as a High School.

337. Read a letter from the Chief Secretary to the Chief Commissioner, Central Provinces, forwarding a letter from the Director of Public Instruction, Central Provinces, and recommending the withdrawal of the privileges of re-

cognition from the Jubilee High School, Chanda, on the grounds stated in the Director's Report.

ORDERED—

That the authorities of the Jubilee High School, Chanda, be called upon to submit, as early as possible what they may have to say with reference to the grounds stated in the Director's Report for withdrawal of recognition from the School.

ORDERED ALSO—

That the Chief Secretary to the Chief Commissioner, Central Provinces, be informed accordingly.

338. Read a letter from the Inspector of Schools, Presidency Division, forwarding with his recommendation an application for the recognition of the Jiaganj Coronation Institution in the District of Mursidabad.

RESOLVED—

That the Jiaganj Coronation Institution be recognised as a High School.

339. Read a letter from the Inspector of Schools, Bhagalpur Division, forwarding an application for the recognition of the Edward Institution at Sahebganj, Sonthal Parganas, and stating that the Institution is qualified to teach up to the Entrance standard.

RESOLVED—

That the Edward Institution at Sahebganj be recognised as a High School.

340. Read a letter from the Director of Public Instruction, Assam, forwarding with his recommendation an application for the recognition of the Aided High School at Mangaldai.

RESOLVED—

That the Aided High School at Mangaldai be recognised as a High School.

341. Read a letter from the Inspector of Schools, Dacca Division, forwarding, with his recommendation an application for the recognition of the Barisal National Institution in the District of Backerganj.

RESOLVED—

That the Barisal National Institution be not recognised as a High school.

342. Read a letter from the Inspector of Schools, Chota Nagpur Division, forwarding a petition from certain residents of the Districts of Manbhum and Singbhum, praying that Purulia may be appointed a centre for holding the Entrance Examination of this University.

ORDERED—

That Purulia be appointed a centre for holding the Entrance Examination.

343. Read an endorsement from the Head Master, Jubilee High School, Chanda, Central Provinces, forwarding a representation from the students of the above-named School, praying that under the circumstances mentioned therein, Chanda may be appointed a centre for holding the Entrance Examination of this University.

ORDERED—

That the application be refused.

344. Read an endorsement from the Offg. Principal, Civil Engineering College, Sibpur, forwarding an application from T. A. F. Stone, requesting permission to appear at the Honours Examination in Electrical Engineering in January, 1904.

RESOLVED—

That T. A. F. Stone be permitted to appear at the Honours Examination in Electrical Engineering and that Mr. Heaton be requested to settle the details of the Examination.

345. Read a letter from the Principal, Metropolitan Institution, stating with reference to this Office letter No. 1985, dated the 7th September last, that Amulyakrishna Mitra and Surendrabhushan Pal are regular students of the Institution, that they never appeared at the F. A. Examination of this University, and that they have already completed their course in French.

ORDERED—

That Amulyakrishna Mitra and Surendrabhushan Pal be permitted to appear at the ensuing F. A. Examination with French as their second language, without further attendance at lectures in French.

346. Read an endorsement from the Principal, Victoria College, Cooch-Bihar, forwarding an application

from some of the students in the First Year F. A. Class of the Institution, praying that they may be allowed to take up Sanitary Science at the F. A. Examination in 1905, without attending lectures in the subject, as it is not taught in the above-named College.

ORDERED— •

That the application be refused.

347. Read an endorsement from the Principal, Victoria College, Cooch-Behar, forwarding an application from Anangamohan Chakrabarti, an unsuccessful candidate at the last F. A. 407. The Registrar laid before the Senate a letter from the Secretary to the Government of India, Legislative Department, intimating that the Government of India would be glad to receive and consider any expression of opinion which the Senate of the Calcutta University might desire to offer on the provisions of the Bill to amend the Law relating to the Universities of British India, before the 31st instant.

The Hon'ble the Vice-Chancellor drew the attention of the Senate to the fact that the question before them was not at the same stage as when they discussed the Universities Commission Report. They had now to deal with a document precise and detailed. An open debate in the Senate might not be the most suitable procedure to adopt on the present occasion.

The Hon'ble Dr. Asutosh Mukhopadhyay moved that the Bill be referred to a Committee of nine members, with instructions to report to the Senate on or about the 23rd instant.

The Hon'ble Dr. Asutosh Mukhopadhyay pointed out that a criticism of details was feasible only in a Committee.

Babu Devaprasad Sarbadhikari seconded the motion.

Babu Herambachandra Maitra proposed that the Committee should consist of 15 members.

Babu Umeschandra Datta seconded the proposal.

The Hon'ble Babu Bhupendranath Basu contended that the Bill involved principles, the details were left to be settled by Regulations. Hence, it would be better to consider the Bill in the Senate.

Mr. Abdur Rahman expressed his approval of the principles of the Bill. In the "Statement of Objects and Reasons," it was declared that the religious Communities would all be represented on the Senate. This declaration had been received with gratitude by the Mahomedan Community. He hoped that they would likewise, be represented on the Syndicate.

Rev. A. P. Begg remarked that the Senate might give expression to their views generally, and then refer the Bill to the Committee.

The Hon'ble the Vice-Chancellor put the question to the vote in parts, with the result that it was carried, (i) that the Bill should be referred to a Committee; (ii) that the Committee should consist of nine and not fifteen members; that the Committee should report to the Senate on or about the 23rd instant, the Senate meeting on the 2nd January, 1904, to receive the report.

The Committee was then constituted as follows :—

The Hon'ble Mr. Justice Ameer Ali, C.I.E., M.A., B.L.
Rev. Father, E. Lafont, S.J., C.I.E., M.I.E.E.
A. M. Bose, Esq., M.A.
A. C. Edwards, Esq., M.A.
N. N. Ghosh, Esq., F.R.S.L.,
Rev. Dr. J. Morrison, M.A., D.D.
Dr. Nilratan Sarkar, M.A., M.D.
The Hon'ble Babu Bhāpendranath Basu, M.A., B.L.
The Registrar.

417. The following gentlemen were appointed to set papers for the B. L. Examination in 1904 :—

S. P. Sinha, Esq.
Babu Nilmadhab Basu.

418. Read a letter from the Director of Public Instruction, Assam, forwarding, with his recommendation, an application for the recognition of the Victoria Memorial Aided High School at Hailakandi in Assam.

ORDERED—

That the Victoria Memorial Aided High School at Hailakandi in Assam be recognised as a High School.

419. Read a letter from the Director of Public Instruction, Bengal, forwarding, in continuation of his letter No. 4135, dated the 29th April last, a copy of Mr. Hallward's inspection notes and an extract from his letter forwarding these notes, from which it would appear that the authorities of the Edward Seminary at Baulia have been guilty of gross violation of the Transfer Rules, and that the school is not deserving of recognition; and enquiring whether in the face of Mr. Hallward's Report, a further inspection of the school by him will be necessary.

Read also a letter from the Superintendent, Edward Seminary, dated the 12th instant.

ORDERED—

That the Edward Seminary at Baulia be not recognised as a High School.

420. Read an endorsement from the Principal, Dacca College, forwarding an application from Nalinikumar Banerjee, an unsuccessful B. A. candidate, enquiring whether six months' service partly as a *bond fide* teacher in an English School and partly as Laboratory Assistant in the Dacca College, will qualify him for admission to the ensuing B. A. Examination as a teacher.

ORDERED—

That the application be refused.

421. Read a letter from the Principal, T. N. Jubilee College, Bhagalpur, forwarding an application from Bechu Lall, an unsuccessful candidate at a previous F. A. Examination, and recommending that the applicant's admission into the 2nd year class of the College on the 17th September last, made in his absence, may, under the circumstances stated, be sanctioned.

ORDERED—

That the application be refused.

422. Read an endorsement from the Principal, Victoria College, Narail, forwarding an application from Kshitishandra Datta, a student in the 2nd year class of the College, praying that he may be permitted to take up Sanitary Science at the ensuing F. A. Examination without being required to attend the prescribed number of lectures in it, as there is no arrangement in the College for teaching the subject.

ORDERED—

That the application be refused.

423. Read an endorsement from the Commissioner of Police, Calcutta, forwarding an application from Nalinath Sen, who after his failure at the B. A. Examination in 1902 has been a student in the Bhagalpur Police Training School and has passed an examination for appointments in the Police Force, praying that he may be permitted to appear at the ensuing B. A. Examination as a private student.

ORDERED—

That the application be refused.

424. Read a letter from the Rev. Father E. Lafont S. J., C. I. E., M. I. E. E., Member of the Senate, recom-

mending that Denzil McGavin, who passed in England the Preliminary Examination for Medical Students held by the College of Preceptors in December, 1902, and has satisfied the requirements of the General Medical Council for registration as a Medical or Dental student, may be permitted to take his admission as a regular student in the Calcutta Medical College without being required to pass the F. A. Examination.

ORDERED—

That the syndicate recommend to the senate that Denzil McGavin be permitted to take his admission as a regular student in the Calcutta Medical College, without being required to pass the F. A. Examination, on the ground of his having passed the Preliminary Examination for Medical students held by the College of Preceptors, and satisfied the requirements of the general Medical Council for registration as a Medical or Dental student.

425. Read a letter from Miss A. E. Playne, Head English teacher, in the Diocesan Girls' School, Mussoorie, enquiring whether she will be permitted to appear at the B. A. Examination of this University without being required to pass its F. A. Examination, on the ground of her having passed the Senior Local Examination of the Cambridge University for Women, with distinction in English language and literature, and the Examination of the Science and Art Department in Mathematics, Botany and Physical Geography.

ORDERED—

That Miss Playne be asked to state the extent of the subjects taken up by her at the two Examinations referred to in her application.

426. Read a letter from Mr. A. D. Jayasinha, Head Master, Buddhist English School, Kurunegala, requesting to be informed whether he will be permitted to appear at the F. A. Examination of this University without being required to pass its Entrance Examination, on the ground of his having passed the Senior Local Examination of the Cambridge University in 1899.

ORDERED—

That the syndicate recommend to the senate that Mr. A. D. Jayasinha be permitted to appear at the F. A.

Examination of this University, without passing its Entrance Examination, on the ground of his having passed the Senior Local Examination of the Cambridge University.

427. Read an endorsement from the Principal, Bihar National College, Bankipur, forwarding an application from Harnandan Prasad, B. A., (Allahabad), requesting permission to appear at the B. L. Examination of this University.

ORDERED—

That the application be granted.

428. Read an application from Babu Ambika Prasad Varma, B. A., (Allahabad), requesting permission to appear at the M. A. Examination of this University and enclosing the written permission of the Registrar, Allahabad University, in support of his application.

ORDERED—

That the application be granted.

429. Read an application from Sitalchandra Das, supported by an affidavit made before a magistrate, praying that his name may be changed to Susilkumar Das in his Entrance Certificate and in the records of the University.

ORDERED—

That the application be granted.

430. Read an endorsement from the Head Master, Patna Collegiate School, forwarding an application from Sheo Prakash, praying that under the circumstances therein set forth, the age entered in his Entrance Certificate and in the records of the University, may be changed from 19 years, 6 months, to 15 years.

ORDERED—

That the application be refused.

431. Read an application from Jyotishchandra Biswas, praying that under the circumstances stated therein, the age entered in his Entrance Certificate and in the records of the University may be changed from 20 years, 6 months, to 17 years, 10 months.

ORDERED—

That the application be granted.

432. Read an endorsement from the Principal, Ripon College, forwarding an application from Basantakumar Maitra, reporting that his younger brother, Sisirkumar Maitra, who deposited his fee for admission to the B. L. Examination just over, died on the 25th of September last, and requesting that the fee paid by the deceased may be refunded.

ORDERED—

That the fee be refunded.

- 433. The Registrar enquired whether students attending lectures for the Pleadership Examination may attend the Tagore Law Lectures and whether they are eligible for admission to the Examination held by the Tagore Law Professor.

ORDERED—

That students attending lectures for the Pleadership Examination be permitted to attend the Tagore Law Lectures, but be not admitted to the Examination held by the Tagore Law Professor.

434. Read a letter from Babu Ambikacharan Ukil, M. A., forwarding a copy of "Easy Steps in Logic" compiled by him in conjunction with a friend, and requesting that the book may be laid before the Syndicate with a view to its claims for recognition as a text-book being judged by them.

ORDERED—

That the book be referred to the Board of studies in Mental and Moral science.

435. Read a letter from Babu Nisikanta Nag, forwarding three copies of a Poetical Readers in Bengali, entitled "*Bhaba-Balli*," by Babu Prasannakumar Guha, deceased, and requesting its adoption as a text-book for the Entrance Examination.

ORDERED—

That the book be referred to the Board of studies in Sanskrit and Sanskritic languages.

436. Read a letter from Messrs. S. K. Lahiri and Co., Publishers and Book-sellers, requesting that they may be appointed agents for selling copies of the University Calendar for which they will charge no commission if they are permitted to insert into the Calendar a few pages of advertisements to be printed by them at their own cost.

ORDERED—

That the request cannot be complied with.

437. Read a letter from the Secretary to the Daulatpur Hindu Academy, requesting that in view of the fact that the Government of India have deferred consideration of the application for the affiliation of the Institution up to the F. A. Standard, the Syndicate may be pleased to pass such orders as may enable the eligible students in the Second year class of the above named Academy to appear at the ensuing F. A. Examination.

ORDERED—

That the eligible students in the 2nd year class of the Daulatpur Hindu Academy be permitted to appear at the ensuing F. A. Examination.

438. Read an application from Mr. A. F. Connor, who has passed the Intermediate Examination of the Punjab University, requesting permission to appear at the B. A. Examination of this University and enclosing the written permission of the Registrar, Punjab University, in support of his request.

ORDERED—

That Mr. A. F. Connor be permitted to appear at the B. A. Examination of this University, on his satisfying the conditions of eligibility other than the production of an F. A. certificate.

439. Read an application from Jatindranath Mukerjee, an unsuccessful candidate at the last First L.M.S. Examination, who is refused admission to further lectures in the Medical College, praying for permission to appear at a subsequent First L. M. S. Examination, without further attendance at lectures.

ORDERED—

That the Syndicate recommend to the senate that, under the circumstances, Jatindranath Mukerjee be per-

mitted to appear at a subsequent 1st L. M. S. Examination, without further attendance at lectures.

440. Read a letter from the Inspector of Schools, Presidency Division, inquiring whether a teacher of the Majdia Rail bazar High School, who intends to appear at the next B. A. Examination, may count the period of his deputation at the Madrasa gymnasium as part of his service at the School.

ORDERED—

That the period of his deputation at the Madrasa Gymnasium be counted as part of his service at the school.

441. Read an endorsement from the Principal, Morris College, forwarding an application from Kesheo Madha Panchbhai who is short of the requisite attendance in Sanskrit, History, and Mathematics, praying that he may be permitted to appear at the ensuing F. A. Examination, without further attendance at lectures on the ground that the College has been closed on account of the plague.

ORDERED—

That the application be granted.

442. The Registrar laid before the Syndicate the following scheme, prepared by B. Heaton, Esq., for the Examination for Honours in Electrical Engineering :—

The Examination shall be held at the Senate House on the days and in the order stated below :—

Date.	January.	From 10 A.M. to 1 P.M.	From 2 P.M. to 5 P.M.
Monday	Statics and Optics.	Dynamics and Spherical Trigonometry.
Tuesday	Theory of Electricity and Magnetism	* Telegraphy (1st Paper).
Wednesday	* Telegraphy (2nd Paper).	* Electric Lighting and Transmission of Power (1st Paper). ..
Thursday	* Electric Lighting and Transmission of Power (2nd Paper)	* Electric Lighting and Transmission of Power (3rd Paper.)
Friday	* Electro-metallurgy and Electrical Instruments.	Practical Examination in Electrical measurements.

1. Besides the written Examination there shall be an Oral Examination in the subjects marked with an asterisk in the above programme. The dates for holding the Oral Examination shall be fixed by the Examiner in consultation with the Registrar.

2. One hundred marks shall be allotted to each paper.

3. The remuneration for conducting the Examination be as follows :—

Setting a paper	Rs. 100	0	0	
Examining a paper	„	5	0	0
Practical Examination (for each candidate)	„	5	0	0
Oral Examination (do.)	„	5	0	0

The following Board of Examiners be appointed to conduct the ensuing Examination for Honours in Electrical Engineering to be held on the 11th January, 1904, and following days :—

Statics and Optics	J. A. Cunningham, Esq.
Dynamics and Spherical Trigonometry	
Theory of Electricity and Magnetism	V. H. Jackson, Esq.
Telegraphy	M. G. Simpson, Esq.
Electric Lighting and Transmission of Power	J. W. Meares, Esq.
Electro-Metallurgy and Electrical Instruments	V. H. Jackson, Esq.
Practical Examination in Electrical Measurements	

ORDERED—

That the scheme be accepted, and the Examination be conducted accordingly.

443. Rai Chunilal Basu, Bahadur, M.B., F.C.S.,
moved that the following syllabus in Physiology be adopted
for the F. A. Examination:—

1. A general view of—

(A) The Anatomy of the animal body as explained by diagrams,
including—

(a) The relations of the organs of the animal body,
and

(b) The histology of the elementary tissues.

B) The application of mechanical principles in locomotion.

2. The chemical constitution of the body.
3. The chemical composition of food.
4. The maintenance of tissue equilibrium in the animal body.
- 5.^c The processes of digestion.

Ditto absorption.
 Ditto elimination.
 Ditto secretion.
 Ditto excretion.
 Ditto thermotaxis.
 Ditto respiration—(internal and external).

6. The phenomena and physics of the circulation of the blood.
7. The general chemistry of the blood.
8. A general knowledge of the anatomy and physiology of the brain and spinal chord.
9. The physiology of the organs of special sense—(Skin, Tongue, Nose, Ear, Eye)—physically considered.
10. The production of speech.

The Hon'ble Dr. Asutosh Mukhopadhyay seconded the motion, which was carried.

444. The Hon'ble Dr. Asutosh Mukhopadhyay moved—that in order to pass the M. A. Examination in Natural and Physical science, a candidate be required to obtain a minimum aggregate of marks in the Practical Papers.

Babu Gaurisankar De seconded, and the Rev. Father E. Lafont, S.J., supported, the motion, which was carried.

445. The Hon'ble Dr. Asutosh Mukhopadhyay moved—that the minimum aggregate required (by the last Resolution) be fixed at 25 per cent.

The Rev. Father E. Lafont, S.J., seconded the motion.

Rev. E. M. Wheeler moved, as an amendment, that the minimum aggregate be fixed at 30 per cent.

Mr. W. H. Arden Wood seconded the amendment, observing that it would not be difficult for the candidates to obtain 30 per cent in the aggregate.

The Rev. Father E. Lafont, S.J., pointed out that, having regard to the fact that candidates might be called upon to use instruments which they had never handled before, and to the further fact that defects in the instruments might materially affect the results, especially when quantitative

results were demanded, the Practical Examination was by no means so easy as it was supposed to be.

Babu Jogendranath Sen supported the motion.

In putting the amendment to the meeting, the Hon'ble the President remarked that, in the course of his experience, which extended over thirty-one years, he had found that students obtained considerably higher marks in the Practical Examination than in the Theoretical. He thought that 25 per cent would be too low a minimum and that 30 per cent would be more reasonable.

Thirteen voted for the amendment, and eight against. The amendment was carried, and the original motion fell through.

446. Dr. Nilratan Sarkar moved that the M. A. Practical Examination in each of the Natural and Physical Science Groups, be conducted conjointly by two Examiners.

The Rev. Father E. Lafont, S. J., seconded the motion, which was carried.

447. The following syllabus in Practical Chemistry for the B. Sc. Examination was laid on the table :—

• *Pass Course*

The use of the Bunsen burner.

To make a wash-bottle.

The use of the Balance for Ordinary weighing.

Preparation and tests of Oxygen, Hydrogen, Ammonia, Chlorine, Carbon dioxide, Hydrogen sulphide, Nitric acid, Hydro-chloric acid.

The Examination of single salts containing the following bases :— Sodium, potassium, ammonium, silver, calcium, magnesium, zinc, copper, mercury, lead, tin, aluminium, antimony, bismuth, chromium, manganese, iron, and the following acids :—

Hydro-chloric, nitric, carbonate, sulphuric.

Honour Course.

Same as Pass Course, with the substitution of the following for the last paragraph :—

Substances will be given for analysis, containing not more than two bases and two acids from among the following bases :—

Sodium, potassium, ammonium, silver, calcium, magnesium, zinc, copper, mercury, lead, tin, aluminium, antimony, bismuth, chromium, manganese, iron and the following acids :—

Hydro-chloric, nitric, carbonic, sulphuric, phosphoric, acetic, oxalic, and tartaric.

The Hon'ble the President traced the development of the Scientific course in the University from the time when he came out to the Institution of the B. Sc. Degree. Speaking of Chemistry, he remarked that no practical knowledge was required when he first took up its teaching. The introduction of Practical Chemistry into the B. A. Honour Course, in Chemistry was a work of years, and did not amount to much as a test of practical knowledge. The B. Sc. Course was intended to be a really scientific course, stiffer than the B. A. Honour Course, and not admitting of being crammed up by a mere study of books. The adoption of the syllabus on the table would throw the study of Chemistry ten years back, and require less than what he taught for the B. A. Honour Course. Any Board School in England would not regard such a syllabus as adequate. He was not responsible for the action of the Syndicate in the matter.

Dr. Nilratan Sarkar moved that the Syllabus be adopted. He observed that it was not desirable to start with a stiff syllabus.

Rai Chunilal Basu, Bahaḍur, seconded the motion, with the addition of 'hydriodic, hydrobromic, hydrofluoric, phosphoric, boric, sulphurous' to the acids specified in the Pass Course, and of "citric, hydrobromic, hydriodic, hydrofluoric, boric, sulphurous" to the acids specified in the Honour Course. He remarked that the syllabus prepared by Mr. Wood which the Board modified, was stiff as involving knowledge of theories, quantitative work, and analysis of mixed acids.

The additions were accepted by the mover.

Mr. W. H. A. Wood opposed the adoption of the syllabus. It took him back to the stage at which the study of Chemistry was twenty five years ago, and ignored all the advance made since; even the course for beginners, at the present day was more difficult, Chemistry was essentially quantitative. A much longer and harder syllabus had, as a matter of fact, been already overtaken in the Presidency College with creditable results. He moved as an amendment, that the Syllabus be referred back to the Chemistry Board.

Mr. A. M. Bose seconded the amendment which was supported by the Hon'ble Dr. Asutosh Mukhopadhyay with the addition that the Board be requested to report in four weeks.

The Rev. Father E. Lafont, S.J., remarked that while quantitative results might be demanded of B.Sc. candidates in the Practical Chemistry Examination, it would be impossible for them under the conditions of the Examination, to be accurate.

In putting the amendment to the vote, the Hon'ble the President referred to the Presidency College syllabus as longer and involving quantitative work, and observed that the study of Chemistry should be so regulated as to enable students to work out Chemical Laws themselves.

At this stage, the original motion was withdrawn.

The amendment was accordingly put as a substantive motion, and was carried.

448. Dr. Nilratan Sarkar moved that the note at present appended to the list of text-books for the B. A. and B. Sc. Examinations, namely "*The Examination in Chemistry shall be on the subject as defined by the syllabus and shall not necessarily be confined to the books recommended to be used in studying the subject*" be omitted.

Dr. Sarkar did not see the necessity for this note in connection with Chemistry when no such note was appended to the list of text-books in other scientific subjects.

Rai Chunilal Basu, Bahadur, seconded the motion.

The Hon'ble Dr. Asutosh Mukhopadhyay was unable to support the motion. The Syllabus was a move in the right direction, and a similar note was appended to the list of text-books in Mental and Moral science. Students were expected to study subjects.

Rev. E. M. Wheeler supported The Hon'ble Dr. Asutosh Mukhopadhyay. The note was decided improvement.

Babu Jogendranath Sen held that it was dangerous to allow Examiners to go beyond the books to the Syllabus.

The Hon'ble Babu Bhupendranath Basu supported Dr. Sarkar. Most of the students were too poor to provide themselves with a number of books.

The Rev. Father E. Lafont S. J., remarked that the omission of the note would be a protection against the vagaries of Examiners.

Maulavi Muhammad Yusuff, Khan Bahadur, thought that Dr. Sarkar's motion was reasonable. The note was a condemnation of the text-books.

Mr. W. H. Arden Wood remarked that the objection to the syllabus had not the same force with reference to the higher Examinations, as in the lower Examinations. It was desirable to define the subjects to be studied. It would not do to draw a hard and fast line. Important topics were sometimes neglected in books, and books were not already up to date. Students should not be ignorant of the latest developments of the subject they studied.

Mr. A. M. Bose regretted he could not agree with Mr. Wood. It was in connection with the B. Sc. Examination that the Syllabus system had given rise to complaints, and the validity of the complaints could not be questioned.

The Rev. A. P. Begg remarked that subjects were prescribed and not books. Books were not available that would fully cover the Syllabus.

In putting the motion to the vote, the Hon'ble the President remarked that it would be an unwise state to adopt Dr. Sarkar's proposal. It would lower the B. Sc. standard. To confine one-self to text books, was one of the most degrading methods of teaching. The Syllabus was an imitation to read largely and afforded an opportunity for Professors to be really helpful to their students. He, for, one, had always lectured on subjects not on text-books.

The motion was lost.

449. The Hon'ble Dr. Asutosh Mukhopadhyay moved—that it is not desirable, at present, to alter the conditions for passing in Mathematics at the M. A. Examination.

Mr. A. M. Bose seconded the motion, which was carried.

450. Mr. E. B. Havell moved—"that the Faculty request the Syndicate to withdraw from the list of text-

books prescribed for the Entrance Examination, the Book on Model Drawing by E. C. Dozey."

In making the motion, Mr. Havell proceeded to criticise the book which he characterised as burdened with serious errors and with a confused quantity of matter quite irrelevant to the subject of the Examination. He referred, in particular, to the use of the term "Spheroids"; the definition of a vanishing point, and the diagrams intended to explain the correct drawing of a hexagonal prism.

The Hon'ble Dr. Asutosh Mukhopadhyay explained that the book had been referred by the Syndicate to Mr. Heaton, and adopted as a text-book on Mr. Heaton's recommendation. Having regard to the violence of the attack, however, he would move that the Faculty request the Syndicate to have the book re-examined.

Rai Chunilal Basu, Bahadur, seconded the motion.

On the motion of the Rev. E. M. Wheeler, seconded by Maulavi Muhammad Yusuff, Khan Bahadur, it was added to the motion, that Mr. Havell be requested to reduce his criticisms to writing, so that they may be considered when the book is re-examined.

The motion was carried.

451. The Registrar laid before the Faculty, letters from Syed Ashrafuddin Ahmad, Khan Bahadur, Matwalli, of the Hughli Imambarah, Maulavi Muhammad Sami-ulla Khan, C. M. G., and the Muhammadan Defence Association, protesting against the ensuing F. A. and B. A. Examinations being held during the first ten days of the Moharrum.

Maulavi Muhammad Yusuff, Khan Bahadur, moved that as the dates fixed for the F. A. and B. A. Examinations fall during the Moharrum, the Faculty of Arts recommend that the matter be reconsidered by the Syndicate with the view of altering the dates if possible, regard being had to the feelings of the Muhammadan community on the Moharrum question.

The Hon'ble the President declared the motion out of order, regard being had to bye-law 13 relating to the Syndicate.

Mr. A. F. M. Abdur, Rahman, Khan Bahadur, remarked that, whatever his own views might be on the question, he agreed with the Hon'ble the President in thinking that the question could not be taken up at the Faculty meeting.

452. The Registrar laid before the Senate the following Report of the Committee appointed to consider the Universities Bill :—

In submitting our Report we have the honour, without re-opening questions which have already been considered by the Senate, to make the following proposals with reference to some of the provisions of the Bill :—

I. That in Section 3, for the words "subject to the approval of the Government," be substituted, the words "subject to a general power of intervention on the part of the Government."

We appreciate the Section as enlarging the scope of the University, an enlargement for which the Senate moved as far back as 1890. The modification, we propose, would obviate the necessity for multiplied references, such as clause (d) seems to involve, which are likely to cause frequent delay, and would remove the apparent inconsistency between clause (a) and the power "of making provision for the instruction of students," conferred on the University in the former part of the Section.

II. That in Section 4, Sub-section 1, for "five," be substituted "ten."

(Five of us were in favour of this proposal, and two against. Two of the members were not present.)

III. That Section 6 be so modified as to provide (a) that in forming the first Senate under the new Act, if the number of Fellows is to be one hundred, seventy should be nominated by the present Senate out of their own number, subject to the approval of the Government, and thirty by the Government out of the existing Fellows or from other sources; (b) that for the future, the number of Fellows required, should be made up partly by election and partly by nomination, the Graduates electing twenty-five per cent., and the Faculties or the Senate electing fifteen per cent., subject to the approval of the Government, and that Government nominating sixty per cent.; and (c) that the elections and nomination should take place in the following order: (1) the election by the Graduates, (2) the election by the Faculties or the Senate, and (3) the nomination by the Chancellor.

IV. (1) That in Section 7, Sub-section 2, for clauses (b) and (c), be substituted, the words "Graduates in any Faculty of ten years' standing or upwards."

The modification we propose, will provide for the inclusion, in the Register, of Graduates in the Faculties of Medicine and Engineering, very few of whom have taken the highest degree in those Faculties, while it will not increase the number of Registered Graduates.

(2) That in Section 7, Sub-section 2, for the words "upon application made within the period of one year from the commencement of this Act or from the date on which he becomes so entitled," be substituted, the words "provided that if the application therefor is not made within the period of one year from the commencement of this Act or from the date on which he becomes so entitled, he shall be called upon to make such further payment as may be prescribed by the bye-laws to be made in that behalf."

(3) That in Section 7, Sub-section, 3, for the words "all arrears" be substituted, the words "such amount as may be prescribed by the bye-laws to be made in that behalf," with the addition of the words "provided that on payment of a composition-fee of twenty-five Rupees at any time, a Graduate shall be exempted from the payment of any further fee on that account."

(It was proposed that in Section 9, Sub-section I, the words "or Graduates in" should be omitted, and that in the same Section Sub-section 2, for the words "Members of or Graduates in the Faculty shall be qualified to elect or to be elected," should be substituted, the words "Members of or Graduates in the Faculty shall be qualified to be elected." Two of us were in favour of the proposal and five against. Two of the members were not present.)

V. That in Section 11, Sub-section 2, after "Convocation," be inserted, the words "or a meeting of a Faculty,"

VI. That in Section 12, clause (c) be so modified as to dispense with the introduction of any thing in the nature of a lottery into the proceedings of the University.

VII. (1) That in Section 13, Sub-section 3, after the word "cease," be inserted, the words "for the time being."

(2) That in Section 13, Sub-section 4, after "Honorary Fellows," be inserted, the words "nominated under Sub-section 2."

VIII. (1) That in Section 15, Sub-section 1, clause (c) be so modified as to make it clear (a) whether the words "representing the various Faculties" are to be taken in connection with the words "Ordinary Fellows;" and (b) whether the Syndicate shall, as a body, be reconstituted every two years, and whether, in that case, a member elected to fill up a vacancy, shall be elected for a full period of two years, or only for the remainder of the two years.

(2) That in connection with Section 15, Sub-sections 2 and 3, in which statutory provision is made for the representation of teachers on the Syndicate, similar provision should be made for the due representation of teachers on the Senate, and so as duly to safeguard the interests of Government, Aided, and Unaided Colleges respectively.

We apprehend that Sub-sections 2 and 3 may be found unworkable as regards a proper representation on the Syndicate, of the Faculties of Law and Engineering.

IX. That in Section 18, after the words "if the Senate shall," be inserted, the words "by a majority of two-thirds of the members present at the meeting called therefor."

X. That in Section 19, after the words "a College," be inserted, the words "or other Institution," and so, wherever the word "College" occurs in the Bill.

XI. (1) That in Section 21, Sub-section I, clause (b), the words "and the terms on which they are engaged" be omitted.

(2) That in Section 21, Sub-section 1 clause (c), the words "and that due provision will be made for the residence, supervision, and physical welfare of students" be omitted.

We think that the provisions in Section 3, clause (c), and Section 25, Sub-section 2, clause (m) are sufficient for the purpose.

(3) That clause (d) in Sub-section 1 of Section 21, be omitted.

(4) That in Section 21, Sub-section 1, clause (e), the word "permanent" be omitted.

(5) That in Section 21, Sub-section 2, for clauses (a) and (b), be substituted, the words "make such inspection and inquiry as may appear to them necessary."

XII. (1) That in Section 23, Sub-section 1, after the words "may require," be inserted, the words "to judge of the continued efficiency of the College."

(2) That in Section 23, Sub-section 2, after the words "Syndicate may," be inserted, the words "when they deem it necessary."

XIII. (1) That Section 24 be so modified as to provide that where both the Syndicate and the Senate are against a proposal to disaffiliate a College, the matter need not go up to the Government.

(2) That Section 24, be further modified by inserting in Sub-section 2, after the word "shall" and before the words "make a report to the Senate," the words "should they be in favour of such proposal, or should they consider a reference to the Senate otherwise desirable."

(Four of us were in favour of this proposal, and two against. Three of the members were not present.)

XIV. That in Section 26, Sub-section 2, for the words "after consulting (if necessary) such persons, not more than three in number, as the Senate may depute in this behalf," be substituted, the words "after consulting the Senate (if the Government consider any additions or alterations necessary)".

We need not add that, should the Sections referred to by us be modified in the way we propose, other Sections would have to be modified accordingly.

NOTES OF DISSENT.

Proposal II of the Committee's Report.

We think that the provision in section 4 Sub-section (I), of the Bill, making Ordinary Fellowships tenable for five years, should stand.

A. C. EDWARDS.

JOHN MORRISON.

Proposal VI.

In view of the changes now proposed to be made in Section 6, Sub-section (I), of the Bill, providing for the election of twenty-five instead of

ten Fellows by Graduates we think that the words "or Graduates in" in Section 9, Sub-section (I), should be omitted.

Necessary modification would have also to be made in Sub-section (2).

A. C. EDWARDS.

JOHN MORRISON.

Proposal XIII.

We dissent from Proposal XIII (2) because it gives a discretion to the Syndicate, which is not given to the Senate. It also seems inconsistent with Proposal XIII--(1).

Report of the committee of the Senate on the Universities Bill.

NOTE OF DISSENT.

(1). I do not agree to the substitution of "ten" for "five" in Section 4, Sub-section (I)

(2). I am in favour of the omission of the words "of Graduates in" in Section 9, Sub-section (1).

(3) I do not agree to the omission in Section 21, Sub-section (1) clause (c) of the words "and due provision will be made for the residence, supervision and physical welfare of students." I consider the clause, as it stands, contains one of the most salutary provisions of the proposed enactments. In my opinion it is of vital importance that students who are collected together in any large centre of population should be properly housed and looked after.

I do not think the provisions in Section 3, clause (c) and Section 25, Sub-section 2, clause (m) are sufficient to meet the object in view. I consider that even if the word "residence" is omitted, the rest should stand.

Report of the Committee of the Senate on the Universities Bill.

We have signed the Report subject to following Note :—

In Para. III of the Report we suggest that after the words “60 per cent.” at the end of (b), the words “the number of Ordinary Fellows being fixed at 100,” be added. Unless this is done, the total strength of the Senate may be fixed at so low a figure as fifty or forty, or in fact any figure not less than thirty which is the minimum prescribed by Section VI of the Act of Incorporation. The matter, we may add, was not voted upon at any meeting of the Committee, but has been left for consideration by the Senate.

Para. VIII. It may perhaps be desirable to lay down that a certain minimum proportion (to be prescribed in the bye-laws) of teachers should be appointed to the Senate, the appointment being made in such a way as to duly safe-guard the interests of all classes of Colleges, *viz.*, Government, Aided, and Unaided Institutions. But we are opposed to a statutory provision being made for the representation of Teachers in the Syndicate. We would leave the Senate, reformed and reconstituted as it is going to be under the Bill, at liberty to send those to represent it in the Syndicate whom it considers most competent and best suited for the purpose. If the Senate cannot be trusted to duly discharge this duty, we do not know what work it can be trusted to do. We need not refer to the contingency of the provision being unworkable in the case of two of our four Faculties, as this has already been pointed out in the Report.

Para. XIII. We would put in the words “Should the opinion of the Senate be in favour of the proposal” at the commencement of Section 24, (3), *i.e.*, before the words “The Syndicate shall submit.” This would put the Senate in the same position as the Syndicate and avoid the necessity of a reference to Government when the Senate is opposed to the proposal for disaffiliation.

16, TALTOLAH,

Calcutta, the 29th December, 1903.

To

THE REGISTRAR,

University of Calcutta.

SIR,

I beg to give notice that at the special meeting of the Senate to be held on Saturday, the 2nd January, 1904, at 3 P.M., I shall move—“That the Senate do recommend that the following be added :—

(1). to Section 6, cl. (c) of Sub-sections (1) and (2) of the Indian Universities Bill :—'Provided always that in making such nomination due regard shall be paid to an adequate representation of the religious communities which send their children to the Universities.'

(II). to Section 15, Sub-section (1), cl. (c) of the Indian Universities Bill :—'Provided always that in such election due regard shall be paid to an adequate representation of the religious communities which send their children to the Universities'."

I have the honour to be,

SIR,

Your most obedient servant,

A. F. M. ABDUR RAHMAN,

A Member of the Senate.

In opening the proceedings, the Hon'ble the Vice-Chancellor said that the first duty of the Senate was to thank the gentlemen who had served on the Committee for the great care and attention they had bestowed on the subject and the very practical Report they had presented. The course he proposed to follow was to put the points of the Report, one by one, in order that the Senate might have the opportunity of adopting or rejecting them. In doing so, he would also call attention to the Notes of Dissent.

The Rev. Father E. Lafont moved :—

That the Senate, without re-opening the questions on which they have already expressed their opinion at their meetings held on the 28th of February, and the 7th and 14th of March, 1903, proceed to make such suggestions with regard to the provisions of the Indian Universities Bill as, in their view, would better adapt them to the requirements of education in this country.

The Hon'ble Babu Bhupendranath Basu seconded the motion.

Babu Jogendranath Sen inquired whether the Senate could have some assurance that the Government would appreciate the spirit of moderation which animated the Report.

The Hon'ble the Vice-Chancellor replied that as far as he knew any thing of the intention of the Government of India, he thought that, while the Government adhered to the position they had taken up after a full consideration

of the University questions, they were fully conscious of the many difficulties which attended the practical solution of these questions, and were extremely anxious to hear the views of those who were interested in the matter.

The motion was then put to the meeting and carried.

The Report was then considered, each proposal being dealt with separately.

The Rev. Father E. Lafont, S. J., moved—

That in Section 3, for the words “subject to the approval of the Government,” be substituted the words “subject to a general power of intervention on the part of the Government.”

Father Lafont pointed out that the modification would obviate the necessity for multiplied references, such as clause (d) seems to involve, which are likely to cause frequent delay, and would remove the apparent inconsistency between clause (a) and the power “of making provision for the instruction of students” conferred on the University in the former part of the Section.

The Hon’ble Babu Saligram Singh seconded the motion.

The Rev. A. P. Begg thought that the words “subject to the approval of the Government” referred forward to Section 25, which provides for regulations with the sanction of the Government.

The motion was put to the meeting and carried.

The Rev. Father E. Lafont, S. J., moved—

That in Section 4, Sub-section 1, for “five,” be substituted “ten.”

Father Lafont observed that it was a big jump from “for life” to “for five years.” A period of five years was too short to secure interest or to draw out ability.

Maulavi Muhammad Yousuff, Khan Bahadur, seconded the motion.

Mr. A. C. Edwards moved, as an amendment, that Ordinary Fellowships be made tenable for five years. He thought five years were long enough, and pointed out that in the London University, the term of office was only four years.

The Hon’ble Mr. Justice Ameer Ali seconded the amendment.

The Rev. A. P. Begg observed that in the London University, four years meant a full period of four years whereas having regard to interruptions from furlough and other causes, 10 years in the Calcutta University meant practically five years.

The Very Rev. Father A. Neut remarked that useful Fellows would be useful for life. If the very best men were going to be selected, there should be no necessity for the five years limit.

The Hon'ble Babu Bhupendranath Basu said that the proposal of the Committee was intended to be a compromise. It would take a Fellow five years to acquaint himself with the details of the University. It would be a pity to provide that he should cease to hold office, just when he had qualified himself for useful service. The five years limit was also likely to interfere with the independence of a Fellow.

The Rev. Dr. J. Morrison, was in favour of life-Fellows, but as that was contrary to the declared policy of the Government, he would support the five years limit. He expected an increase in the number of elected Fellows. It was not desirable that so long a period as ten years should intervene between one election and another.

Mr. A. M. Bose observed that the limit of five years would not give a Fellow sufficient time to make himself familiar with the affairs of the University and would, it was feared, affect his independence. The London University analogy did not hold. The electorate was differently constituted, and the Senate, practically corresponded to the Calcutta Syndicate.

Rev. E. M. Wheeler suggested that while five years might be a proper limit for elected Fellows, ten years would be a proper limit for nominated members.

The Rev. Father E. Lafont's motion was put to the meeting and carried.

The Rev. Father E. Lafont, S. J., moved—

III. That section 6 be so modified as to provide (a) that in forming the first Senate under the new Act, if the number of Fellows is to be one hundred, seventy should be nominated by the present Senate out of their own number, subject to the approval of the Government

and thirty by the Government out of the existing Fellows or from other sources; (b) that for the future, the number of Fellows required, should be made up partly by election and partly by nomination, the Graduates electing twenty-five per cent., and the Faculties or the Senate electing fifteen per cent., subject to the approval of the Government, and the Government nominating sixty per cent.; and (c) that the elections and nomination should take place in the following order:—(1) the election by the Graduates, (2) the election by the Faculties or the Senate, and (3) the nomination by the Chancellor.

Mr. A. C. Edwards seconded clause (a) of the motion. He said that he thought the principle might be recognised that the existing Senate should be allowed to have some voice in the nomination of their immediate successors. He believed they were at least as well qualified for this as the general body of Graduates or the Faculties, while their fortysix years' service and experience would seem to give them a further claim not to be altogether excluded as a body from representation. The actual proportion of new Fellows to be nominated by the existing Senate together with their qualifications and the number of Teachers among such Fellows, should, he thought, be left for Government to prescribe.

Babu Jogendrachandra Ghose supported the motion not as embodying what would be best but on the ground of expediency.

The Hon'ble Babu Bhupendranath Basu pointed out that the present Senate consisted mostly of nominated members, and any selection made by them would be a selection with full knowledge of the men.

Rev. E. M. Wheeler, moved as an amendment, that provision should be made for election by the Colleges in addition to the other forms of election, and that the election by the Colleges should take place next after the election by the Graduates.

Dr. P. K. Ray seconded the amendment.

Babu Jogendranath Sen observed that, if the Graduates were to elect, the Professors should also be entitled to elect.

Rai Chunilal Basu, Bahadur thought the amendment unnecessary, as the Colleges included the Graduates.

Babu Herambachandra Maitra contended that the amendment was reasonable and would be appreciated by the Colleges.

Mr. A. M. Bose moved that the number of ordinary Fellows be fixed at one hundred. He pointed out that the University had to provide for diverse interests and unless the number were one hundred, it would not be possible to make adequate provision for all interests.

The Hon'ble Babu Bhupendranath Basu seconded the motion.

Babu Jogendranath Sen moved, as an amendment, that in the case of the Universities of Calcutta, Bombay and Madras, the number of Ordinary Fellows shall not be less than one hundred.

Maulavi Muhammad Yousuff, Khan Bahadur, seconded the amendment.

Mr. A. M. Bose thereupon modified his motion so as to have the form, "That should the Government be not pleased to accept the amendment just moved, the number of Ordinary Fellows be fixed at one hundred."

The Rev. Father E. Lafont's motion was carried, subject to the following amendments—

(1) That provision should be made for election by the Colleges, in addition to the other forms of election.

(2) That the election by the Colleges should take place next after the election by the Graduates.

(3) That in the case of the Universities of Calcutta, Bombay and Madras, the number of Ordinary Fellows should not be less than one hundred.

(4) That should the Government be not pleased to accept the amendment (3), the number of Ordinary Fellows be fixed at one hundred.

The Rev. Father E. Lafont, S. J., moved—

IV. (1) That in Section 7, Sub-section 2, for clauses (b) and (c), be substituted, the words "Graduates in any Faculty of ten years' standing or upwards."

He pointed out that the modification would provide for the inclusion, in the Register, of Graduates in the

Faculties of Medicine and Engineering very few of whom had taken the highest degree in those Faculties while it would not increase the number of Registered Graduates.

The Hon'ble Babu Bhupendranath Basu seconded the motion. He pointed out that, as it stood in the Bill, all B. L's, being necessarily also B. A's, would be included in the Register.

Babu Jogendranath Sen drew attention to the misapprehension that students of this University began to graduate M.A. in the year 1867.

Mr. A. M. Bose pointed out that the provision in the Bill placed the Graduates in Medicine and in Engineering at a disadvantage. There were only ten M. D's. and no one had yet taken the highest degree in the Faculty of Engineering.

Rai Chunilal Basu, Bahadur, referred also to the disadvantage at which the Bill placed the Graduates in Medicine.

The motion was carried.

The Rev. Father E. Lafont, S. J., moved :—

(2) That in Section 7, Sub-section 2, for the words "upon application made within the period of one year from the commencement of this Act or from the date on which he becomes so entitled," be substituted, the words "provided that if the application therefor is not made within the period of one year from the commencement of this Act or from the date on which he becomes so entitled, he shall be called upon to make such further payment as may be prescribed by the bye-laws to be made in that behalf."

The Hon'ble Babu Bhupendranath Basu, seconded the motion which was carried.

The Rev. Father E. Lafont, S. J., moved :—

(3) That in Section 7, Sub-section 3, for the words "all arrears" be substituted, the words "such amount as may be prescribed by the bye-laws to be made in that behalf," with the addition of the words "provided that on payment of a composition-fee of twenty-five Rupees at any time, a Graduate shall be exempted from the payment of any further fee on that account."

Mr. A. M. Bose seconded and Babu Jogendrachandra Ghose supported the motion, which was carried.

The Rev. Dr. J. Morrison moved:—

That in Section 9, Sub-section 1, the words "or Graduates in" should be omitted and that in the same section Sub-section 2, for the words "Members of or Graduates in the Faculty shall be qualified to elect or to be elected" should be substituted the words "Members of the Faculty shall be qualified to elect and members of or Graduates in the Faculty shall be qualified to be elected."

Dr. Morrison urged that as under section 6, the Graduates already had the right to elect Fellows, they should not have a further right of election under Section 9. The Faculties were expected to be larger bodies than at present and to consist more largely of experts. They alone should exercise the right of election conferred by Section 9.

Mr. A. C. Edwards seconded the motion.

Babu Jogendranath Sen referred to the obscurity arising from the silence of the Bill in the matter of the constitution of the Faculties.

The Hon'ble the Vice-Chancellor explained that the constitution of the Faculties had been left to the Senate to determine by regulations.

The Hon'ble Mr. Justice Ameer Ali observed that that was why he had joined in the dissent.

The Hon'ble Babu Bhupendranath Basu opposed the motion pointing out that the Section was only permissive, and that Sub-section 2 provided sufficient safeguards.

Rev. E. M. Wheeler supported Dr. Morrison's motion. The operation of Section 9 might result in the Faculties being swamped by Graduates.

The motion was lost.

The Rev. Father E. Lafont, S. J., moved:—

V. That in Section II, Sub-section 2, after "Convocation" be inserted, the words "or a meeting of a Faculty."

The Hon'ble Maulavi Serajul Islam seconded and Babu Jogendranath Sen and the Rev. A. P. Begg supported the motion, which was carried.

The Rev. Father E. Lafont, S. J., moved :—

VI. That in Section 12, clause (c) be so modified as to dispense with the introduction of any thing in the nature of a lottery into the proceedings of the University.

Mr. Abdur Rahman seconded and Babu Jogendra-chandra Ghose supported the motion, which was carried.

The Rev. Father E. Lafont moved :—

VII. (1) That in Section 13, Sub-section 3, after the word "cease," be inserted, the words "for the time being".

The Hon'ble Babu Bhupendranath Basu seconded the motion which was carried.

The Rev. Father E. Lafont, S. J., moved :—

(2) That in Section 13, Sub-section 4, after "Honorary Fellows," be inserted, the words "nominated under Sub-section 2."

The Hon'ble Babu Bhupendranath Basu seconded the motion, which was carried.

The Rev. Father E. Lafont, S. J., moved :—

VIII. (1) That in Section 15, Sub-section I, clause (c) be so modified as to make it clear (a) whether the words "representing the various Faculties" are to be taken in connection with the words "Ordinary Fellows;" and (b) whether the Syndicate shall, as a body, be reconstituted every two years, and whether, in that case, a member elected to fill up a vacancy, shall be elected for a full period of two years, or only for the remainder of the two years.

The Hon'ble Babu Bhupendranath Basu seconded the motion, which was carried.

The Rev. Father E. Lafont S. J., moved :—

(2) That in connection with Section 15, Sub-sections 2 and 3, in which statutory provision is made for the representation of teachers on the Syndicate, a similar provision should be made for the due representation of teachers on the Senate, and so as duly to safeguard the interests of Government, Aided, and Unaided Colleges, respectively.

He observed that if teachers were not sufficiently represented in the Senate the desirable representation of teachers on the Syndicate was not likely to be secured.

Babu Jogendrachandra Ghose seconded the motion.

Mr. A. M. Bose moved as an amendment—"That while it may be desirable to prescribe a certain minimum proportion of teachers (the proportion, to be laid down in bye-laws) to be appointed as Ordinary Fellows and in such a way as duly to safeguard the interests of Government, Aided and Unaided Colleges, respectively, the Senate would omit Sub-sections 2 and 3 of Section 15 of the Bill."

• He pointed out that, without an enforcing statutory provision, teachers were represented on the present Syndicate in the proportion desired. Instead of hampering the Senate with limitations, they might be trusted to return teachers to the Syndicate. In connection with the Faculties of Law and Engineering, it might not be practicable to give effect to the proposed statutory provision.

• Dr. Nilratan Sarkar seconded the amendment which was carried.

The Rev. Father E. Lafont moved :—

IX. That in Section 18, after the words "if the Senate shall," be inserted, the words "by a majority of two-thirds of the members present at the meeting called therefor."

The Hon'ble Babu Bhupendranath Basu seconded the motion which was carried.

The Rev. Father E. Lafont S. J., moved :—

X. That in Section 19, after the words "a College," be inserted, the words "or other Institution," and so, wherever the word "College" occurs in the Bill. •

Rai Chunilal Basu, Bahadur, seconded the motion, which was carried.

The Rev. Father E. Lafont, S. J., moved :—

XI. (1) That in Section 21, Sub-section I, clause (b) the words "and the terms on which they are engaged" be omitted.

Father Lafont observed that it would be inquisitorial to ask for a disclosure of the terms on which the teachers

were engaged. The provision was entirely out of place for example, in his own case and in that of his colleagues.

The motion was seconded by Mr. A. M. Bose, who remarked that it was extremely undesirable to go into the question of the term on which the teachers were engaged. There were teachers who gave their services for love, at any rate, without full remuneration, and the provision was calculated to discourage the growth of such a spirit. Suppose a branch of the Cambridge Mission were to take up the work of teaching here, on a mere pittance, were their services to be appraised by the Syndicate on the basis of the terms on which they were engaged?

The motion was carried.

The Rev. Father E. Lafont, S. J., moved :—

(2) That in Section 21, Sub-section I, clause (c), the words “and that due provision will be made for the residence, supervision, and physical welfare of students” be omitted.

Father Lafont observed that he would be delighted if such provision could be made. But it was impracticable, and attempts made in that behalf had ended only in disappointment.

Babu Saradacharan Mitra contended that such a provision was absolutely necessary. It would apply, of course, to new Colleges and not to existing Colleges.

Maulavi Seraj-ul Islam, Khan Bahadur, opposed the motion. He thought the provision was of vital importance in the interests of Mahomedan students.

Rev. E. M. Wheeler supported the motion. Unaided Colleges would go out of existence if such a condition was imposed. Let the University provide licensed houses, and require students to lodge in those houses.

Mr. Abdur Rahman agreed in thinking that, while the provision was important, it was not practicable. He would, therefore, move for the omission of the word “residence” only.

Babu Herambachandra Maitra suggested the omission also of the word “physical.”

Mr. Abdur Rahman accepted the suggestion and moved as an amendment that the words “residence and physical” be omitted.

Babu Herambachandra Maitra seconded the amendment.

Dr. P. K. Ray pointed out that the clause purported only to lay down an ideal. They were all agreed that some such provision should be made. They were only apprehensive that it was not practicable. If the initiative were taken by the Government, other bodies would struggle to follow the example.

Mr. A. M. Bose pointed out that the words "supervision" and "welfare" were vague. It was one thing to lay down an ideal, but quite another thing to impose a statutory obligation. There was no such provision in connection with the London University or the Scotch Universities, even in Oxford and Cambridge, the requirement was only partially met. It was for the University or the Government or both to undertake the duty. Section 23 would make the provision applicable to existing Colleges as well as to future Colleges and, at any rate, the interests of future Colleges should be equally safeguarded.

The amendment was lost and the original motion carried.

The Rev. Father E. Lafont S. J., moved :—

(3) That clause (d) in Sub-section 1 of Section 21, be omitted.

Mr. A. M. Bose seconded the motion, which was carried.

The Rev. Father E. Lafont, S. J., moved :—

(4) That in Section 21, Sub-section 1, clause (e), the word "permanent" be omitted.

The Hon'ble Babu Bhupendranath Basu seconded the motion, which was carried.

The Rev. Father E. Lafont, S. J., moved :—

(5) That in Section 21, Sub-section 2, for clauses (a) and (b), be substituted, the words "make such inspection and inquiry as may appear to them necessary."

Babu Jogendrachandra Ghose seconded the motion, which was carried.

The Rev. Father E. Lafont S. J., moved :—

XII. (1) That in Section 23, Sub-section 1, after the words "may require," be inserted, the words "to judge of the continued efficiency of the College."

The Hon'ble Babu Bhupendranath Basu seconded the motion.

Dr. P. K. Ray thought that the motion limited the scope of the inquiry too much, and assumed that the enquiry would not be unsympathetic.

Mr. A. M. Bose observed there was not the slightest approach to any such suspicion.

The motion was carried.

The Rev. Father E. Lafont, S. J., moved :—

(2) That in Section 23, Sub-section 2, after the words "Syndicate may," be inserted, the words "when they deem it necessary."

The Hon'ble Babu Bhupendranath Basu seconded the motion, which was carried.

The Rev. Father E. Lafont, S. J., moved :—

XIII. (1) That Section 24 be so modified as to provide that where both the Syndicate and the Senate are against a proposal to disaffiliate a College, the matter need not go up to the Government.

Babu Jogendranath Sen seconded the motion, which was carried.

The Rev. Father E. Lafont, S. J., moved :—

(2) That Section 24 be further modified by inserting in Sub-section 2, after the word "shall" and before the words "make a report to the Senate," the words "should they be in favour of such proposal, or should they consider a reference to the Senate otherwise desirable."

The Hon'ble Babu Bhupendranath Basu seconded the motion.

Mr. A. C. Edwards pointed out that the motion gave to the Syndicate a discretion which was not given to the Senate. It also seemed inconsistent with the motion already carried.

Rev. E. M. Wheeler observed that the motion was stultifying.

The Rev. Dr. J. Morrison and Mr. A. M. Bose thought there was no inconsistency.

The motion was carried.

The Hon'ble Babu Bhupendranath Basu moved :—

That at the commencement of Sub-section 3 of Section 24 of the Bill, before the words "The Syndicate shall submit" be inserted the words, "should the opinion of the Senate be in favour of the proposal."

Dr. Nilratan Sarkar seconded the motion, which was carried.

The Rev. Father E. Lafont, S. J., moved :—

XIV. That in Section 26, Sub-section 2, for the words "after consulting (if necessary) such persons, not more than three in number, as the Senate may depute in this behalf," be substituted, the words "after consulting the Senate (if the Government consider any additions or alterations necessary.)"

Babu Jogendrachandra Ghose seconded the motion.

The Hon'ble the Vice-Chancellor explained that the power of the Senate was to remain exactly as it now was. Regulations had to be made for a fresh start and the Government would allow the Senate to make them. There was no desire to over-bear the University. The power to interfere was to be exercised only if the University failed to do its duty.

The motion was carried.

Mr. Abdur Rahman moved :—

"That the Senate do recommend that the following be added :—

(I). to Section 6, cl. (c) of Sub sections (1) and (2) of the Indian Universities Bill :—"Provided always that in making such nomination due regard shall be paid to an adequate representation of the religious communities which send their children to the Universities."

(II). to Section 15, Sub-section (1), cl. (c) of the Indian Universities Bill :—"Provided always that in such election due regard shall be paid to an adequate representation of the religious communities which send their children to the Universities."

Mr. Rahman urged that in forming the new Senate, the different religious communities should be given adequate representation. The same principle should regulate nominations to the Syndicate.

The Hon'ble Babu Bhupendranath Basu seconded the motion.

Mr. A. M. Bose opposed the motion. He observed that it would be unworkable. The introduction of the religious test would lead to complications which were not desirable.

The motion was lost.

Babu Saradacharan Mitra moved that clause (g) of Sub-section 1 of Section 21 be omitted.

Babu Ramcharan Mitra seconded the motion. He observed that the provision ignored such Colleges as Fergusson College, which could afford to charge small fees.

Rai Chunilal Basu, Bahadur, opposed the motion. He thought the provision was most salutary.

The motion was lost.

Dr. P. K. Ray moved :—

That in Section 15, Sub-section 1, clause (c) for the words "nine and fifteen" be substituted the words "twelve" and "twenty" respectively. He pointed out that the powers of the Syndicate were going to be enlarged, and it was desirable that there should be a larger and more adequate representation on the Syndicate, both of Metropolitan and of Mofussil Colleges. The London Senate, which was the counterpart of the Calcutta Syndicate, was numerically stronger.

Mr. A. M. Bose seconded the motion, referring to the numerical strength of the Syndicates of the Allahabad and Punjab Universities.

The motion was carried.

455. Read the following Report of the Committee on Remuneration to Guards at Moffusil Centres :—

"We are of opinion that gentlemen, employed as guards at Examination centres in the moffusil ought to be remunerated.

We recommend that a grant should be made to the Presiding Officer of each centre, of one Rupee for every candidate examined at that centre, for the remuneration of the gentlemen employed by him as guards, which should not exceed the amount of the grant. Presiding Officers will be expected to report to the Registrar how this arrangement works.

We recommend that the guards' remuneration bill of forty Rupees from the Deputy Commissioner, Darjeeling, should be paid.

464. The 13th of February was fixed for holding the annual convocation of the Senate for conferring degrees.

465. The following dates were fixed for holding the University Examinations in 1904 and 1905 :—

(a) M. A. Premchand Roychand Studentship, B. L. and Honours-in-Law Examinations and the Re-examination of the unsuccessful Second L. M. S. and Second M. B. candidates in 1904—21st November, 1904 and following days.

(b) Entrance Examination in 1905—6th March and following days.

(c) F. A., B. A., and B. Sc. Examinations in 1905—22nd March and following days.

466. The Registrar reported that Babu Krishnakamal Bhattacharyya being unable, owing to ill health, to look over some of the M. A. answer papers in Sanskrit, he had, in anticipation of the orders of the Syndicate, and in accordance with the suggestion of Babu Krishnakamal Bhattacharyya, made over these papers to Babu Nrisinha Chandra Mukerjee for being marked.

RESOLVED—

That the action of the Registrar be approved.

467. The Registrar stated that a vacancy having been caused in the list of Examiners in Mathematics at the ensuing Entrance Examination, by the death of Babu Gobindalal Set, M.A., it was necessary to appoint another Examiner in the place of the deceased.

RESOLVED—

That Babu Satischandra Basu, M. A., be appointed an Examiner in Mathematics at the ensuing Entrance Examination, in the place of Babu Gobindalal Set, M. A., deceased.

468. Read a letter from Major R. H. Charles, M.D., I.M.S. declining to accept the appointment as Examiner in Zoology at the ensuing B. Sc. Examination.

RESOLVED—

That Major A. W. Alcock, M.B., C.I.E., LL.D., F.R.S., I.M.S., be appointed Examiner in Zoology at the ensuing B. Sc. Examination.

469. Read a letter from Mr. C. Russell, stating that he is unable to accept the appointment of Examiner in Philosophy at the ensuing B. A. Examination.

RESOLVED—

That Rev. W. S. Urquhart, M. A. be appointed an Examiner in B. A. (Pass) Philosophy, and that in his place Rev. E. W. Franks, M. A., be appointed an Examiner in B. A. (Pass) English.

470. Read a letter from Mr. W. W. Hornell, declining to accept the appointment of Examiner in Greek at the ensuing Entrance Examination.

RESOLVED—

That Rev. Father L. Stevens S. J., be appointed Examiner in Greek at the ensuing Entrance Examination.

471. Read a letter from Mr. E. B. Havell, A.R.C.A., declining to accept the appointment of Examiner in Drawing at the ensuing Entrance Examination, on grounds therein stated.

ORDERED—

To be recorded.

472. Read a letter from Mr. C. Little, M. A., stating that he is unable to accept the appointment of Head Examiner in Mathematics at the ensuing F. A. Examination, as he expects to be on leave at the time when the Examination will be held.

RESOLVED—

That Mr. G. W. Kuchler be appointed Head Examiner in Mathematics at the ensuing F. A. Examination and that in his place Mr. F. Turner be appointed Examiner in B. A. (Honours) Mathematics.

473. Read a letter from Babu Krishnakamal Bhattacharyya, stating that on account of ill health he is unable to accept the appointment of Head Examiner in Sanskrit at the ensuing F. A. Examination.

RESOLVED—

That Babu Nrisinhachandra Mukerjee be appointed Head Examiner in F. A. Sanskrit, and that in his place Mahamahopadhyay Haraprasad Sastri be appointed Head Examiner in Entrance Sanskrit and Bengali.

That Babu Kunjalal Nag be appointed B. A. Sanskrit Examiner in the place of Mahamahopadhyay Haraprasad Sastri.

That Babu Brajalal Chakrabarti be appointed F. A. Sanskrit Examiner in the place of Babu Kunjalal Nag.

That Babu Hrishikes Sastri be appointed Entrance Sanskrit Examiner in the place of Babu Brajalal Chakrabarti.

474. Read an endorsement from the Under-Secretary to the Government of India, in the Home Department, forwarding, for disposal, a letter from Babu Gopalchandra Bhattacharyya, praying that the answer paper of Roll Cal. 529 may be re-examined.

ORDERED—

That no action be taken.

475. Read a letter from the Director of Public Instruction, Bengal, stating that Maung Tin and Maung Shwe Aung from Burma having joined schools in Calcutta without transfer certificates, are guilty of violating the Transfer Rules and should not, therefore, be allowed to appear at the ensuing Entrance Examination ; also stating that three other students, named Maung Tu Gin, Maung Po Tin and Maung Bazañ, *alias* Thazan, who also left schools in Burma without transfer certificates and are reported by the Director of Public Instruction, Burma, to have joined schools in Bengal in an improper manner but who have not yet been traced out, should not be allowed to appear at the Entrance Examination until their cases are decided.

RESOLVED—

That the letter be recorded, and the cases be watched.

476. Read a letter from E. B. Havell, Esq., Principal, Government School of Art and a Member of the Senate, taking exception to the action of the President of the Faculty of Arts at their last meeting in declaring him out of order, while he was speaking to a matter referred to in his letter giving notice of motion, but not included in the motion.

RESOLVED—

That the Syndicate decline to interfere with the action of the President of the Faculty of Arts.

477. The Registrar laid before the Syndicate the Report of Mr. H. M. Percival, Head Examiner, in

English at the F. A. Examination, 1903, which has already been circulated to the Members, and enquired what action was to be taken with regard to Mr. Percival's recommendation that the remuneration to the F. A. Examiners in English should be raised.

ORDERED—

That no action be taken for the present.

478. Read an application from the Head Master, Candrodai English Institution, Jaffna, requesting that the school may be recognised by the University as a High school qualified to send up candidates to its Entrance Examination.

ORDERED—

That the Head Master be requested to furnish the university with a certificate from a Government Inspector of schools or other Government educational authority that the Candrodai English Institution is qualified for recognition as a High School.

479. Read a memorandum from the Offg. Inspector of Schools, Dacca Division, forwarding with his recommendation an application for changing the name of "Baherak Sidheswari School" to "Chachartalā Sidheswari School."

ORDERED—

That the application be granted.

480. Read an endorsement from the Principal, Victoria College, Cooch-Bihar, forwarding an application from Ramanikanta Sengupta, who took his transfer from the 2nd year B. L. class in the Dacca College in September last and, after the vacation in October, failed to take his admission into any College till the end of November, praying that the break in his course of study may be condoned.

ORDERED—

That the application be granted.

481. Read a letter from the Principal, Berhampur College, enquiring whether Bhupendranath Gupta, whose attendance in Physiology in another College in a previous session was deficient by 3 lectures only, may be permitted to take up the subject at the ensuing F. A. Examination,

without attending further lectures in it as is it not taught in the Berhampur College in which he is at present a student.

ORDERED—

That permission be refused.

482. Read a letter from the Head Master, Bhagalpur Madrasa, stating that owing to the prevalence of Plague at Bhagalpur, the Madrasa has been closed and requesting that under the circumstances, the Syndicate will be pleased to exempt the boys from undergoing the usual Test Examination and allow them to appear at the ensuing Entrance Examination on the results of the weekly exercises and the Preliminary Test Examination to which they submitted in November last.

ORDERED—

That, under the exceptional circumstances, the request be complied with.

483. Read a letter from the Head Master, Edward Seminary, Rajshahi, requesting that the students in the 1st class of the Institution, which the Syndicate have declined to recognise, may be permitted to appear at the ensuing Entrance Examination as private students and that they may be allowed, with the consent of the Inspector of Schools, Rajshahi Division, to appear at the Test Examination of the Rajshahi Collegiate School.

ORDERED—

That permission be given, and the Inspector of Schools, Rajshahi Division, be communicated with.

484. Read a letter from the Lady Principal, Bethune College, forwarding an application from two Jewish students of the College, praying that the Examination in Physiology at the ensuing F. A. Examination may not be held on Saturday, the 26th March, which is their Sabbath, nor on any day in the first week of April during which they are prohibited from doing any work on account of the Passover Festival.

ORDERED—

That the Lay Principal, Bethune College, be informed that, under the arrangements already made in view of the Moharrum, the applicant's difficulty will be met.

485. Read an application from Atulchandra Chakrabarti, an unsuccessful candidate at the last F. A. Examination, praying that he may be permitted to appear at the ensuing F. A. Examination as a teacher, on his completing the six months' service required by the Regulations within the date fixed by the Syndicate for sending in applications and fees for admission to the Examination, but not within the date fixed by the Inspector of Schools for countersigning applications.

ORDERED—

That the application be granted.

486. Read an application from Srischandra Bhattacharyya, who has been serving as a teacher in an English school, since the 1st of August 1902, praying that he may be permitted to appear at the ensuing B. A. Examination on furnishing sufficient guarantee that he will continue to work as a *bona fide* teacher till the end of May, 1904.

ORDERED—

That the application be refused.

487. Read an endorsement from the Principal, Presidency College, forwarding a representation from some of the candidates at the recent M. A. Examination in the Natural and Physical Science, Group C., in which exception is taken to the manner in which the Practical Examination in the subject was conducted.

ORDERED—

That no action be taken.

488. Read an endorsement from the Offg. Principal, Ripon College, forwarding an application from Asutosh Banerjee, who after passing the Entrance Examination of the Allahabad University in 1902, has been attending lectures in the Ripon College, praying that he may be permitted to appear at the ensuing F. A. Examination, and enclosing the written permission of the Registrar, Allahabad University, in support of his application.

ORDERED—

That the application be granted.

489. Read a letter from Miss Playne, stating in continuation of her application for admission to the B. A. Examination of this University, the extent of the subjects

which she took up at the Senior Local Examination of the Cambridge University and at the Examination of the Science and Arts Department in England.

ORDERED—

That the Syndicate recommend to the Senate that, as a special case, Miss Playne be admitted to the B. A. Examination of this University, without passing its previous Examinations, on the ground that she has passed not only the Senior Local Examination of the Cambridge University, but also the Examination of the Science and Arts Department in England, at which she took up several additional subjects, and obtained distinction.

490. Read an application from S. C. Singha B. A., (Punjab) requesting permission to appear at the M. A. Examination of this University in Persian.

ORDERED—

That the application be granted, subject to the production of the permission of the Registrar, Punjab University.

491. Read a letter from Dattatraya Woman Paranjpe stating that he has kept up two terms for the Previous Examination of the Bombay University, and enquiring whether he may be permitted to join the 2nd Year F. A. Class of a College affiliated to this University.

ORDERED—

That permission be refused.

492. Read a letter from the Rev. Father F. X. Crohan, S.J., recommending that Aroon Sinha, Joseph R. Cohen and Loius McGuire, who have passed the High School Examination, may be permitted to appear at the F. A. Examination of this University without passing its Entrance Examination.

ORDERED—

That the Syndicate recommend to the Senate that Aroon Sinha, Joseph R. Cohen and Loius McGuire, be permitted to appear at the F. A. Examination of this University, without passing its Entrance Examination, on the ground of their having passed the High School Examination.

493. Read an application from Ramārao Devappa Bailur, an unsuccessful candidate at the L. M. S. degree Examination of the Bombay University, praying that he may be permitted to appear at the 2nd M. B. or the 2nd L. M. S. Examination of this University in 1904 after keeping attendance at the Calcutta Medical College for as many months as possible before that date.

ORDERED—

That the application be refused.

494. Read a letter from the Offg. Principal, Duff College, forwarding for consideration and orders an application from the father of Surendranath Ghosh of the 2nd year class of his College, together with the correspondence between the Inspector of Schools, Rajshahi Division, and Head Master of the Serajganj Banwari Lal School, regarding the entry of age in the student's Entrance Certificate.

ORDERED—

That the application be refused.

495. Read a letter from the Rev. R. C. Smith, Manager, Mission High School, Farrukabad, forwarding certain papers from which it would appear that one S. C. Paul has manufactured a certificate shewing that he has passed the F. A. Examination of this University.

ORDERED—

That the Rev. R. C. Smith be thanked for bringing the case to the notice of this University, and that the case be notified to the sister Universities.

496. Read a circular from the Registrar, Bombay University, notifying that Pianlal Badrinath Bhatt is debarred from appearing at any of the University Examinations until the year 1905.

ORDERED—

To be recorded.

497. Read a letter from the Inspector of schools, Chittagong Division, forwarding, with his recommendation, an application for the recognition of the Satkania High English School.

ORDERED—

That the Satkania High English School be recognised as a High School.

498. Read an endorsement from the Principal, Duff College forwarding an application from Jyotindranath Chatterjee, praying that the deficiency of his attendance in Mathematics by eight lectures be excused, with a view to his admission to the ensuing B. A. Examination.

ORDERED—

That the application be refused.

499. Read a letter from the Presidents, Universal Exposition, St. Louis, and the American Bar Association, requesting this University to appoint representatives to attend the Universal Congress of Lawyers and Jurists to be held in the city of St. Louis, U. S. A., from September 28th to 30th. inclusive, 1904.

ORDERED—

To be recorded.

500. The Registrar inquired as to the procedure to be adopted in admitting candidates for the 1st L. M. S. Examination, who failed at the last Examination and were not permitted to attend further lectures in the Medical College.

ORDERED—

That the Registrar be authorised to admit to the 1st L. M. S. Examination, those candidates whose cases are covered by the Resolution of the senate, dated the 22nd August, 1903.

501. The Registrar laid before the syndicate the following Report of the Board of Examiners for the Griffith Memorial Prize, 1902 :—

We have examined the Essays submitted by the candidates for the Griffith Memorial Prize, 1902, and beg to recommend that the Prize be divided as follows :—two thirds to the author of the Essays on Reciprocation and Double Refraction, and the remaining one third to be divided equally between the author of the Essays on "Parasites in Anopheles" and the author of the Essay on the Decomposition of Mercurammonium salts under the influence of Heat.

The Rev. Father E. Lafont seconded the motion which was carried.

510. Dr. Nilratan Sarkar moved :—

That Surendrakrishna Banerjee and Pulinbihari Sarkar, unsuccessful candidates at the recent Combined Preliminary Scientific and First L. M. S. Examination, whose names have been removed from the Rolls of the Medical College on account of failure at the Examination for successive years, be admitted to the next or any subsequent Combined Preliminary Scientific and First L.M.S. Examination, without further attendance at lectures.

Dr. Suresprasad Sarbadhikari seconded the motion.

Rai Chunilal Basu, Bahadur, opposed the motion. He urged that the admission of the candidates would be detrimental to the interests of discipline. Besides, the non-production of the Certificate required by the Regulations would be an insuperable bar to their admission.

Mr. A. M. Bose pointed out that the Senate had already ordered the admission of candidates in similar circumstances.

The Hon'ble Dr. Ashutosh Mukhopadhyay observed that the Senate could not enforce a condition which had become impossible of fulfilment in the case of the applicants.

The motion was carried.

511. Dr. Nilratan Sarkar moved :—

That Jnanendra Mohan Sen and Jatindranath Mukerjee, unsuccessful candidates at the recent First L.M.S. Examination who have been refused admission to further lectures in the Medical College be permitted to appear at a subsequent First L. M. S. Examination without further attendance at lectures.

Dr. Suresprasad Sarbadhikari seconded the motion which was carried.

512. The Hon'ble Dr. Asutosh Mukhopadhyay moved :—

That Mr. Robert Ayres be admitted to the F. A. Examination of this University without being required to pass its Entrance Examination on the ground of his having passed the Matriculation Examination of the London University.

Mr. A. M. Bose seconded the motion, which was carried.

513. The Rev. Father E. Lafont moved :—

That Denzil Mc Gavin, who passed in England the Preliminary Examination for Medical Students held by the College of Preceptors in December, 1902, and has satisfied the requirements of the General Medical Council for registration as a Medical or Dental student, be permitted to take his admission as a regular student in the Calcutta Medical College without being required to pass the F. A. Examination.

Dr. Nilratan Sarkar seconded the motion, which was carried.

514. The Hon'ble Mr. A. Pedler moved :—

That Mr. A. D. Jayasinha be permitted to appear at the F. A. Examination of this University, without being required to pass its Entrance Examination on the ground of his having passed the Senior Local Examination of the Cambridge University in 1899.

The Rev. Father E. Lafont seconded the motion, which was carried.

515. The Hon'ble Mr. A. Pedler moved :—

"That, as a special case, Miss A. E. Playne, who has passed the Senior Local Examination of the Cambridge University and also the Examination of the Science and Art Department in England, at which she took up additional subjects and obtained distinction, be permitted to appear at the B. A. Examination of this University without being required to pass its previous Examinations."

Mr. A. M. Bose seconded the motion.

The Hon'ble Dr. Asutosh Mukhopadhyay showed from the papers that Miss Playne's qualifications fully warranted the concession in her favour.

The motion was carried.

516. The Hon'ble Dr. Asutosh Mukhopadhyay moved :—

"That Aroon Sinha, Joseph R. Cohen and Louis McGuire, who have passed the High School Examination, may be permitted to appear at the F. A. Examination of this University without passing its Entrance Examination."

Mr. H. M. Rustonjee seconded the motion, which was carried.

517. Dr. Nilratan Sarkar moved :—

'That the following Syllabus in Physiology be adopted for the F. A. Examination :—

1. A general view of—

(A) The anatomy of the animal body as explained by diagrams, including—

(a) The relations of the organs of the animal body,
and

(b) The histology of the elementary tissues.

(B) The application of mechanical principles in locomotion.

2. The chemical constitution of the body.

3. The chemical composition of food.

4. The maintenance of tissue equilibrium in the animal body.

5. The processes of digestion.

Ditto absorption.

Ditto elimination.

Ditto secretion.

Ditto excretion.

Ditto thermotaxis.

Ditto respiration—(internal and external).

6. The phenomena and physics of the circulation of the blood.
7. The general chemistry of the blood.
8. A general knowledge of the anatomy and physiology of the brain and spinal chord.
9. The physiology of the organs of special sense (Skin, Tongue, Nose, Ear, Eye) physically considered.
10. The production of speech.

Dr. Suresprasad Sarbadhikari seconded the motion, which was carried.

518. Maulavi Syed Shamsul Huda moved :—

“That the next F. A. and B. A. Examinations be not held during the first ten days of Moharrum. He said, that the concession made by the Syndicate would only give partial relief, and urged that the Examinations should be timed to begin on the 30th March.

Maulavi Muhammad Yousuff, Khan Bahadur, seconded the motion, which, he observed, made a reasonable demand.

The Hon'ble Mr A. Pedler explained that the Syndicate had already arranged not to proceed with the Examinations during the Gazetted Mohurram holidays and two other days of the Mohurram.

The Hon'ble Dr. Asutosh Mukhopadhyay pointed out that Mr. Huda's motion, if accepted, would, having regard to the Good Friday Holidays, carry the Examinations into the second week of April thus considerably delaying the publication of the results to the prejudice in particular of candidates who intended to join the Medical College or the Civil Engineering College.

Mr. A. F. M. Abdur Rahman said that while his personal feelings were entirely in favour of the motion he realised the difficulties of the situation from the University point of view, and on a reference being made to him by the Registrar for advice, had ascertained from the high priest of the Shiah Community that, if the last three days of the Mohurram were observed as holidays, the Community would have no grievance. The Syndicate had accepted the suggestion, and timed the Examinations accordingly. He would move, however, that from 1905, no Examinations should be held during the first ten days of the Mohurram.

The Hon'ble the Vice-Chancellor declared the motion out of order at this stage.

Mr. Huda's motion, on being put the meeting was lost.

519. The Registrar reported that the syllabus in Practical Physics for the B. Sc. Examination, referred back to the Board of Studies in Mathematical and Experimental Physics by the Senate at their meeting held on the 24th January, 1903, (Minutes for 1902-03, pp. 405-408) was reconsidered by the Board on the 8th August last, when the following Resolutions were passed :—

RESOLVED —

That the Syllabus be not adopted.

RESOLVED ALSO—

That the Practical Examinations in Physics for the B. Sc. Examination in 1906, Pass and Honours, be conducted on the same lines as in 1904 (page 205, Calendar for 1903), except that, in the Pass Course, the following Sections of the book prescribed be added, viz., III, X—XI, XII (omitting corrections), XXI, XXXII—XXXIII, XLII, and except that, in the Honour Course, the following Sections of the book prescribed, be added, viz., XVIII; XX, Exercise I; XXV, Exercises I, II, IV; XXXVI; XXXIX.

RESOLVED FURTHER—

That the Board recommend to the Syndicate that the limits of the Practical Examination for 1906, be prescribed also for 1905, in supersession of the Syllabus announced on pages 209-211 of the Calendar for 1903."

The above Resolutions were adopted by the Syndicate at their meeting held on the 29th August, 1903.

Mr. G. W. Kuchler moved :—

"That the report of the Syndicate with regard to the proposed Syllabus in Practical Physics for the B. Sc. Examination be not adopted, but that the matter be once more referred to the Syndicate for consideration."

Mr. Kuchler observed that the history of the question was calculated to destroy all confidence in the Board as a Board of experts. The Course now prescribed by the Board was grossly inadequate for the B. Sc. Examination. The

text-book was written for the Intermediate Bachelor of Science standard and only a third of it was appointed for the Pass Course, and only a half for the Honours Course. The Practical Physics Syllabus accepted by the Senate for the Engineering Examination aimed at a higher standard. Even the standard required for the Government C. Class Examination was not easier. He hoped that with a re-constituted Senate and a new set of Regulations, the whole scheme for the B. Sc. Examination would be remodelled.

Major D. Prain seconded the motion.

The Rev. Father E. Lafont observed that while, theoretically he was at one with the mover, he would point out that the Study of Experimental Science in this country was still in its infancy and that the conditions legitimately insisted on in England, were not applicable to India. Besides, it should be remembered that students here were overburdened with a large variety of subjects and could not be expected to attain the standard required of students in England with their comparatively limited number of subjects.

Mr. C. Little suggested that Mr. Kuchler and Dr. J. C. Bose who had each been educating the University in the absence of the other with opposite results should now come to a compromise.

The Hon'ble Dr. Asutosh Mukhopadhyay pointed out that Mr. Kuchler's motion, if accepted, could not, at the present stage lead to any practical result. The Course of Studies for 1905 and 1906 had already been appointed, and it was not possible to agree in time to any changes which Mr. Kuchler might desire to effect. He would, therefore, move as an amendment, that the Syndicate be requested to refer the matter again to the Board of Studies, with a view to the preparation of Syllabus for the Examination of 1907.

The Hon'ble Dr. Gooroo Dass Banerjee observed that it was not fair to judge of our standards by comparing them piece-meal with English standards. The subjects of our B.Sc. Examination should be considered as a whole and if our students were required to take up a larger number of subjects, it would hardly do to impose upon them the same standard as was expected of English

Students with a more limited range of subjects. If he believed that our students were not capable of a proper B.Sc. Standard as a whole, he would not have a B.Sc. Degree for them at all.

The Rev. Father F. Lafont seconded Dr. Mukerji's amendment, which was carried, Mr. Küchler consenting.

520. Mr. E. B. Havell moved—

"That the action of the Hon'ble Mr. Pedler, as President of the Faculty of Arts, at the last meeting of the Faculty, in refusing to allow me, after due notice had been given, to discuss the appointment of Mr. E. C. Dozey as an Examiner to the University, was an infringement of the rights of the members of the Senate."

He said that, pursuant to notice given, he moved, at the last meeting of the Faculty of Arts, that the Faculty request the Syndicate to withdraw Mr. E. C. Dozey's book on Model Drawing from the list of text-books. The letter giving notice, had been referred to the Faculty by the Syndicate and placed on the Agenda paper. He continued, "Before I began my remarks I read out the whole letter without any objection being raised by the President, the Hon'ble Mr. Pedler. No objection had been raised by the Syndicate. The whole letter was therefore before the Faculty and I submit I had a perfect right to discuss any part of it. When I began to refer to the appointment of Mr. Dozey as an Examiner, according to the notice, the President interrupted me and ruled that I was out of order without giving any reason." He proceeded: "After the meeting I addressed the Syndicate to enquire under what bye-law, regulation, or section of the Act of Incorporation, a member of the Senate is debarred from calling attention to the appointment of an examiner after he has given due notice in writing of his intention to do so. In reply to that letter I have been informed that the Syndicate cannot interfere with the action of the President of the Faculty of Arts. That Sir, I submit, was not an answer to my question. I did not ask the Syndicate to interfere, I asked for a ruling as to the rights of member of the Senate. I submit that the President of a Faculty has no authority, when a letter has been sent down by the Syndicate for discussion to act as censor and limit discussion to any one part of it. I now ask the Senate to say

whether they are prepared to allow their rights of free discussion to be limited in this way." He concluded: "I think it would be most unfortunate if the members of the Senate surrendered their rights of criticism and if the Presidents of Faculties were given the power to prevent the discussion of opinions which differed from their own. I venture to think, Sir, that the interests of education should never be subordinated to questions of precedent. It cannot be in the interests of education that the Syndicate or Presidents of Faculties should set up a claim to infallibility or to place such an important question as the appointment of Examiners entirely beyond the pale of discussion. I also venture to think, Sir, that I have a special claim to be heard in this matter, and I confess I am at a loss to understand the persistent attempts to ignore the claim. I am not, however, putting the motion forward on personal grounds. I am only asserting the undoubted rights of every member of the Senate, and I believe, the best interests of the University."

Dr. Suresprasad Sarbadhikari seconded the motion.

The Hon'ble Mr. A. Pedler made the following statement which, he said, had been accepted as 'accurate by three members of the Faculty to whom he had referred it:—

"The facts of the case so far as they come within my own knowledge and recollection are as follows:

Mr. Havell in a letter No. 769, dated 4th November, 1903, addressed to the Registrar, Calcutta University, intimating his intention of calling attention to Mr. Dozey's book on Model Drawing which had been adopted by the Syndicate as a text-book for the Entrance Examination. He also proposed to call attention to the appointment of Mr. Dozey as an Examiner, which appointment had, in the usual manner, been made by the Syndicate. Mr. Havell's letter finally stated that he would move that the Faculty request the Syndicate to withdraw Mr. Dozey's text-book from the University list.

The Syndicate's order on Mr. Havell's letter was that it was to be laid before the Faculty of Arts.

The notice convening the meeting of the Faculty of Arts contained the following item:—

"VII. A letter from E. B. Havell Esq., A. R. C. A., Principal of the School of Art and Member of the Senate, giving notice that at the next meeting of the Faculty of Arts he will move that the Faculty request the Syndicate to withdraw from the list of text-books prescribed for the Entrance Examination, the book on Model Drawing by Mr. E. C. Dozey."

Mr. Havell must be presumed to have accepted this as a correct version of the motion he intended to bring before the meeting of the Faculty as he made no objection to or comment on its terms from the 23rd November to the date of meeting on 19th December.

At the meeting Mr. Havell to the best of my recollection commenced his speech by criticising rather severely a large book written by Mr. Dozey and not the book referred to in the motion before the meeting. The Hon'ble Dr. Asutosh Mukerjee called the attention of the meeting to this fact and Mr. Havell was asked by me to confine his remarks to the book which had actually been prescribed by the Syndicate as a text-book. Mr. Havell on resuming his speech proceeded to attack Mr. Dozey's qualifications as an Examiner and his appointment as an Examiner by the Syndicate. Mr. Havell's remarks were very personal and of a character unusual at meetings of this University. I allowed Mr. Havell at first, perhaps, more latitude in his speech than was advisable as I did not wish to again have to ask Mr. Havell to keep to his motion. I was, however, finally compelled to call Mr. Havell's attention to the fact that he was not speaking to the motion on the Agenda Paper and that he was criticising Mr. Dozey and not Mr. Dozey's book. Mr. Havell then remarked he had given notice he would call attention to the appointment of Mr. Dozey as an Examiner by the Syndicate.

I then pointed out to Mr. Havell that specific action of the Syndicate such as the appointment of an Examiner could not be raised in the Faculty of Arts, and that the only body which could review an action of the Syndicate of this kind was the Senate. I referred Mr. Havell for my authority to the Bye-Laws of the University.

The Bye-Law referred to by me is of course No. 13 of those referring to the Syndicate which allows the decision of the Syndicate on any matter whatever to be brought

before the Senate by any member of the Senate at one of its meetings.

There is on the other hand no bye-law which allows any Faculty of the University to review a decision of the Syndicate, and it has never been the custom to allow such an action in the University so far as I am aware.

At my request, therefore, Mr. Havell then confined his criticisms to his views of Mr. Dozey's smaller book which is the Entrance Text-Book and in the end certain resolutions were passed on the subject."

Rai Chünilal Basu, Bahadur said that the statements of facts made by the Hon'ble Mr. A. Pedler were correct.

The Hon'ble Dr. Asutosh Mukhopadhyay pointed out that according to the rules for the conduct of meetings, a speaker was entitled only to speak to the question.

The Hon'ble the Vice-Chancellor said it seemed to him it was unfair that the Senate should be involved in the discussion of such a question. Mr. Havell had had a grievance against the President of the Faculty of Arts. The Hon'ble Mr. Pedler had given the reason for his action and he (the Vice-Chancellor) did not think that the Senate was called upon to pronounce any opinion in the matter. Unless there was a very clear case of infringement or illegality, the decision of the Presidents of the Faculties on points of order should be very scrupulously respected by the Senate and no such decisions should be brought before the Senate for discussion. They had no full report of what took place and it was on two conflicting statements that the Senate were asked to act. It was inconsistent with the independence of the Faculties and the authority of their Presidents to raise a general discussion on these points.

Mr. Havell's motion was then put to the meeting and lost:

525. The Registrar reported that Dr. P. C. Ray having expressed his inability to accept the appointment of Head Examiner in Chemistry at the ensuing F. A. Examination, he had, in anticipation of the sanction of the Syndicate, appointed Mr. W. H. Arden Wood, M.A., F.C.S., F.R.G.S., in place of Dr. P. C. Ray, who had been reappointed an Examiner in Chemistry at the ensuing B. A. Examination as was at first arranged.

RESOLVED—

That the action of the Registrar be approved.

526. The Registrar reported that Pandit Harischandra Kaviratna having declined to accept the appointment of Examiner in Sanskrit at the ensuing F. A. Examination, he had, in anticipation of the sanction of the Syndicate, appointed Babu Bhagabatkumar Goswami, M.A., to act in his place and had appointed Babu Kumudbandhab Chattopadhyay, M.A., to fill up the vacancy in the list of Sanskrit Examiners for the Entrance Examination caused by the transfer of Babu Bhagabatkumar Goswami to the F. A. list.

RESOLVED—

That the action of the Registrar be approved.

527. The registrar reported that Babu Krishnakamal Bhattacharyya, B.L., having declined to set papers in Sanskrit, Group D, for the M. A. Examination in 1904, he had, in anticipation of the sanction of the Syndicate, asked Rai Rajendrachandra Sastri, Bahadur, M.A., to set the papers in the subject.

RESOLVED—

That the action of the Registrar be approved.

528. The Registrar asked the Syndicate to appoint an Examiner to set papers in Zoology for the B. Sc. Examination in 1905, in place of Major R. H. Charles, M.D., I.M.S., resigned and reported that Major A. W. Alcock, C.I.E., M.B., LL.D., I.M.S., to whom the appointment was offered had declined to accept it.

Read a letter from Major A. W. Alcock declining also to accept his appointment as an Examiner in Zoology at the ensuing B. Sc. Examination.

RESOLVED—

That Captain Macgilchrist, M.B., I. M. S., be appointed to Examine papers in Zoology at the ensuing B.Sc. Examination, and to set papers in Zoology for the B.Sc. Examination in 1905.

529. The Registrar reported that in anticipation of the sanction of the Syndicate, he had asked Mr. P. Brühl to set a paper in Physics for the F. A. Examination in 1905 in place of Mr. D. N. Mallik, who had declined the appointment on the ground that he was teaching the subject.

RESOLVED—

That the action of the Registrar be approved.

530. The Registrar reported that, in anticipation of the sanction of the Syndicate, he had appointed Babu Kalipada Basu, M.A., to set papers in Mathematics for the Entrance Examination in 1905 in place of Babu Haran Chandra Banerji, M. A., resigned.

RESOLVED—

That the action of the Registrar be approved.

531. The Registrar reported that Babu Krishnakamal Bhattacharyya having declined to set papers in Sanskrit and Bengali for the Entrance Examination in 1905, he had, in anticipation of the sanction of the Syndicate, asked Babu Nrisinhachandra Mukerji, M.A., B.L., to set the papers in the subjects.

RESOLVED—

That the action of the Registrar be approved.

532. Read a letter from G.F. Walker, Esq., M.A., B.Sc., declining to set papers in Mathematics for the M.A., and Premchand Roychand Studentship Examinations in 1904.

ORDERED—

That R. P. Paranjpye be appointed to set papers in Mathematics for the M.A., and Premchand Roychand Studentship Examinations, 1904, in the place of Mr. G.F. Walker.

533. Read a letter from the Secretary to the Institution of Civil Engineers, London, stating that the Council of the Institution are unable to recognise the First Examination in Arts of this University, as such a step would be

at variance with their view that Examinations to be recognised by them must be *preliminary* to courses of regular study.

ORDERED—

To be recorded.

534. Read an endorsement from the Deputy Secretary to the Government of India in the Home Department, forwarding for disposal two letters from Babu Ramlal Bandyopadhyay and two sets of draft Regulations for the Calcutta University prepared by him.

ORDERED—

589. The Senate was convened for the purpose of conferring degrees.

590. The Hon'ble the Vice-Chancellor having declared the Convocation opened, the graduates of the year were admitted to their respective degrees in the usual manner.

His Excellency the Chancellor then addressed the Convocation as follows :—

Members of the Convocation of the Calcutta University,—I address this assemblage to-day in the unique posi-

tion of a Chancellor presiding for the sixth time in succession at a Convocation of the Calcutta University. But I also occupy the, if possible, still more unique position of the last Chancellor of an old *régime*, addressing the last Senate and the last Syndicate of an era that is about to disappear. There may be some who think that they see in the Vice-Chancellor and myself the two chief executioners, about to admonish their victims before leading them to the scaffold, and who may think that the position is one of some painfulness and restraint. But I can assure this Convocation on behalf of my honourable colleague as well as for myself that we entertain no such feelings. For the patient in our view is in no wise doomed to extinction, but is about to reappear with a fresh lease of life : and the instruments of the sentence hold in their hand not the executioner's axe, but the phial that contains the elixir of a new and happy resurrection. Neither, again, do we regard the old Senate and the old University as passing out of their present existence with any sentence of shame or disgrace recorded against them. On the contrary, if we look back at the forty years of their existence, there is much to be grateful for in what they have done or attempted to do. If they have not yet given higher education to India in any true sense of the term, they have at least made it an aspiration to the best of her sons. Slowly but surely they have raised the standards of national morals, and they have brought to the door of thousands the wisdom and the ideals of the West. But like many implements that have been working for nearly fifty years without a respite, their machinery has grown rusty and obsolete ; they have fallen into a narrow and stereotyped groove of work ; the quality of their output is greatly inferior to its volume, and in too many cases the end arrived at bears little relation to education at all. These are the reasons why we have felt called upon to undertake the task, familiar in every workshop in the world, of taking stock of our plant, of overhauling it, and bringing it up to the needs of the day. There are always persons on these occasions who deprecate this necessary and business-like proceeding, because it involves a shock to some interests, or some prospective risk, or even some positive change. We, however, on whose shoulders the responsibility has been laid, cannot afford to be deterred by these pleas. We must not be rash and hurried

in our procedure ; and assuredly, when I remember myself standing no less than five years ago in this place and announcing the commencement of the task of which we are now approaching the completion—that seems to me about the last accusation which should be brought against us. We must, as far as possible, in a matter of the supreme national importance of education, be open to advice and correction, and must try to carry the community along with us. I say as far as possible because there are always some persons who do not mean to be conciliated, and who cavil and sneer at the very reform which they are one day destined to applaud. That class we may argue with, but we cannot I fear placate. But it is, on the whole, a small one, and I prefer rather to turn to the far wider section of the community with whom it has been my good fortune to come into contact during these five years of strenuous preparation and discussion : to good men engaged in the work or profession of teaching, but eating their hearts out because of the unsatisfactory conditions under which it has hitherto been carried on ; to officials who have seen the administrative side of the system, and are burning to remedy its flaws and abuses ; to non-officials who look rather to the broad results, and have recognised that learning in India is not making the progress that it should, to Native gentlemen who, irrespective of party politics or national feeling, desire to see their countrymen raised higher in the intellectual scale, who feel that, somehow or other, the soul and heart of the people are not giving forth all that they are capable of doing, and who have sufficient independence of thought to realise that, unless Government interferes to set matters right, there will be no setting right at all. All these are the classes from whom I have met with sympathy, co-operation, and support, and I rejoice to think that they, along with the Government of India, are the joint authors and co-sponsors of the projected reforms.

One of these stands out pre-eminent. This is the last occasion upon which our present learned Vice-Chancellor, Mr. Raleigh will fill his place at these Conventions. For four years he has addressed us here annually in words of combined eloquence and wisdom ; and during that time he has presided over the meet-

ings of the Senate with a courtesy and fairness that have assuaged the most contentious tempers, and with a personal knowledge and ability that have lent invaluable guidance to their proceedings. In the whole of the controversy upon which we have been engaged, and of which we are now hearing the end, I have never heard or read of any one who spoke an ill word of the Hon. Mr. Raleigh, any more that I have ever heard him speak ill of any one else ; and when he steps down from his Vice-Chancellor's chair he may do so with the consciousness that his services to the cause of higher education in India have been great and lasting, and that he bequeaths a name than which none will shine with a brighter lustre on the roll of the Vice-Chancellors of this University.

I do not propose to address this Convocation on the present occasion on the provisions of the Universities Bill. That measure is now before the Select Committee of the Legislative Council and in what form it may ultimately emerge I cannot tell. I shall have opportunities of speaking upon the matter and of defending the attitude of the Government, if it requires defence, later on. Nor do I think that the present audience, which contains so many young men who have just taken their degrees, and who have not familiarised themselves with the polemics of public life—at least I hope that they have not—would be altogether the most suitable for the purpose.

I would like, however, to address these young men for a few moments and to ask them and their seniors at the same time—for my remarks will be equally applicable to both—if they have at all realised what it is, or at least what it ought to be, to belong to a University ; and if I can get them to understand this, then they will be in a better frame of mind on some other occasion, when the Universities Bill is being discussed in the Legislative Council or in the Press, to realise what it is that we are struggling for and why we take so much trouble, and are willing to fight so many battles, in the pursuit of our aim.

I daresay that to many of this audience the University means nothing more than the final stage in a long and irksome series of examinations in which they have been engaged ever since they were young boys. It has, perhaps,

something rather grander and bigger about it than any educational institution that they have known before, because it is in the capital of India, and possesses this great hall, and still more because it is the dispenser of the gown and the hood that signify academic rank, and carry with them the coveted initials that are the passport in India to so many places and occupations. But the name, I daresay, suggests to them no other associations; it inspires few ambitions; it is invested with no romance. In hundreds of cases the connection of the student with the University, as distinct from the College where he has attended, is nothing beyond the sheets of paper on which are printed the questions which he is called upon to answer, and the slip of parchment on which he receives the diploma that records his success.

It is because we want to make the University something better and more substantial, better than a mere shell with no kernel inside it, and more substantial than a name, that we have undertaken these reforms. What ought the ideal University to be in India, as elsewhere? As the name implies, it ought to be a place where all knowledge is taught by the best teachers to all who seek to acquire it, where the knowledge so taught is turned to good purposes, and where its boundaries are receiving a constant extension. If I may borrow a metaphor from politics, there is no scientific frontier to the domain of knowledge. It is the one sphere where territorial expansion is the highest duty instead of an ignoble greed. Then the ideal University that we are contemplating should be centrally situated; it should be amply and even nobly housed; it should be well equipped, and it should be handsomely endowed. In these conditions it would soon create an atmosphere of intellectual refinement and culture, a moral quality and influence would spring within it, and traditions of reverence would grow up like creepers round its walls. Thus you see that the ideal University would consist of two aspects. It would be a place for the dissemination of knowledge and the encouragement of learning; and it would further be a human smithy where character was forged in the furnace of experience, and beaten out on the anvil of truth. Which of these two aspects is the more important I need not here discuss. A good deal depends on the state of moral and intellectual develop-

ment of the race that is being educated there, and something also on the needs of the country concerned. But no good University, and certainly no ideal University, can exist without playing both parts.

Now, having drawn my sketch, if you ask me whether we have got this University here, or anywhere in India, the answer is unmistakably, No. We are without the traditions, for the oldest University in India is not yet half a century old; we have not the environment or the atmosphere—they cannot be created in twice that time: we lack the buildings, the endowments, the teachers, the scholarships, the funds. It would be easy for any critic to contend that our Universities are no more than examining boards, our colleges schools of a higher grade, our courses a text-book at one end and a note-book at the other. I would not dispute with him if he went further and said that the pursuit of knowledge for its own sake, or for the training of character, is only in its infancy, and that, while we trim the wick of the intellect with mechanical accuracy, we have hardly learned how to light up the lamp of the soul.

But are we, therefore, to sit still or be dismayed? Are we, not to make a beginning, or to foster such beginning—and I think that it clearly exists—as has already been made? Lord Beaconsfield once said that it is a holy thing to see a nation saved by its youth. Yes, it is; but there is a holier thing still, and that is to save the youth of a nation. I wonder how many of the good people who go to meetings and denounce the Government for ringing the death-knell of higher education in India—and other tropes of that description—pause to think that you cannot ring the death-knell of that which in the true sense of the term has never been born. Is there a thoughtful man in India who does not know that if we go on as we are now doing, education in this country instead of becoming higher must become lower; and that the best education will continue, as now, to be the monopoly of the few, instead of being increasingly diffused among the classes who are worthy of it? Our purpose, therefore, is not destructive but constructive. We have to save the rising generation of India from walking in false paths and to guide them into right ones. No Government can do this by itself, and no law that can be placed upon the Statute Book will

effect it. But Government can provide the opportunity, and the law can supply the means ; and then the responsibility will rest with others, both of your race and mine, for taking advantage of them.

If, then, we have not got the ideal University, and are not in a position by a stroke of the pen to create it, at least let us render it possible in the future. The material is here in abundance ; the teachers are available or can be procured ; the system alone is at fault. I can see no reason why India should not 'one day rise to the conception of a University, not perhaps as advanced as that which I sketched a few moments ago, but immeasurably higher' than anything at present existing in the country ; a University which shall gather around it collegiate institutions proud of affiliation and worthy to enjoy it ; whose students, housed in residential quarters in close connection with the parent University, shall feel the inner meaning of a corporate life ; where the governing body of the University shall be guided by expert advice, and the teachers shall have a real influence upon teaching ; where the courses of study shall be framed for the development, not of the facile automaton, but of the thoughtful mind ; where the professors will draw near to the pupils and mould their characters for good ; and where the pupils will begin to value knowledge for its own sake, and not as a means to an end. I should like to see this spark of the sacred fire that has been brought across the seas lit in one or two places at least before I leave the country, and I would confidently leave others to keep alive the flame.

I think that amid much of doubt and discouragement we may see the signs of better day. The most thoughtful Indians know how urgently it is required. The best Europeans are ready to help it on. Both realise that only by co-operation can the end be attained. It would be absurd to argue that education is a matter for Government only. That is not the meaning of Government supervision or Government control. Education is the interest of the whole people : and under the new system we shall want the co-operation of the Indian just as much as under the old. But it is the best Indian that we shall want just as much as the best European, and, in my view, we shall obtain him. All his ideals are summed up in

making education a reality for his countrymen. Otherwise what will India become? Our interests are the same, for an ignorant India is a discontented India, while the really well-educated Indian is also the best citizen. It is because these truths to me are so self-evident that amid the noisy warfare of words, and even of aspirations, I decline to lose heart, and once more at this last Convocation of the old University elect to take my stand on the platform of confidence and faith. If to any my words seem riddles or the future dark and the way long, let me quote to him our English poet's assurance, which in many much worse storms has given solace to others as it has done to myself—

Say not the struggle naught availeth,
The labour and the wounds are vain,
The enemy faints not, nor faileth,
And as things have been they remain.

If hopes were dupes, fears may be liars,
It may be, in yon smoke concealed,
Your comrades chase e'en now the fliers,
And, but for you, possess the field.

For while the tired waves, vainly breaking,
Seem here no painful inch to gain,
Far back, though creeks and inlets making,
Comes silent, flooding in, the main.

These words contain the hope, the consolation, and the prayer of every man who is struggling for the reform of education in this country.

The Hon. the Vice-Chancellor, then addressed the Convocation as follows :—

Your Excellency, Your Honour, and Members of the University,—Since our last Convocation, the Senate has lost seven of its members by death. I mention them* in the order of their seniority as Fellows. The career of Syed Mahmud belongs to the history of the United Provinces. At our meetings here we shall miss the venerable figure of Dr. Macdonald; his writings preserve for us a part, but only a part, of his curiously minute knowledge of men and things. The life of Babu Hemchandra Banerjee was remarkable in this respect that he won distinction both as a lawyer and as a poet. When Sir William Blackstone deserted Oxford for the Bar he wrote those polished verses entitled *The Lawyer's*

Farewell to his Muse. It was reserved for Hemchandra to show that the labour and strife of a Vakeel's existence need not exclude the cultivation of letters. Rai Radhika-prasanna Mukherjee, Bahadur, was known to your Lordship as an indefatigable worker in the cause of primary education. Vidyaratna U. C. Mukerjee was one of our medical officers in Bengal. Raja Sir Amir Hasan, Khan Bahadur, K. C. I. E., was a leading Taluqdar in Oudh, and a valuable friend to Government in a time of great stress and difficulty. No one in this assembly needs to be reminded of the loss to the University and to the City by the death of Maharaja Sir Narendra Krishna, K. C. I. E.

We lose by retirement four of our European Fellows; and it would not be easy to select four men whose public service would cover a wider field of intellectual effort. Sir John Eliot, a Cambridge mathematician, has organised meteorological inquiry in this country: Mr. Grierson has taken all linguistic knowledge to be his province: Mr. Griesbach knows all that is under the soil of India, and Colonel Hendley all the arts which are cultivated by those who dwell thereon. I look round among the graduates of to-day, and I call for volunteers to fill these four places in the Senate.

I cannot, here and now, make any adequate acknowledgment of your Excellency's kindly and generous reference to myself. The period of my service to the University has been brief, and the service itself has been imperfect. Every academic generation describes itself as a period of transition, and we who have lived through the events of the last four years have some justification for the familiar phrase. It is to me a matter for congratulation and also of regret that the years of my Vice-Chancellorship have been years of much controversy. For congratulation, because life becomes more worth living when one is permitted to take part in the discussion of great issues keenly contested; for regret, because the argument has turned mainly on constitutional changes and it has often led us away from the more directly educational interest of our work. Even on these Convocation days, I have been compelled to make more or less combative speeches, to interpose some necessary explanation or defence of the policy of Government. To-day I wish to ~~put~~ ^{draw} out that controversy on one side. However

widely we differ on questions of policy and method, we are at one in our desire to enlarge the intellectual horizon of our students, to open out the paths of research and inquiry, to make each of the Indian Universities a centre of light and leading for the province to which it belongs.

What, then, is the end and aim of the studies which lead up to the degrees which the University has just conferred? One may say, in the words of John Stuart Mill, that our object is "the formation of capable and cultivated human beings." I would ask you who are now graduates to consider in the first place whether we have succeeded in making you capable men. You who are licensed to practise medicine and surgery—can you advise with the confidence of men who know their work? Can you act promptly and cautiously, and with some reasonable certainty, that you are not endangering the lives entrusted to your care? You who are Bachelors of Law—when some litigant trembling for his property or his reputation puts his case into your hands, do you feel sure of being able to deal with the law and the facts; can you decide what to say in argument, and what prudence or honesty forbids you to say? These are searching questions to put to young professional men, even those of us who have been travelling some time on the highroad of life may admit some doubt as to the answer we should have to give, if we were living in the Palace of Truth. Remember, I am not putting these questions in order to discourage you. You must count on making mistakes at first, but if you be capable men, you will make a limited number of blunders, and never the same blunder twice.

And, again, I would ask you to consider whether the Calcutta University has made you cultivated men. You are Bachelors or Masters of Arts—that may mean only that you remember enough of certain books to pass certain examinations. But have you cultivated friendly relations with the great writers whom you study? Can you digest and assimilate a book, so that the reasoning and the mode of expression become a part of your own mind? Should we discover from the style of your papers, or from your ordinary conversation, that students who go to Calcutta Colleges are making a profitable use of their time? These also are questions not to be answered without reflection. If you have any misgivings, if you know that you have

been thinking too much of examinations and too little of wisdom, I would remind you that you still possess the inestimable advantage of youth. Life is before you, and your studies here have at least given you a kind of sketch-map of knowledge, and indicated the lines which you may follow in your own independent inquiries.

At your age (I am speaking to the new graduates) cultivation is even more important than capacity. You will have to learn your business, whatever it is by practice, but whether you learn it well or ill or may depend upon the extent to which the general powers of your mind have been called out and disciplined. Let me give you a practical illustration. Most students of law know the name of Mr. Joshua Williams, the author of certain well-known books, a learned conveyancer who imparted the elements of his art to a long succession of pupils. Mr. Williams said once that if he had two pupils, one who had spent five years as a junior clerk in a lawyer's office, the other a good Oxford or Cambridge man with no knowledge of law, he would give the University man six weeks to overtake and pass his competitor. If the University has taught you to think, forms and details will fall into their right places and you will seize at once the essential principles of your special subject.

You will not, of course, imagine that I am setting up what is called success in life as the end of education. The whole character of the University would be lowered if it failed to provide a place, and an honoured place, for those abstract kinds of knowledge which cannot be turned into gold mohurs. But even when we apply the utilitarian test, even when we ask which of our students are most likely to attain success, we come round to this, that the man with the best general training is the man who will do us credit in the long run. If we hold firmly to this principle, we have a clue to guide us through what has been called the Conflict of Studies; we perceive that the studies of the University are to be valued and compared as instruments of mental discipline. To give but one example: in the conflict which is always in progress between the friends and the critics of classical education, I should range myself at once and without hesitating on the classical side, because I believe that the English student who receives his training through Greek and Latin, the Indian student

who has made a thorough study of Sanskrit or Arabic, has had the benefit of an intellectual discipline such as cannot be obtained in any other way. Some points I think we must concede to the critics. We may admit that much time is wasted in schools and colleges when the unwilling and the indifferent are forced by mechanical methods through all the intricacies of classical philology. Mr. Arthur Balfour has recently told us that he spent his whole time between the ages of eight and eighteen, on Greek and Latin, and that when he went to Cambridge his chief object was to induce the University to teach him something else. Among the Bachelors of to-day there may be some unwilling Sanskritists who sympathise with this ingenuous confession. But if the time should come when Sanskrit literature is neglected because it is not of immediate use at Calcutta in the twentieth century, the University will be descending to a lower plane and abandoning the high place which its founders intended to claim for it.

In offering this defence of classical studies, I am compelled to challenge the doctrine of an eminent writer, recently lost to the scientific world. Mr. Herbert Spencer, as all his readers know, set but a small value on the studies of our English Universities. He points you to the immense body of facts collected by observation and experiment in modern times, and he tells you that the time has come to turn from the study of words to the study of things. With all respect for the memory of the devoted servant of truth, I venture to say that this is a distinction without a difference. You cannot understand or explain things: you cannot record or communicate or test your knowledge of things, unless by the instrumentality of words. The man who reasons most accurately is the man who gives each word its proper value, and the value of a word is not ascertained by the microscope or the test-tube. History and literature must help us to determine how the word came to mean what it does mean. One might, *salva reverentia*, suggest that Herbert Spencer's own writings afford an illustration of this truth. If Mr. Spencer had gone to Oxford, he would have known fewer facts, he would have written less, but he would have written better, and the foundation of his philosophy would have been more securely laid if he had begun life as a disciple of Aristotle.

Speaking in this place four years ago, I attempted to show that English is, at least from the Indian student's point of view, a classical language. We have to vindicate its position in this regard, for in learning a modern language, one comes to the practical application at once, and the standard of scholarship may suffer. You should not read Burke or Shakespeare as you read the English correspondence in an office ; you must study them as you study a great building, where the general design can only be understood when you have mastered every detail. The problem of literary education is this : how to make our students critical without making them prematurely sceptical ; to put them on their guard against what is false or pretentious, and at the same time to keep alive the whole-hearted admiration which the best work inspires in those who have been taught to understand how difficult all good work is.

I have dwelt at some length on the classical side of higher education, the only side on which I can claim to possess even a student's knowledge of the subject. When I took my degree at Oxford, Natural Science was only beginning to be recognised there, and the University placidly allowed me to forget all the mathematics I had learned elsewhere. I sometimes receive pathetic representations from young gentlemen who would like to see the same easy rule established at Calcutta. With a kind of modest pride they inform me that they are incapable of understanding mathematical propositions. If they knew my intellectual deficiencies, they would no doubt argue that students should not be compelled to cope with difficult subjects of which the Vice-Chancellor knows little or nothing. I have the impression that the mathematical discipline of our Colleges is often much too mechanical ; and this University has not taken pains to make the mathematical part of our curriculum what it ought to be. Subject to that remark, I would ruthlessly dismiss all proposals to dispense with mathematics and science. In the present age of the world, science speaks with authority on matters which are of interest to us as citizens, as professional men, or as officials. A student is not equipped for the intellectual battle of life if he leaves College without even an elementary knowledge of those processes of calculation, mensuration and tabula-

tion which enable us to attain to an exact understanding of the laws of the physical universe.

I have left myself no time to speak of other studies to which the University may extend a protecting and guiding hand. My earnest hope is, that Calcutta may yet do much for the study of Indian history, that she may continue to send out a succession of able men, natives of India, to explore every nook and corner of this vast country, and to speculate soberly on the cause of things; good citizens whose aim it will be to give India a high and honourable place among the countries of the world.

In a short time, I shall resign my office into the hands of the Chancellor and pass into the ranks of ex-Vice-Chancellors. My duties here have been rendered easy and pleasant by the co-operation of my colleagues in the Syndicate; they have deepened and strengthened my friendly regard for the teachers in our Colleges and for the students who live under the shadow of our examination system. If I have any mistakes to confess, or lost opportunities to remember with regret, you will pass that over for the moment, and allow me to wish you all a cordial and grateful farewell.

593. Mr. W. H. Arden Wood moved that the following Syllabus in Practical Chemistry be adopted for the B. Sc. Examination :—

PASS COURSE.

The Bunsen burner. Its construction and use.

To make a wash-bottle.

The Chemical Balance. Its construction and use.

Thermometers and measurement of temperature Boiling-points and melting-points, as determined by ordinary thermometers

Solution and crystallisation. Determination of water of crystallisation.

Air. Its study and composition by volume. Combustion. Davy's safety lamp.

Oxygen. Its preparation and study, experiments to prove that the percentage loss of Oxygen by Potassium Chlorate, and Mercuric Oxide, on being heated under suitable conditions, is constant in each case. Detection of Ozone in air ozonised by means of Phosphorus.

Hydrogen. The preparation and study. Composition of water.

Investigation of ordinary water for Chlorides and Sulphates.

Acids, bases, and salts. Neutralisation.

Nitric acid. Preparation. Oxidising properties. Effect of Nitric Acid upon magnesium, copper, iron, lead, tin, aluminium.

Nitric Oxide and Nitrous Oxide. Their preparation and properties.

Ammonia. Preparation, properties, neutralisation.

Hydrochloric acid. Preparation, properties, neutralisation, and crystallisation of its salts. Effect of Hydrochloric acid on lead, tin, magnesium, iron, copper, aluminium.

Chlorine. Preparation and properties.

Carbon. Carbon dioxide. Preparation and properties. Decomposition by burning magnesium, and examination of products. Relation of carbon dioxide to hardness of water.

Carbon monoxide. Preparation and properties.

Phosphorus. Its modifications and compounds with oxygen and with hydrogen. Phosphoric acid and its modifications.

Sulphur. Its modifications and properties. Action of sulphuric acid on magnesium, iron, tin, copper, lead, aluminium.

Sulphur dioxide. Preparation and properties. Its bleaching action compared with that of chlorine.

Hydrogen sulphide. Preparation and properties. Its use in the separation of metals. Further separation of metals. Further separation of metals by means of ammonia, ammonium sulphide, ammonium carbonate, and phosphoric acid.

The examination of single salts.

HONOUR COURSE.

In addition to the Syllabus for the Pass Course :—

The analysis of substances containing not more than two acids and two bases.

Rev. Father E. Lafont, S. J., seconded the motion, which was carried.

594. The Faculty proceeded to elect a President and Representatives on the Syndicate for the year 1904-1905.

The Hon'ble Dr. Asutosh Mukhopadhyay moved that the Hon'ble Mr. Alex. Pedler be elected President of the Faculty for the year 1904-1905.

The Rev. Father E. Lafont, S. J., seconded the motion which was carried.

The Hon'ble Mr. Alex. Pedler thanked the Faculty for the honour done him for a good many years.

The following members were proposed as Representatives of the Faculty on the Syndicate for the year 1904-1905 :—

The Hon'ble Mr. Alex. Pedler, C.I.E., F.R.S.
 The Rev. Father E. Lafont, S.J., C.I.E., M.I.E.E.
 Babu Mahendranath Ray, M.A., B.L.
 Rai Chundernarain Singh, Bahadur, M.A.
 A. M. Bose, Esq., M.A.
 Maulavi Syed Shamsul Huda, M.A., B.L.
 The Hon'ble Dr. Asutosh Mukhopadhyay, Saraswati, M.A., D.L.,
 F.R.A.S., F.R.S.E.
 A. C. Edwards, Esq., M.A.

The names were ballotted for with the result that—

The Hon'ble Dr. Asutosh Mukhopadhyay	had	31	Votes.
The Hon'ble Mr. Alex. Pedler	"	30	"
The Rev. Father E. Lafont, S.J.	"	28	"

The Rev. Father E. Lafont, S.J., C.I.E., M.I.E.E.,
A. M. Bose, Esq., M.A., and
Maulavi Syed Shamsul Huda, M.A., B.L.,

were, thereupon, declared elected as Representatives of the Faculty on the Syndicate for year 1904-1905.

595. Mr. E. B. Havell asked the following questions :—

I. Has the Syndicate nominated the committee of experts to report upon Mr. E. C. Dozey's text-book on Model Drawing in accordance with the Resolution passed at the last meeting of the Faculty ?

II. If so, will the President state the names of the gentlemen nominated, and what diplomas, certificates, or other qualifications in Art subjects they possess ?

The Hon'ble the President replied as follows :—

The Resolution of the Syndicate, dated 9th January, 1904, was to the effect that Mr. Havell was asked to reduce his criticisms on Mr. Dozey's Book on Model Drawing to writing and that the Book and the criticism be referred to a certain gentleman for an opinion. On receipt of the opinion of the gentleman consulted, it will be open to the Syndicate to take further action.

B. A. EXAMINATION, 1904.

For all Examiners	1st May, 1904.
-------------------	-----	-----	----------------

611. Read a letter from the Director of Public Instruction, Bengal, pointing out that from the special form of application provided on page 21 of the current edition of the University Calendar for the use of Private candidates and marked "for candidates other than students of a High School" as well as from the definition of a High School as a "school recognised by the University as qualified to send up candidates to the Entrance Examination" in a foot-note on the same page, it would appear that candidates from unrecognised schools would come under the category of Private Students, but that the words "A student who does not appear from any school..... will be treated as a private student" in a further foot-note on the same page, seem to contradict this view; and inquiring whether under the circumstance, the definition of a Private Student, as given in the Calendar, limits the meaning to a student who does not appear from any school or whether it extends also to a student of an unrecognised school, and if the extended meaning be accepted, how the existing Regulations are to be interpreted with regard to the three classes of unrecognised schools, *viz.*, (a) those which have not yet applied for recognition, (b) those whose applications for recognition have not yet been disposed of, and (c) those that have been refused recognition.

RESOLVED—

That the question be brought up when the new Regulations are framed.

612. Read a letter from the President, Chanda Jubilee High School, having reference to the charges preferred against the Institution by the Director of Public Instruction, Central Provinces.

ORDERED—

That as the Central Provinces are shortly to be detached from this University, and the Entrance Examination for this year has already been held, no action need be taken with reference to the Chanda Jubilee High School.

613. Read an application from the Joint Principal, University Training Classes, Bombay, requesting that the Institution may be recognised as a high school qualified to send up candidates to the Entrance Examination.

ORDERED—

That the application be refused.

614. Read a letter from the Head Master, Candrodai English Institution, Jaffna, forwarding a certificate from the Acting Inspector of Schools, Jaffna, in support of his application for the recognition of the Institution.

ORDERED—

That the Candrodai English Institution, Jaffna, be recognised as a High School for one year.

615. The Registrar laid before the Syndicate the communications received from the Acting Inspector of Schools, Jaffna, and from the Principal, St. John's College, Jaffna, with regard to the admission of certain candidates at the Entrance Examination as private students, who belonged to the Central College, Jaffna, but were not sent up by the Principal of that Institution on account of their failure at the test Examination.

The Registrar reported that he had informed the Presiding Officer at Jaffna that the candidates above referred to are to be considered as admitted to the Examination under protest and that pending orders of the Syndicate on their case, their answer papers will not be looked over.

ORDERED—

That the answer papers of the candidates in question be not looked over, and their admission fees be refunded.

616. The Registrar reported that the permission granted to a student of the Naldanga Bhushan School named Kalipada Ray, to appear at the Entrance Examination was withdrawn, as it appeared that he was admitted

into the above-named school in contravention of the Transfer Rules.

ORDERED—

That the action of the Registrar be confirmed.

617. Read a letter from the Head Master, City Collegiate School, Mymensing Branch, reporting that Bidhubhushan Sen, who was a student in the Second Class of his school till January, 1903 and who then left the school without a transfer certificate, has been sent up as a candidate for the Entrance Examination from the Edward Institution where he was admitted into the 1st Class in violation of the transfer rules.

The Registrar reported that he had asked the Head Master, Edward Institution, Mymensing, for such remarks he might have to offer with regard to the above allegations and has informed him that the candidate will be regarded as admitted to the Examination under protest and that his answer papers will not be looked over until the case is decided by the Syndicate.

Read a letter from the Head Master, Edward Institution Mymensingh, stating in reply to this office letter No. 2963, dated the 4th March, 1904, the circumstances under which Bidhubhushan Sen was admitted into his Institution without a transfer certificate and forwarding a copy of a Memo. from the Inspector of Schools, Dacca Division, sanctioning the admission of the student into the school.

ORDERED—

That the admission of the candidate in question to the Entrance Examination be sanctioned, and his answer papers be looked over.

618. Read an endorsement from the Inspector of Schools, Presidency Division, forwarding a copy of a letter from the Deputy Inspector of Schools, Calcutta, reporting that Babu Kartik Chandra Chakrabarti, Proprietor of the Town Academy, which was amalgamated with the City Institution about four years ago, has joined the Bowbazar Middle Vernacular School with some pupils and teachers of the City Institution and has started this new school under the name of the Town Academy which was recognized by the University but which practically ceased to exist on its amalgamation with the City Institution.

Read also a letter from Babu Kartik Chandra Chakrabarti, Rector, Town Academy, having reference to the above report of the Deputy Inspector of Schools Calcutta.

The Registrar reported that he had informed the Head Master, Town Academy, that pending decision of the case by the Syndicate, the answer papers of the candidates sent up by him for the Entrance Examination would not be looked over and that they would be regarded as admitted to the Examination under protest.

ORDERED—

That the answer papers of the candidates in question be looked over, but the candidates from both the schools be treated as private students, and the privilege of recognition be withdrawn from both the schools.

619. The Registrar reported that the Inspector of Schools, Orissa Division, having pointed out the improper admission of certain candidates at the Entrance Examination as private students, the permission granted to them to appear at the Examination had been withdrawn and the fees paid by them had been refunded.

ORDERED—

That the action of the Registrar be confirmed.

620. The Registrar reported that on scrutinising the applications of candidates for admission to the forthcoming F. A. Examination, it was found that Evelyn John Hanby, who was sent up from St. George's College, Mussoorie, did not satisfy the conditions laid down in the Regulations regarding attendance, and that consequently the permission granted to him to appear at the Examination was withdrawn and the fee paid was refunded.

ORDERED—

That the action of the Registrar be confirmed.

621. The Registrar reported that Maung Bazan, one of the three Burmese students who were reported against by the Director of Public Instruction, Burma, having been disallowed to appear at the Entrance Examination the fee paid by him had been refunded.

ORDERED—

That the action of the Registrar be confirmed.

622. Read an application from Jogendrakisor Datta, praying that under the circumstances therein stated, he may be allowed to avail himself of the permission granted to him in March 1895 to appear at the B. A. Examination on his attending 66 per cent. of the lectures to be delivered in each of the subjects in the 4th year class during a full session.

ORDERED—

That the application be refused.

623. Read an endorsement from the Principal, Ripon College, forwarding an application from Tribeni Prasad, B.A., (Allahabad), requesting permission to appear at the B. L. Examination of this University.

ORDERED—

That the application be granted.

624. Read an application from N. Sivaprasad Rau, B.A., (Madras), requesting permission to appear at the M.A. Examination of this University.

ORDERED—

That the application be granted.

ORDERED—

That the application be granted.

626. Read an application from Jagadamba Saran Varma, B.A., (Allahabad), requesting permission to appear at the M. A. Examination of this University.

ORDERED—

That the applicant be asked to produce the permission of the Allahabad University.

627. Read an application from Babu Jagabandhu Phani, M.A., requesting that under the circumstances therein stated, he may be permitted to appear at the B. L. Examination without attending lectures in a College.

ORDERED—

That the application be refused.

628. Read an application from Mr. C. H. Ziegler, who after passing the Entrance Examination in 1888 in the first division, has been serving as a *bond fide* teacher, requesting that under the circumstances stated in his application, he may be permitted to appear at the B. A. Examination without being required to pass the F. A. Examination.

ORDERED—

That the application be refused.

629. Read an application from Mr. J. E. Hensman, who after passing the B. A. Examination of the Madras University has undergone a course of three years' study in the College of Engineering, Madras, and has obtained the Diploma of Civil Engineers after passing an Examination held by a Board of Examiners appointed by Government, requesting permission to appear at the B. E. Examination of this University.

ORDERED—

That the application be refused.

630. Read applications from Hemchandra Sen, Sitalchandra De, Burna Chandra Majumdar, and Surendranath Banerjee, whose names have been removed from the roll of the Medical College, Calcutta, on account of their successive failure at the 1st L. M. S. Examination, praying that they may be permitted to appear at the ensuing 1st L. M. S. Examination without further attendance at lectures.

ORDERED—

That the Syndicate recommend to the Senate that the applicants be permitted, under the circumstances, to appear at the 1st L. M. S. Examination without further attendance at lectures.

631. Read an application from Babu Jnanchandra Ray, B.L., Pleader, requesting permission to study in the University Library.

ORDERED—

That the application be referred to the Library Committee.

632. Read a letter from Rāj Jagannāth Baruya, Bahadur, B.A., Fellow of the University, having reference to the appointment of Pandit Gauri Datta Misra as Examiner in Assamese.

ORDERED—

To be recorded.

633. Read a letter from Mohomed Abdul Kadir, forwarding for consideration of the Syndicate a copy of a communication which he addressed to the President of the M. L. 'Jubilee Institution, Calcutta, and in which he took exception to the action of the Head Master of the Institution in refusing to send up his son to the Entrance Examination.

ORDERED—

That the Syndicate decline to interfere.

634. Read an endorsement from the Principal, Pabna Institution, forwarding an application from Mainuddin Biswas, praying that the word "Biswas" after his name be changed to "Ahmed."

ORDERED—

That the applicant be asked to produce an affidavit in support of his application.

635. Read an endorsement from the Head Master, Bhagalpur Madrasa, forwarding an application from Shaikh Abdul Mazaffar, supported by an affidavit made before a Magistrate, requesting that the mistake, made by his nephew, Md. Ismail, in stating his age in his application for admission to the ensuing Entrance Examination may be corrected in the records of this University.

ORDERED—

That the application be refused.

636. Read a letter from the Head Master, South Suburban School, forwarding letters from the fathers of three candidates sent up from the school to the Entrance Examination, requesting that the mistake made by their sons in stating their respective ages in their Entrance applications may be corrected.

ORDERED—

That the requests be not complied with.

637. Read a letter from the Head Master, Bapurao Patbardhan High School, Nagpur, reporting that a student sent up for the Entrance Examination this year, named Nilkanth Rangnath Limaya, died of plague before the commencement of the Examination and requesting that the fee paid by the deceased, may be refunded.

ORDERED—

That the fee be refunded.

638. Read a letter from the Registrar, Teachers' Registration Council, London, requesting that a copy of the Calcutta University Calendar may be annually supplied to his Council.

ORDERED—

That the request be complied with.

639. Read a circular from the Registrar, Bombay University, notifying that Maharendrappa Virupakshappa Kadli, Venkatesh Swamirao Somangar and Venkatesh Raghavendra Somanhal, Private students, having been found guilty of dishonest practices at the last University School Final Examination, are debarred from appearing for any of the University Examinations until the year 1905.

ORDERED—

To be recorded.

640. The Registrar submitted the following draft Rules for the award of the "Beereshur Mittra Medal":—

(1) A Gold Medal, to be called the "Beereshur Mittra Medal," will be annually awarded by the Syndicate, at their monthly meeting in December, to the author of the best Essay in English on some subject (as hereinafter provided for) relating to *Indian Economics*.

(2) The Medal shall bear the University Arms on one side, and the words "Beereshur Mittra Medal, awarded to" on the other, and shall be presented publicly at the Annual Convocation of the Senate for conferring Degrees.

(3) The subject for the Essay for each year shall be specified by the Syndicate, and announced by the Registrar in the official Gazette and in such newspapers as the Syndicate shall think proper, at least one year before the award of the Medal.

(4) The competition for the Medal shall be limited to candidates who have, at any time, been admitted to a Degree in this University.

(5) Each candidate for the Medal shall be required to send his Essay to the Registrar in a sealed cover under a distinguishing motto. The name of the candidate must also be forwarded at the same time in a sealed cover bearing the motto outside.

(6) The Essays in competition for the Medal must reach the Registrar not later than the 1st of October next preceding the award.

(7) An Honorary Examiner shall be appointed by the Syndicate, who shall adjudicate upon the merits of the work submitted by the candidates.

(8) The Medal shall not be awarded to the author of any Essay, unless such Essay furnishes evidence of research or special investigation, or embodies useful suggestions relating to the subject.

(9) The successful candidate shall be required to publish his Essay.

(10) The names of the Medallists shall be published in the *Gazette*, as also in the University Calendar.

(11) If, in any year, no candidate evinces sufficient merit to entitle him to the Medal, the income of the year shall be added to the Fund, and invested accordingly.

(12) The first "Beereshur Mittra Medal" shall be awarded in December, 1904, and Essays for the Medal must reach the Registrar not later than the 1st of October, 1904.

ORDERED—

That the draft rules be accepted, and that action be taken accordingly.

641. The Registrar laid before the Syndicate a thesis entitled "Studies in Vedantism," submitted by Babu Krishnachandra Bhattacharyya, Premchand Roychand student, 1901, as the first instalment of the results of his researches.

ORDERED—

That the thesis be referred to the President of the Board of studies in Mental and Moral science, and Dr. P. K. Ray.

642. Read representations complaining of the Latin Text and Grammar Paper set at the recent Entrance Examination, as too severe for Entrance candidates.

ORDERED—

That the representations be referred to the Moderators in Arts.

643. Read a letter from the Principal, Chittagong College, suggesting that Rule 21 of the Rules for the guidance of candidates may be so modified as not to allow their guardians and friends to enter the Examination Hall on the morning of the first day of Examination.

ORDERED—

ORDERED—

To be recorded.

676. The Registrar laid before the Syndicate a Draft Annual Report.

RESOLVED—

That the Report be adopted and laid before the Senate.

677. Read a letter from Alexander Thomson, Esq., M.A., Professor of Mathematics, Duff College, taking exception to certain questions in the Pass Papers in Mathematics set at the recent B.A., Examination.

The Registrar reported that copies of the letter had been sent to the Examiners concerned.

ORDERED—

That the letter be referred to the Board of Examiners.

678. Read a letter from the Professor of Biology, Presidency College, taking exception to question No. 4 in the First Pass Paper in Botany set at the recent B. Sc. Examination.

The Registrar reported that a copy of the letter had been sent to the Examiner concerned.

ORDERED—

That the letter be laid before the Board of Examiners.

679. Read an application from Bamacharan Chaudhuri stating that his fee-receipt not having reached him, he was unable to appear at the F.A., Examination just over, and enquiring whether under the circumstances he may be permitted to appear at the next F.A. Examination without further service as a teacher and without paying a fresh fee.

ORDERED—

That the permission applied for cannot be granted.

680. Read an application from N. Ponnampalam stating that he could not appear at the Entrance Examination just concluded as his fee-receipt did not reach him in time and praying that under the circumstances the fee paid by him may be refunded.

ORDERED—

That the application be refused.

681. Read a letter from Babu Brajendra Kumar Sen, Teacher, Madaripur H. E. School, enquiring whether Sec. 19 of the new Universities Act will affect the privilege of Private Students and Teachers to appear at the M. A. Examination.

ORDERED—

That the Syndicate are unable to give Babu Brajendra Kumar Sen more definite information than has already been supplied.

682. Read a letter from the Principal, Central College, Jaffna, having reference to the admission of Private Students from Jaffna to the Entrance Examination of this University.

ORDERED—

That, having regard to the practice obtaining in the Ceylon Colleges as now disclosed, the answer papers which were ordered at the meeting on the 12th March not to be looked over be looked over, but that it be notified to the Colleges that the practice must be discontinued, and the Regulations be strictly observed.

683. Read a letter from the Inspector of Schools, Bhagalpur Division, forwarding, with reference to this office letter No. 2966, dated the 4th March, 1904, a letter in original from the Secretary, Old Maldah Coronation School, with the remarks of the Magistrate of Maldah recorded thereon regarding the teaching staff of the School, and stating that under the circumstances, the facts stated by Babu Nares Chandra Sen and others need not stand in the way of the recognition of the School.

ORDERED—

That the Old Maldah Coronation School be recognised as a High School.

684. Read a letter from the Inspector of Schools, Presidency Division, forwarding an application from the Proprietor, "Srikrishna Pathshala," for recognition of the Institution by the University as a High School qualified to send up candidates to the Entrance Examination.

ORDERED—

That the papers be sent back to the Inspector of Schools, Presidency Division, for favour of a fuller report, in keeping with the Rules for the Recognition of Schools.

685. Read a letter from the Inspector of Schools, Presidency Division, forwarding an application for the recognition of the R. K. B. K. Haris Chandra Institution, Raruli, in the District of Khulna.

ORDERED—

That the papers be sent back to the Inspector of Schools, Presidency Division, for favour of a fuller report, in keeping with the Rules for the recognition of Schools.

692. On the motion of the Hon'ble Dr. Asutosh Mukhopadhyay, the Rev. Father E. Lafont, S.J., C.I.E., M.I.E.E., was voted to the chair.

693. The Faculty proceeded to elect a President and a Representative on the Syndicate for the remainder of the year 1903-1904 and for the year 1904-1905 in the place of the Hon'ble Mr. Alex. Pedler who had been appointed Vice-Chancellor of the University in succession to Sir Thomas Raleigh, K.C.S.I., M.A., D.C.L.

The Hon'ble Dr. Asutosh Mukhopadhyay moved that the Rev. Father E. Lafont S.J., be elected President of the Faculty for the remainder of the year 1903-1904 and for the year 1904-1905.

Babu Umeschandra Datta seconded the motion which was carried unanimously.

The Rev. Father E. Lafont, S.J., thanked the Faculty for doing him the honour of electing him as their President. He had, he said, no right to the office except that he had now been an educationist for fifty years. He was not without misgivings as to how far he should be able to discharge its responsibilities, but he was sure that the Faculty would make up for his deficiencies.

694. The Hon'ble Dr. Asutosh Mukhopadhyay moved that Mr. A. C. Edwards be elected a representative of the Faculty on the Syndicate for the year, 1904-1905.

Babu Jogendranath Sen seconded the motion which was carried unanimously.

699. The Registrar laid before the Senate the Accounts of the University for the year ending 30th June, 1903, together with the following letter from the Deputy Secretary to the Government of India, Home Department, forwarding copy of a Report on the audit of the Accounts.

No. 141.

FROM

W. S. MARRIS, Esq.,

Deputy Secretary to the Government of India,

TO

THE REGISTRAR,

Calcutta University.

Calcutta, the 25th February, 1904.

SIR,

I AM directed to forward for your information a copy of a letter from the Comptroller and Auditor General, No. A/89, dated the 5th February, 1904, regarding the accounts of the Calcutta University for the year 1902-1903.

2. The Government of India agree with the Comptroller General's opinion that further investments in Government Securities should be made as the cash balances at the credit of certain funds are unnecessarily high.

I have the honour to be,

SIR,

Your most obedient servant

(Sd.) W. S. MARRIS,

Deputy Secretary to the Government of India.

No. A/89.

OFFICE OF THE COMPTROLLER AND AUDITOR GENERAL, THE TREASURY.

Calcutta, the 5th February, 1904c

FROM

O. T. BARROW, ESQR.,

Offg. Comptroller and Auditor General,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,

Home Department.

SIR,

I HAVE the honour to report that the Accounts of the General Fee Fund, the Reserve Fund and the various Endowment Funds of the Calcutta University for the year ended June 1903, have been audited on my behalf and found correct.

2. The receipts of the General Fee Fund for the year amounted to Rs. 2,69,150-13-1 and the charges to Rs. 2,75,942-11-2 which included a contribution of Rs. 20,152-2-0 to the Reserve Fund. A transfer from the Reserve Fund was made during the year to the extent of Rs. 19,716-7-7, which not only enabled the Fund to wipe off the debit balance of Rs. 4,038-7-7 with which it opened on 1st July, 1902, but placed it in a position to close with a credit balance of Rs. 8,886-1-11 on 30th June, 1903.

3. The Reserve Fund closed on 30th June, 1903, with a balance of Rs. 5,75,000 in Government Securities. The contribution from the Fee Fund together with the interest realised from the investment was utilised for the purchase of Government Securities to the nominal value of Rs. 20,000 and in the transfer of Rs. 19,716-7-7 to the Fee Fund.

4. Under the head Endowment Funds, two new Endowments have been added during the year as follows :—

	(Government Securities)		
Jagatchandra Coronation Fund	400
Kisomohan Harakinkari Fund	4,000

5. The cash balance at credit at some of these funds appears to be unnecessarily high and as the expenses are more than covered by the receipts, I would suggest that further investments in Government Securities out of these balances be made. A list of these funds showing the amount of cash at credit of each is subjoined :—

	Rs.	As.	P.
1. Duff Memorial Fund	...	886	9 10
2. Eshan Scholarship Fund	...	772	4 7
3. Harischandra Prize Fund	...	624	11 8
4. Premchand Roychand Fund	...	5,558	12 8
5. Sibley Scholarship Fund	...	1,822	9 6
6. Tagore Law Professorship Fund	...	12,467	4 6

In this connection attention is invited to para 5 of this office report No. A70 dated 11th December, 1902, and para 2 of letter No. 126 dated 24th February 1903, from the Government of India, in the Home Department to the Registrar of the University.

6. The Bank's safe custody receipts for the Government Securities belonging to all the Funds deposited therein were produced and agreed with the Ledger.

7. Abstract Accounts of the various funds of the University as presented by the Syndicate which were found on audit to be correct are appended hereto.

I have &c.

(Sd) O. T. BARROW.

Offg. Comptroller and Auditor General.

The Registrar reported that the following investments had since been made :—

Tagore Fund	...	Rs. 5,000	0 0
Sibley Fund	...	" 1,000	0 0

and that in view of demands to be met, further investments could not be made out of the balances at credit of the other Funds specified in the Report.

The accounts were passed and the letter and the Report were ordered to be recorded.

700. The following motion was put from the chair and carried :—

That Hemchandra Sen, Sitalchandra De, Purnachandra Majumdar, Surendranath Banerjee, Nalinimohan Chakrabarti, Golam Muhammad and Mahfuzur Rahim whose names have been removed from the Rolls of the Medical College, Calcutta, on account of their failure at the 1st L. M. S. Examination of successive years, be permitted to appear at the next 1st L. M. S. Examination without further attendance at lectures.

701. The Registrar laid before the Senate the Annual Report of the Syndicate for the year 1903-1904.

The Report was received and adopted.

702. The Hon'ble Dr. Asutosh Mukhopadhyay moved that the Board of Accounts for the year 1904-1905 be constituted as follows :—

Babu Gaurisankar De, M.A., B.L.
 Babu Isanchandra Basu, M.A., B.L.
 H. M. Rustomjee, Esq., C.I.E.

Babu Jogendranath Sen seconded the motion, which was carried.

703. On the motion of the Hon'ble Dr. Asutosh Mukhopadhyay, the faculties for the year 1904-1905 were constituted as follows :—

704. Mr. E. B. Havell, laid before the Senate, and drew their attention to three Reports on Mr. E. C. Dozey's "Model Drawing," viz., one from Cecil Burns, Esq., R.B.A., Principal of the Bombay School of Art, another from Percy Brown, Esq., A.R.C.A., Principal of the Mayo School of Art, Lahore, and a third from himself and moved—

(1) That the Senate, having considered the adverse opinions of the three highest expert authorities on art teaching in India, recommend the Syndicate to withdraw the book from the University list.

(2) That the Senate is of opinion that Mr. E. C. Dozey does not possess sufficient qualifications for an Examiner-ship to the University in the subject of this text-book.

Mr. Havell urged, in support of his motions, that the Syndicate had paid no heed to his protests against the text book ; that though, at the request of the Faculty of Arts, they had made a reference in respect of the text-book, they had referred it to a single gentleman, whose name, again, the President of the Faculty would not, when questioned at a meeting of the Faculty, disclose ; that no necessity had arisen for appointing Mr. Dozey as an Examiner in Drawing ; and that the Syndicate had persisted in retaining him as an Examiner, though he (Mr. Havell) had declined to be associated with him as Examiner.

Babu Debaprasad Sarbadhikari seconded the motions, demanding that the error made, should not be persisted in.

Raja Pyarimohan Mukerjee supported the motion pointing out that effect, might be given to them without any inconvenience to the students.

The Hon'ble Dr. Mukhopadhyay moved the following amendment:—

That Mr. Havell's letter be remitted to the Syndicate and that the Syndicate be requested to report to the Senate on the points raised therein.

The Hon'ble Dr. Mukhopadhyay pointed out that Mr. Dozey's "Model Drawing" had been adopted by the Syndicate on the recommendation of the Professor of Drawing in the Civil Engineering College, who, at the time, represented the Faculty of Engineering on the Syndicate. At the request of the Faculty of Arts, the Syndicate had since referred the book, with Mr. Havell's criticisms, to a gentleman for report. This gentleman had not yet submitted his report, and thus the question was still pending before the Syndicate. It was for the Senate to consider whether they should, at this stage, force the hands of the Syndicate by taking such action as Mr. Havell would suggest.

Dr. Gooroo Dass Banerjee interposed that the procedure would be in contravention of bye-law 14 of the Bye-laws of the Syndicate.

The Hon'ble Dr. Mukhopadhyay proceeded to explain the circumstances under which additional Examiners had to be associated with Mr. Havell, who used, at one time, to be sole Examiner, and pointed out that Mr. Dozey's work as an Examiner had been finished.

Mr. H. M. Rustomjee seconded the amendment, which was carried, Mr. Havell accepting it on the understanding that something will be done before the next Entrance Session.

The following list of Schools, which on the average of the three Entrance Examinations held in 1901, 1902, and 1903, failed to pass 20 per cent. of the candidates sent up for Examination, was submitted to the Syndicate at their meeting held on the 4th July, 1903 :—

Bassein Municipal High School.
 Bihar High School, Bhagalpur.
 Calcutta Boys' School.
 Harinarayanpur H. E. School.
 Khidirpur High School.
 Nimta H. E. School.
 Rajagram A. S. School.
 Rayna H. E. School.
 Sekharnagar H. E. School.
 Sohagdal Bell Academy.
 St. James' High School, Calcutta.

The authorities of the Schools in the above list were warned, that if they failed to show better results at the next Examination, the names of their schools would be removed from the list of recognised Institutions qualified to send up candidates to the Entrance Examination.

At the Entrance Examination held in March, 1904, there were 7,421 candidates.

The number of candidates registered for the First Examination in Arts held in March, 1903 was 4,050 of whom 1,321 passed, 2,444 failed, 284 were absent and 1 was expelled. Of the successful candidates, 98 were placed in the First Division, 382 in the Second, and 841 in the Third. Of the 2,444 candidates who failed, 2,062 were rejected in English, 954 in Mathematics, 1,083 in the Second Languages, 1,404 in Physics and Chemistry, and 6 for not obtaining the minimum aggregate, 1,253 in History, 221 in Logic and 842 in the Optional Subjects.

A comparative statement of the number of candidates, the number passed, and the percentage of passed candidates from each Province for the years 1902 and 1903 is subjoined.

At the B. A. Examination held in March 1904 there were 2,231 candidates.

For the B. Sc. Examination held in March 1903 there were 19 candidates of whom 8 passed and 11 failed. Of the successful candidates 1 obtained Second Class Honours in Physics and Botany, and 7 passed.

At the B. Sc. Examination held in March, 1904 there were 14 candidates.

The M. A. Examination was held in November 1903. There were 202 candidates for that degree, of whom 74 were successful, 103 failed, and 25 were absent. Of the 3 candidates who were placed in the First Class, 2 passed in English, and 1 in Natural and Physical Science (C).

The Institutions from which the candidates came up, the subjects of examination, and the number passed are shown in the following table :—

The Examination for the Premchand Roychand Studentship was held this year in Literary subjects. Applications were received from eight candidates four of whom presented themselves for examination. On the result of the examination, a studentship of Rs. 1,400 a year, tenable for two years, was awarded to Adityanath Mukhopadhyay, M. A., of the F. C. of Scotland's Institution and Duff College.

- At the B. L. Examination held in November, 1903 there were 661 candidates, of whom 154 were successful, 51 were absent, and 456 failed. Of the successful candidates, 4 were placed in the First Division and 150 in the Second. On the recommendation of the Board of Examiners, the Syndicate awarded a gold medal to P. Lobo of the Morris College, Nagpur, who stood first in the First Division.

At the Honours-in-Law Examination held in November, 1903, there were 2 candidates of whom 1 was absent and 1 failed.

Honours-in-Law Examination.

For the Preliminary Scientific M. B. Examination held in March, 1903 there were 89 candidates, of whom 10 passed in the Second Division, 5 were absent, and 74 failed. Of the candidates who failed, 35 attained the standard of the Preliminary Scientific L. M. S. Examination.

For the First M. B. Examination held in March, 1903, there were 40 candidates, of whom 2 passed in the First Division, 16 in the Second, and 22 failed.

For the Combined Preliminary Scientific and First M. B. Examination held in March, 1903, there were 15 candidates, of whom 1 passed the Combined Examination in the Second Division, 3 attained the standard of the First L. M. S. Examination and 10 attained the standard of the Preliminary Scientific L. M. S. Examination, and 1 was expelled.

For the Second M. B. Examination held in March 1903, there were 10 candidates, of whom 2 passed in the Second Division and 8 failed.

For the Preliminary Scientific L. M. S. Examination held in April, 1903, there were 85 candidates, of whom 23 passed, 17 failed, 45 were absent.

For the First L. M. S. Examination held in April 1903 there were 160 candidates, of whom 82 passed 60 failed, and 18 were absent.

For the Combined Preliminary Scientific and First L.M.S. Examination held in April, 1903, there were 3 candidates, of whom none passed. One was absent in the Preliminary Scientific L. M. S. Examination.

For the Second L.M.S. Examination held in April, 1903 there were 87 candidates, of whom 24 passed, 58 failed, and 5 were absent.

For the Second L. M. S. Re-examination held in November, 1903 there were 36 candidates, of whom 30 passed and 5 failed, and 1 was not allowed to appear.

For the Preliminary Scientific M. B. Examination held in March, 1904, there were 66 candidates.

For the First M. B. Examination held in March, 1904, there were 25 candidates.

For the Combined Preliminary Scientific and First M. B. Examination held in March, 1904, there were 25 candidates.

For the Second M. B. Examination held in March, 1904, there were 11 candidates.

There were 23 candidates for the First Examination in Engineering, of whom 14 passed in the Second Division, and 9 failed.

There were 26 candidates for the B. E. Examination, of whom 6 passed in the First Division 6 in the Second, and 14 failed.

For the Honours in Electrical Engineering Examination held in January 1904, there was 1 candidate who failed.

On a nomination of the Senate of the Calcutta University and with the sanction of His Excellency the Viceroy and Governor-General, His Honour the Lieutenant-Governor of Bengal, appointed the Hon'ble Babu Bhupendranath Basu, M.A., B.L., to be a member of his Council in the place of the Hon'ble Dr. Asutosh Mukhopadhyay, Saraswati, M.A., D.L., F.R.A.S., F.R.S.E., whose term of office had expired.

S. R. Das, Esq., M.A., Bar-at-Law, Tagore Law Professor for 1903, held an Examination on the subject of his lectures, the Law of *Ultra Vires*. Six candidates presented themselves for the Examination, all of whom passed. On the results of the above Examination, the Tagore gold and silver medals were awarded to G. Sircar, M.A., and Bishnupada Ray respectively.

At a meeting of the Senate held on the 22nd August, 1903, Babu Jogindra Chandra Ghose, M.A., B.L., was appointed Tagore Law Professor for the term of one year from the 1st of November, 1903. The subject of the

lectures, now being delivered by the Professor, is the Hindu Law of Impartible property including the Law of Endowments.

The following alterations have been made in the Scheme of lectures in connection with the Tagore Law Professorship :—

(1) "That in Clause 6 of the scheme for lectures in connection with the Tagore Law Professorship (page 250, Calendar for 1903), 'August' be substituted for 'November.'

(2) The Clause 7 be altered as follows :—"The Professor shall send to the Registrar a complete manuscript copy of his Lectures before the commencement of the delivery thereof, failing which his appointment shall be liable to be cancelled by the Senate on the recommendation of the Faculty of Law. In the event of his appointment being cancelled, the Senate shall take steps for the appointment of a lecturer in his place."

1. The following changes in the Regulations of the University adopted by the Senate at their meeting held on the 23rd August, 1902 have been approved by His Excellency the Governor-General of India in Council :—

(i) Paragraph 2 of the Regulations for the Examination for Honours in Medicine (Calendar for 1903, page 72) has been altered as follows :—

"2. The Examination shall take place annually at such time as the Syndicate may, from time to time, appoint, and shall be conducted by means of written papers and practical tests."

The above change will come into operation at and from the Examination in 1904.

(ii) In the form of application for admission to the Entrance Examination on page 94, Calendar, 1903, after the heading "Entrance Examination," the following words have been added :—

"Form of application to be used only by candidates who appear as students of a High School recognised by the Calcutta University."

(iii) Paragraph 2 of the Regulations for the First Examination in Engineering (page 74, Calendar, 1903) has been modified as follows :—

"Any undergraduate of the University may be admitted to this Examination, provided he has prosecuted a regular course of study in a School of Engineering affiliated to the University for five years after passing the Entrance Examination, or for three years after passing the F. A. Examination."

(iv) The following sentence has been omitted from paragraph 2 of the above Regulations :—

"A student who has passed the B. A. Examination in the B Course shall be admitted to the F. E. Examination after two years' study in a School of Engineering affiliated to the University."

(v) Paragraph 2 of the Regulations for Licence in Engineering (page 79, Calendar, 1903) has been altered as follows :—

“Any undergraduate of the University may be admitted to this Examination on producing a certificate from the Head of an Institution affiliated up to the L. E. standard in Engineering showing that he has prosecuted a regular course of study for one year after passing the First Examination in Engineering.”

(vi) Paragraph 2 of the B. E. Regulations (page 85, Calendar, 1903) has been altered as follows :—

“Any candidate who has passed the First Examination in Arts may be admitted to this Examination, provided he produces a certificate from the Head of an Institution affiliated up to the B. E. standard in Engineering showing that he has prosecuted a regular course of study for one year after passing the First Examination in Engineering.”

(vii) The following revised Syllabus in Mathematics has been substituted for the one given in paragraph 5 of the F. E. Regulations under heading “I.—Mathematics” (pages 74-75, Calendar, 1903) :—

I.—MATHEMATICS.

FIRST PAPER.

Computations and Mensuration.

(a) Practical applications of Arithmetic with special reference to contracted methods.

The theory of logarithms; application of logarithms to arithmetical and trigonometrical calculations, including the solution of triangles and the determination of heights and distances.

(b) Mensuration of plane and solid figures, including the application of Simpson's rules, the prismoidal formula and Guldin's theorems, and not excluding proofs of the formulæ in use.

N. B.—Books of logarithmic tables will be provided for the use of candidates during the examination.

SECOND PAPER.

Algebra, Trigonometry and Plane Analytical Geometry.

(a) Summation of arithmetic and geometric series, and of series, in which the n -th term is an integral function of n .

Binomial, exponential and logarithmic series with easy examples.

Partial Fractions.

(b) Geometrical representation of complex quantities: addition and multiplication of complex quantities; De Moivre's theorem; derived trigonometrical formulæ, including the ordinary formulæ of Elementary Trigonometry.

The expansions and exponential values of $\cos \theta$ and $\sin \theta$; the hyperbolic functions.

Summation of a series of sines and cosines of angles in arithmetical progression, and of other simple trigonometrical series.

(c) Rectangular Cartesian co-ordinates and polar co-ordinates; the analytical geometry of the straight line; equations representing two or more straight lines.

The special forms of the equations of the circle, parabola, ellipse and hyperbola without reference to the general equation of the second degree.

Determination of the asymptotes of a conic given by any equation of the second degree; their use in discriminating the character of the curve.

N. B.—The methods of pure Geometry and of the Differential Calculus will not be disallowed.

THIRD PAPER.

Statics and Dynamics.

(a) Uniform and uniformly accelerated motion. Composition of velocities and accelerations. Relative velocities and accelerations. Projectiles. The laws of motion with simple illustrations, such as the motion of a particle on an inclined plane, motion of two particles connected by a string, uniform circular motion of a particle.

(b) Composition of concurrent and parallel forces acting on a rigid body. Centre of parallel forces; centres of mass. Reduction of any system of coplanar forces acting on a rigid body to a single resultant force or couple; properties of resultant; conditions of equilibrium; statically equivalent system of forces; problems on equilibrium. Friction. Machines.

(c) Impulse of a force; principle of linear momentum for a single particle and for a system of particles; simple cases of impact, including the impact of two spheres whose centres move in the same plane.

Work of a force; principle of energy for a single particle and for a system of particles; application of the principle to the solution of problems.

FOURTH PAPER.

Differential and Integral Calculus.

(a) Differentiation in general, including Leibnitz's theorem, partial differentiation, and differentiation of implicit functions.

Orders of smallness; infinitesimals and differentials. Elementary proofs of Taylor's and Maclaurin's Theorems. Expansions of functions of a single variable.

Evaluation of undetermined forms.

Tangents and normals of curves.

Maximum and minimum values of a function of one independent variable.

(b) Integration regarded as a process of a summation, and as the inverse of differentiation. The standard integrals. Integration by substitution and by parts.

Integration of rational functions. Simple integrals involving trigonometrical functions.

Application of the Integral Calculus to the determination of lengths of curves, areas, volumes; centres of mass and moments of inertia.

N. B.—Special importance will be attached to the performance and the applications of quite simple differentiations and integrations.

The following revised Syllabuses in Chemistry and Physics have been substituted for those prescribed for the

F.E. Examination on pages 75—78 of the Calendar, 1903, under heading "II.—Natural Science." :—

II.—NATURAL SCIENCE.

CHEMISTRY.

1.—General properties and changes of matter in simple common cases. Relation of chemical changes to physical and mechanical changes.

Experimental proofs of the indestructibility of matter.

Elementary forms of matter; compounds and distinction of compounds from mixtures.

Experimental deduction of the principal fundamental laws of Chemistry: equivalents.

Dalton's atomic theory.

Experimental determination of the properties of gases with regard to heat and pressure; Boyle's and Charles' laws.

Experimental determination of the volume relations of reacting gases; law of gaseous volumes.

Deduction from above laws of the probable physical composition of matter; Avogadro's hypothesis.

Distinction between the molecule and molecular weight.

Density, relative density, vapour density, and specific gravity of substances.

Relation between relative density of gases and molecular weights.

Determination of relative density of gases by direct weighing and of vapour density of volatile substances by Dumas' method; deduction of molecular weights.

Relation between atoms and molecules.

Distinction between atoms and atomic weights.

Deduction of the maximum value of atomic weights of element from the molecular weights of their volatile compounds.

Relation between atomic weights and equivalents; valency

Dulong and Petit's law of atomic heats; its use as subsidiary method of determining atomic weights.

Chemical symbols and formulæ; representation of chemical changes by equations. Quantitative meaning of symbols; calculations.

General types of chemical action as illustrated by the experimental work previously done.

II.—Occurrence, preparation, and properties of the elements listed below, and of their simpler compounds:—Hydrogen, Chlorine, Bromine, Iodine, Fluorine, Potassium, Sodium, Ammonium, Copper, Silver, Gold, Calcium, Strontium, Barium, Magnesium, Zinc, Mercury, Boron, Aluminium, Carbon, Titanium, Silicon, Tin, Lead, Nitrogen, Phosphorus, Arsenic, Antimony, Bismuth, Oxygen, Chromium, Manganese, Tungsten, Sulphur, Iron, Nickel, Cobalt, Platinum—considered generally.

A more detailed study of the preparation, properties and determination of the composition of the typical compounds—Hydrogen, Chloride, Water, Ammonia, and Methane.

Salts, bases, acids, and other compounds ; their nature, behaviour on solution and relationship with each other.

General methods for the preparation of Haloides, Oxides, Hydroxides, Sulphides, Sulphates, Nitrates, Phosphates, Carbonates, Carbides, Nitrites, and Hydrides.

The Peroxides and their relation to Ozone and Hydrogen Peroxide.

Double salts, crystallization, water of crystallization.

Isomorphism and its use in controlling atomic weights.

Systematization of Chemical data : the Periodic law, its uses and consequences.

III.—The Phenomena of combustion, explosion, reversible reaction ; dissociation Phenomena.

Thermo-chemical methods of investigation.

Calorimetry.—Heat of combustion, heat of formation, heat of neutralisation, heat of solution.

Exothermal and endothermal reactions.

Allotropy and the Allotropic modifications of the elements, allotropy of metals.

Applications of the principles of thermo-chemistry to the solution of technical problems.

The Ionic theory of solution ; deduction of the laws of dilute solution from thermodynamical data ; derived methods of determining molecular weights ; explanations of chemical reactions based on the Ionic theory, and foundations of Analytical-Chemistry.

IV.—Chemical Technology.

Natural waters : their composition, analysis, and determination of suitability for various purposes. Purification of waters on the large scale.

Preparation on the large scale of (Chemistry of the)—

- (1) Chlorine, hydrochloric acid, bleaching powder.
- (2) Oxygen, red lead.
- (3) Quick-lime.
- (4) Hydraulic lime, Portland cement, glass, soluble glass, porcelain, pottery, bricks.
- (5) Plaster of Paris, alums.
- (6) Sulphuric acid, sodium carbonate, caustic soda.
- (7) White lead, permanent white.
- (8) Tin plate, galvanized iron.
- (9) The setting and hardening of Mortars and Cements.

V.—PRACTICAL CHEMISTRY.

Preparation and demonstration of the properties of the common gases, such as Hydrogen, Oxygen, Nitrogen, Carbon Dioxide, Nitric Oxide, Nitrogen Monoxide, Hydrogen Sulphide, Hydrogen Chloride, Ammonia.

Preparation of the commoner acids, bases, oxides and salts, e.g., Nitric Acid, Calcium Oxide, Calcium Hydrate, Copper Oxide, Ferrous Sulphate, Copper Sulphate, Zinc Sulphate, Sodium Chloride, Ammonium Chloride.

Determination of the relative density and molecular weight of soluble gases.

Determination of approximate equivalents of metallic radicals in the most simple cases, e.g., Copper, Lead, Iron.

Detection of the commoner substances by their physical characteristics.

Qualitative analysis (including blow-pipe analysis) of mixtures containing not more than two acids and two basic constituents (excluding phosphates insoluble in water) from the following list:—

Hydrogen, Potassium, Sodium, Ammonium, Magnesium, Calcium, Strontium, Barium, Zinc, Manganese, Iron, Aluminium, Chromium, Arsenic, Antimony, Tin, Mercury, Lead, Copper, Silver, Carbon, Sulphur, Hydrochloric Acid, Hydrofluoric Acid, Nitrous Acid, Nitric Acid, Carbonic Acid, Silica, Silicic Acid, Sulphuric Acid, Phosphoric Acid.

Qualitative analysis of substances, such as Iron, Brass, Bronze, Solders, Iron Ores, Boiler Scale, Lime-stones, Lime, Cement, Clay, Brick, Paints and Colour washes (for commoner inorganic constituents only).

Simple gravimetric estimations of Calcium, Zinc, Iron, Copper, Silver, Hydrochloric Acid, Carbonic Acid, Sulphuric Acid, and Silica, Commercial analysis of Lime, Lime-stone, and Brass.

PHYSICS.

I.—HEAT.

Expansion of solids, liquids, and gases. Regnault's experiments on the absolute expansion of Mercury and the expansion of gases. Charles' law. Principles of Thermometers. Temperature as measured by the expansion of solids, liquids, and gases. Mercurial thermometers; air thermometers. Thermometers for various purposes. Density of solids, liquids and gases. Absolute temperature. Calorimetry. Correction for radiation. Specific heats of solids and liquids: method of mixture; Bunsen's Ice Calorimeter. Specific heat of gases—at constant pressure, Regnault; at constant volume, Röntgen. Dulong and Petit's law. Changes of state of aggregation. Regulation. Critical temperature; continuity of state. Measurement of heat of fusion and vaporization. Influence of pressure on melting and boiling points. Methods of liquifying gases. Maximum pressure of vapours, Regnault; pressure of saturated steam below and above 100 C. Vapour densities; Dumas', Hoffman's &c. Meyer's methods Hygrometry. Conduction: variable and permanent stages; simple cases of steady flow across a plate and along a bar; Wiedemann and Franz' experiments. Convection. First law of thermo-dynamics. Joule's experiments. Vander Wahl's Theory. Adiabatic transformations. Second law of thermo-dynamics. Cooling of gases by expansion.

II.—STATICAL ELECTRICITY.

Electrification by friction. Electroscopes. Ice-pail experiments. Induction. Electrophorus. Voss and Wimhurst's Influence machine. Electric work and energy. Indicator diagram of electric work. Exploitation of electric field. Potential at any point of the field. Lines and tubes of force. Equipotential surfaces; lines of induction. Measurements of electricity. Attracted disc electrometer; quadrant electrometer. Dimensions. Electrostatic units. Capacity, Condensers; two concentric

spheres; Leyden Jar. Specific inductive capacity. Absolute measurement of capacity; statical comparison of capacities; measurement of specific inductive capacity; standard air condenser.

III.—CURRENT ELECTRICITY.

Chemical and thermal methods of producing currents: Daniell-Grove, Bunsen, Leclanche, Lahande; thermopile; thermo-electric battery. Electrolytic conduction. Electrolysis of fused compounds and of saline solutions. Faraday's laws. The voltameter. Metallic conduction.

Ohm's law. Kirchhoff's laws. Units of resistance. Resistance coils. Wheatstone's bridge. Resistance of battery. Resistance of galvanometer. Electromotive force. Standard cells—Latimer Clerk. Determination of electromotive force; statical method. Poggendorff's compensation method. Relation of electricity to heat; Joule's law. Gaseous conduction. Disruptive discharge. Flow of electricity and flow of electrical energy. Phenomena attendant on the starting, stopping, and varying of a current. Oscillating discharges.

IV.—MAGNETISM.

Fundamental experiments. Magnetic field. Magnetic elements. Declination theodolite; dip circle; magnetometer. Methods of magnetization.

Relation of magnetism to electricity. Oersted's experiment. Tangent galvanometer; Thomson's reflecting galvanometer; Wiedmann's two-coiled galvanometer. Electro-dynamic experiments; the Solenoid. Electro-magnets; types. Permeability and methods of measuring it. Magnetic hysteresis. Magnetic flux, Magneto-motive force, reluctances. The law of traction. Induction of current; Lenz's law. Self-induction. Ruhmkorff's coil. Electro-magnetic units.

V. — RADIANT ENERGY.

Laws of vibrating particle. Harmonic vibrations. Transverse and longitudinal waves. Interference of waves travelling in the same and in opposite directions. Stationary waves. Composition of undulations; elliptical, circular, and rectilinear vibrations. Huyghen principle. Reflection and refraction of thermal, luminous, and electric waves. Velocity of propagation; Foucault and Fizeau's experiments. Plane and spherical mirrors. Refraction. Prisms, minimum deviation. Determination of refractive indices of solids and liquids. Lenses; cardinal points; systems of lenses. Melloni's experiments on radiant heat. Hertz's experiments on electrical radiations. Röntgen rays. Wireless telegraphy. Dispersion. Spectroscope and spectra. Absorption of ethereal waves; diathermancy and athermancy; coloured bodies. Structure of the human eye.

VI.—APPLIED PHYSICS.

1. *Heat*.—Electric pyrometers. Outlines of construction of the double-acting steam engine. Otto's gas engine, petroleum engines, and modern ice-making machinery.

2. *Light*.—The sextant; photometry; telescopes; modern field-glasses; microscopes. Principles of photography.

3. *Electricity and Magnetism*.—Telegraphy. Batteries in common use; signals; sounder; Siemens' inkwriter; Siemens' relay. Lightning-

conductors. Terminals, single and multiple points; earth connection, its importance; the conductor proper; material; form; joints; clips and brackets; ridge circuits; incidental connections; space protected; protection of dwelling-houses, magazines, chimneys, periodical inspection, and testing. The telephone and microphone; electric bells and indicators. Dynamo-electrical machinery. Efficiency, causes of loss of energy. Types of armature. Armature coils and cores. Field-magnets, Pole-pieces, Fieldmagnet coils. Commutators, Collectors, Brushes, brush-holders. Curves of potentials and induction. Reaction of armature and field. Lead of brushes. Methods of exciting field-magnets. Classification of dynamos. Examples.

Transmission of electric energy. Accumulators. Transformers, Airlines, insulators, testing; modes of attaching the wire, material for wire, joints, lightning-protectors. Underground conduits. The three-wire system. Comparison with other methods of transmitting energy.

Motors: construction and application. Electric lighting. Incandescent lamps; arc lamps. Electric welding. Electric measurements and measuring apparatus. The volt. Amperemeters and voltmeters; construction and calibration. Ampere balances. The ballistic galvanometer. The Ohm; resistance coils; the shunts box; Ohmmeters. The Farad and micro-farad. The Watt.

VII.—PRACTICAL EXERCISES.

Measurement of the thickness of plates by the wire-gauge, micrometer, micrometer calliper, cover-glass tester, spherometer.

Determination of the radius of curvature of lenses by the spherometer.

The cathetometer; constructional details; adjustments; measurement of differences in heights; verification of Boyle's law; coefficient of tentional elasticity.

The longitudinal dividing machine: construction; manipulation, its use as a comparator: calibration of thermometer tubes.

The circular dividing machine: construction; manipulation.

The balance: adjustment; weighing by the method of vibrations; comparison and calibration of weights; specific gravity of solids; cross-section of wires.

Moments of inertia.

The barometer: readings and corrections.

Thermometer: comparison; verification of fixed points. Coefficients of expansion,

Hygrometry: absorption hygrometer; dewpoint hygrometers; the psychrometer; Calorimetry: comparison of results.

Calorimetry: correction for loss of heat; specific heat of solids; heat of evaporation; heat of combustion.

Melting and boiling points; distillation.

Study of magnetic fields.

Faraday's Ice-pail experiments; exercises with quadrant electrometer.

Setting up and reading of galvanometers. Ohm's law; Wheatstone's bridge. The meter bridge; insulation resistance by deflection method; resistance of wires by Kelvin's apparatus.

The potentiometer; current and voltage measurements.

Kelvin's balance; current; voltage; wattage.

The balastic galvanometer; determination of constant, dip and intensity of earth's magnetic field by the earth inductor.

Electrolysis: electrolytic current measurement.

Secondary batteries: constructional details and management.

Thermo-electrical experiments.

Exercises at the spectroscope. Photometric experiments. Focal distances of mirrors and lenses.

The following revised Syllabus in Mathematics has been adopted for the one given in paragraph 5 of the L. E. and B.E. Regulations (pages 79-80, Calendar, 1903):—

I.—MATHEMATICS.

FIRST PAPER.

Statics and Dynamics.

(a) Principle of virtual work. Analytical Conditions of equilibrium. Solution of problems in Statics by resolving and taking moments by the principle of virtual work and by graphic methods.

Bending moments. The funicular polygon. The Catenary. Equilibrium of simple jointed frame-works.

(b) Units and dimensions.

Statical equivalence of the externally impressed forces with the effective forces in any system of bodies; the principles of linear and angular momentum; the principles of *vis viva*.

Gravitational Potential energy; potential energy of a stretched elastic string.

Motion under gravity of a particle on a smooth vertical circle and on other simple curves; simple harmonic motion; the simple and conical pendulum.

Motion of a rigid body about a fixed axis; the compound pendulum.

SECOND PAPER.

Hydrostatics.

Nature and general properties of fluid pressure.

Density and specific gravity of a homogeneous mixture.

Relations between pressure, density and force.

Thrust on a plane area. Centre of pressure.

Resultant pressure on an immersed solid on any immersed surface, particularly in the case of a homogeneous liquid at rest under gravity.

Conditions for the equilibrium and for the stability of the equilibrium of a floating body.

Hydrostatic Instruments. Determination of specific gravity. Properties of gases.

The following revised Syllabuses in Natural Science for the L. E. and B. E. Examinations have been substituted for those given on pages 80—83, Calendar, 1903 :—

II.—NATURAL SCIENCE.

Geology.

I.—*Object of Geology.*—Its relations to other sciences. The doctrine of uniformity, its limits.

II.—*Astronomical Geology.*—Information obtained from meteorites and by the spectroscope. Probable history of the earth in its earlier stages of existence.

III.—*Geognosy.*—The globe and its envelopes. Shape and nature of globe; density; probable internal condition; evidences of pressure and internal heat. Persistence of continent ridges and abysmal depressions.

IV.—*Petrography.*—Macroscopic and Microscopic character of rocks. Microscopic elements; their importance for the study of the history of rocks. Microscopic character of quartz, orthoclase, plagioclase, augite, hornblend, olivine, calcite. Essential and accessory constituents. Classification of rocks. Characters and essential constituents of the following rocks.—Lime-stone, quartzite, amphibolite, gneiss, micaceous and chloritic schists, phyllite, granite, granophy, quartzporphyry, eyenite, trachyte, phonolite, obsidian, pumc, nörte, diorite, biobase, dolerite, plagioclase-basalt, sand and gravel, sand-stones, conglomerates, breccias, shale, clay, laterite, tuffs, shellmarl, coral lime stone, chalk, peat lignite, coal, anthracite, graphite, petroleum, asphalt, clay iron-stone.

V.—*Dynamical Geology.*—Volcanic phenomena, description of volcanoes—kind, shape, description, relation to lines of weak resistance and instability. Theories of volcanicity. Hot springs Earthquakes. Secular upheaval and depression. Geological functions of air. Geological functions of water and ice. Chemical and mechanical actions, denudation and depositions. Peculiarities of Indian rivers; glacial erosion; fromation of lakes. Geological functions of plants and animals; coral islands.

VI.—*Petrogenetic Geology.*—Origin of granite, diorite, and basalt. Origin of sedimentary rocks; minerogen, phytogen and zoogen sedimentary rocks; theories on the origin of coal-beds. Origin of laterite. Origin of metamorphic rocks, theories of metamorphism, local and regional metamorphism. Origin of rock-cleavage. Ore deposits. Origin and classification.

VII.—*Architectonic Geology.*—Forms of bedding. Surface-marking. Concretions. Relative strata. Overlap. Groups of strata. Joints. Strike and dip; outcrop; monocline; syncline; anticline. Faults, origin and kinds. Intrusive phase of eruptivity; bosses, sheets, dykes, necks; inter-bedded phase of eruptivity, lavas, tuffs. Unconformability.

VIII.—*Palæontological Geology.*—Object. Conditions for the entombment of organic remains. Preservation of organic remains in mineral masses; fossilizator. Uses of fossils in Geology.

IX.—*Historical Geology.*—Leading principles in stratigraphy. Equivalent strata, absence strata, and formations.

Mineralogy

PROVINCE OF MINERALOGY, ITS RELATION TO OTHER SCIENCES.

I.—Properties of crystals independent of direction. Density and specific gravity. Methods of determining specific gravities; hydrostatic balance; pyknometer, Jolly's balance; floatation methods. Separation of rock-forming minerals by the floatation method.

II.—*Physical Crystallography*.—Elasticity. Relation of coefficient of elasticity to direction. Classification of crystals with reference to elasticity.

Cohesion. Cleavage, fracture, hardness: Mohs' scale.

Optical properties of minerals. Kind and degree of lustre. Double refraction and polarization. Nicol's prism. Classification of crystals according to their optical properties.

Uni-axial and bi-axial crystals. Examination of crystals in parallel and convergent polarized light. Rotation of plane of polarization. Absorption of light; idiochromatic and allochromatic minerals; pleochroism; Haidinger's dischroscope, microscope with one nicol.

Electrical properties. Pyro-electricity. Magnetic properties. Separation of rock-constituents by the electro-magnet.

III.—*Geometrical Crystallography*.—Relation of physical properties to geometrical form. Crystalline form; faces. Planes of reference, axes, parameters, indices; symbols. Law of rationality of indices. Principles of Miller's, Weiss', Naumann's notation. Fundamental form; its selection. Symmetry: planes and axes. Classes and systems. Simple forms and combinations. Closed and open forms; prismatic, tabular, and pyramidal habit. Nature of hemihedrism. The nature of tetartohedrism. Hemimorphism. Crystallographic mimicry. Isomorphism and heteromorphism. Morphotrophism and isogonism Twinning: twinning plane; twinning axes. Contact twins and penetration twins; distinctive features of hemitropes. Crystalline aggregates, druses. Pseudomorphism. Measurement of angles; contact and reflecting goniometers; relative merits.

IV.—*Chemical Mineralogy*.—Calculation of formula. Classification of minerals. Group tests.

V.—*Descriptive Mineralogy*.—A somewhat detailed description of the following minerals :—

Elements.—Diamond, gold.

Sulphides—Pyrite, marcasite, pyrrhotic, galena, sphalerite, chalcopyrite.

Oxides—Corundum, hematite, spinel, magnetite, quartz, cassiterite, limonite.

Oxysalts :—

(a) Carbonates—Calcite, dolomite, siderite, arragonite, malachite.

(b) Sulphates—Anhydrite, barite, gypsum.

(c) Phosphates—Apatite.

(d) Silicates—Tourmaline, epidote, olivine, garnet, muscovite, biotite, talc, serpentine, pyroxene, amphibol, orthoclase, microcline, albite, aligoclase-labradorite, kaolinite.

Haloidsalts—Halite, fluorite.

VI.—*Practical exercises*.—Determination of specific gravities. Use of the scale of hardness. Exercises at the polarization microscope. Measurement of angles by the aid of contact and reflecting goniometers. Blow-pipe analysis. Identification of Indian minerals.

Practical Metallurgy.—

Preparation of common alloys of known composition (and determination of the tensile strength of the alloys prepared).

(Mechanical testing of mortars and cements).

Fire testing of the qualities of clays and brick earths.

Determination of ash, coke, and sulphur in fuels.

Determination of the calorific power of fuels by the Thomson and Hempel calorimeters.

Determination of furnace temperatures by some form of pyrometer.

RESIGNED.

The Hon'ble Mr. J. A. Bourdillon, C.S.I.

The following Institution has been recommended for affiliation in Arts up to the F. A. standard :—

Wesleyan Mission College, Bankura.

Babu Amrital Mukerjee, Sub-divisional Officer, Baraset, made over to the University a 3 per cent G. P. Note for Rs. 500/- for the purpose of creating an endowment, from the interest thereof, for the annual award of a silver medal on the following conditions :—

1. That an annual silver medal be awarded to that successful student who obtains the highest number of marks in Sanskrit at the B. A. Examination from the Presidency and Sanskrit Colleges, provided he gets no other medal in the subject.

2. That the medal be called "The Gangamani Devi Medal" in memory of his late mother Srimatya Gangamani Debya.

The offer was thankfully accepted by the Syndicate at their meeting held on the 21st. Nov. 1903.

R. Mittra, Esq., LL. B., Member of the Senate made over to the University Govt. Securities of the nominal value of Rs 3000/- for the purpose of creating an endowment from the interest thereof for the annual award of a gold medal under the following conditions :—

1. That a gold medal be annually awarded to the author of the best essay on some subject relating to Indian Economics, such subject to be specified and announced by the Syndicate at least one year before the award of the Medal.

2. That the competition for the Medal be limited to candidates who have, at any time, been admitted to a degree in this University.

3. That the Medal be not awarded to the author of any essay unless such essay furnishes evidence of research or special investigation or embodies useful suggestions relating to the subject. The successful candidate must publish his essay.

4. That the names of the Medallists be published in the Gazette as also in the University Calendar.

5. That the Medal be called the "Beereshur Mittra Medal" in memory of his father.

6. That the Syndicate will be at liberty to frame rules with a view to give effect to the object of this endowment.

The Syndicate at their meeting held on the 29th August, 1903, thankfully accepted the offer.

The following rules have been framed by the Syndicate at their meeting held on the 12th March, 1904, for the award of the medal :—

(1) A Gold Medal, to be called the "Beereshur Mittra Medal," will be annually awarded by the Syndicate, at their monthly meeting in December, to the author of the best Essay in English on some subject (as hereinafter provided for) relating to *Indian Economics*.

(2) The Medal shall bear the University Arms on one side, and the words "Beereshur Mittra Medal awarded to" on the other, and shall be presented publicly at the Annual Convocation of the Senate for conferring Degrees.

(3) The subject for the Essay for each year shall be specified by the Syndicate, and announced by the Registrar in the official Gazette, and in such newspapers as the Syndicate shall think proper, at least one year before the award of the Medal.

(4) The competition for the Medal shall be limited to candidates who have, at any time, been admitted to a Degree in this University.

(5) Each candidate for the Medal shall be required to send his Essay to the Registrar in a sealed cover under a distinguishing motto. The name of the candidate must also be forwarded at the same time in a sealed cover bearing the motto outside.

(6) The Essays in competition for the Medal must reach the Registrar not later than the 1st of October next preceding the award.

(7) An Honorary Examiner shall be appointed by the Syndicate, who shall adjudicate upon the merits of the work submitted by the candidates.

(8) The Medal shall not be awarded to the author of any Essay, unless such Essay furnishes evidence of research or special investigation, or embodies useful suggestions relating to the subject.

(9) The successful candidate shall be required to publish his Essay.

(10) The names of the Medallists shall be published in the *Gazette*, as also in the University Calendar.

(11) If, in any year, no candidate evinces sufficient merit to entitle him to the Medal, the income of the year shall be added to the Fund, and invested accordingly.

The first "Beereshur Mittra Medal" shall be awarded in December, 1904, and Essays for the Medal must reach the Registrar not later than the 1st of October, 1904.

Babu Satischandra Mukerji, M.A., made over to the University 3 per cent G. P. Notes of the nominal value of Rs 500/- for the purpose of creating an endowment from the interest thereof for the annual award of a silver Medal on the following conditions:—

(i) That a silver medal be annually awarded to the successful female candidate who obtains the highest marks at the First Examination in Arts.

(ii) That the names of the medallists be published in the *Gazette* and in the University Calendar.

(iii) That the Medal be called the "Woomeshchandra Mukerji Medal" in memory of his father.

The offer was thankfully accepted by the Syndicate at their meeting held on the 6th February, 1904.

Constitution of the Syndicate for 1904-1905. The Syndicate for the ensuing year is constituted as follows:—
